PART I

JUDICIAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Judicial),—dated 6th June 1894.

READ —

The following letter No 3555—127, dated 3rd January 1894, from the Registrar of the Chief Court of Mysore —

I am directed to state that no channel of communication has been prescribed for reports which Magistrates and Courts are enjoined to submit to Government, under Sections 466 and 471 of the Code of Criminal Procedure, regarding Lunatics who may be on trial before them, and that, as in the absence of definite rules on the subject, Subordinate Magistrates may, without impropriety, address the Government direct, and, in view to secure uniformity, it seems desirable that some rules should be framed prescribing the channel through which such reports should pass, I am to suggest that all the reports made by Subordinate Magistrates under the sections referred to above should be submitted through the District Magistrate, and that the latter as well as the Sessions Judges may submit such reports in cases on trial before themselves to Government direct.

No. 21347-58—J. 1494, DATED, BANGALORE, 6TH JUNE 1894.

ORDER THEREON.—Government approve of the suggestion made by the Chief Court in the letter read above, and direct that all reports made for the detention of Lunatics by the Subordinate Magistracy to Government, under Sections 466 and 471 of the Code of Criminal Procedure, should be submitted through the District Magistrate, and that District Magistrates and Sessions Judges making similar reports in cases on trial before themselves, may forward them to the Government direct.

T. ANANDA ROW,
Chief Secretary.

To—The Registrar of the Chief Court of Mysore.
The District Magistrates, for information and communication to Subordinate Magistrates.
The Sessions Judges.

READ again —

Circular No. 2342-9—J. 189, dated the 31st July 1893, requesting Deputy Commissioners of Districts to favor Government with their opinion and suggestions on the question of establishing Sub-Treasuries at Deputy Amildars' Stations.

Also the following replies to the above, *viz* —

1. Tumkur No. 122, dated 9th August 1893.
2. Shimoga No. 113—119, dated 11th August 1893.
3. Hassan No. 133, dated 16th August 1893.
4. Kadur No. 112, dated 17th August 1893.
5. Kolar No. 531—128, dated 17th August 1893.
6. Chitaldroog Nos. 120—99 and 588—506, dated, respectively, 19th August 1893 and 28th February 1894.

8. Bangalore No 357, dated 11th September 1893.

No. 22839-46—J. 1558, DATED, BANGALORE, 20TH JUNE 1894.

ORDER THEREON.—Recorded.

2 The subject of opening Sub-Treasuries will be considered when the Taluk Establishments are revised.

3. No funds can be provided for new Cutcherry buildings for several years to come.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioners of Districts.

Memo No. 22847—J. 1559.

Copy to Mr. V. N. Narasimmaiengar on Special Duty.

1894.

From

The Chief Secretary to the Dewan of Mysore.

To

The Deputy Commissioner, Bangalore District.

General No. 23158—J. 1555, *Dated, 21st June 1894.*

His letter No. 960, dated 16th February 1894, recommending that mortgage bonds executed by officers receiving advances for building houses may be exempted from stamp-duty and suggesting that the registration of the said documents should be insisted on whatever the amount of the advance may be.

In reply has the honor to state that in the opinion of Government exemption from stamp-duty of the documents in question, is unnecessary. They are liable to stamp-duty under Section 18 of Schedule 2 of the Stamp Act.

2. Registration, under the Registration Act, is necessary.

By order,

T. ANANDA ROW,
Chief Secretary.

Memo No. 23159-65—J 1556.

To—Other Deputy Commissioners for information.

REVENUE.

Proceedings of the Government of His Highness the ***Maharaja of Mysore,*** *(**Revenue**),—dated* **6th June 1894.**

READ:—

Letter No. 5367—326, dated 3rd April 1893, from the Excise Commissioner in Mysore, submitting Excise Administration Report of the Mysore State for the official year **1891-92.**

No. 21710-46—R. 2314, DATED, BANGALORE, 6TH JUNE 1894.

ORDER THEREON.—In consequence of the order issued that from **1892-93** the official year should commence on 1st July instead of 1st April, the report under review embraces the transactions of fifteen months ending 30th June **1892.**

2. As fully described in paras 4 and 7 of the report read above, material changes were introduced in the administration of the Arrack and Toddy revenue during the year, which resulted in increasing the revenue without enhancing the selling prices of either toddy or arrack, but the increase of revenue obtained during the year was not large, as the changes were introduced almost at the close of the year, *i. e.*, 1st April **1892.** The full effect of the changes will be noticed in the review of the report for **1892-93.**

3. The revenue derived during the year under the several heads compares with that of the preceding year as shown below:—

No.	Excise Heads.	1890-91 (12 months).			1891-92 (12 months).			1891-92 (15 months).

4. *Arrack.*—It is satisfactory to note that notwithstanding the reduction in the number of shops from 943 to 894, the revenue for twelve months has increased though slightly. But the consumption of arrack in the several Districts varies very widely as shown below:—

No.	Districts.	Population.	No. of Shops.	Consumption of arrack for 12 months.		Consumption per 100 of population.	No. of shops per 1,000 population.
				Quantity.	Revenue.

		49,43,604	894	4,24,511	15,16,674	...	...

The variations in the rates of consumption are no doubt for the most part due to natural causes, such as larger consumption of toddy in some places than in others, the existence in some places of larger numbers of non-drinking castes than in others, and so forth, but there seems also some connection between the number of shops and the revenue realized, the consumption being smaller wherever the shops are fewer. The number of shops is nowhere excessive, and the only doubt is whether they are not too few in some places and do not give room to illicit manufacture and consumption of arrack. The Excise Commissioner is requested to investigate the matter thoroughly, and submit full explanation in the next year's report, as to the causes of the large variations in the several Districts. The consumption of toddy in each District is not now known; but as the information will be available under the arrangements recently made, and as the Census Report gives full details of the numbers of each caste in each Taluk and their drinking habits are well known, Government trust that the Excise Commissioner will not find much difficulty in analyzing the figures next year and arriving at an approximately correct conclusion as to the causes of the variations, and whether they are avoidable or not.

5. *Date Toddy Revenue.*—The toddy revenue contributed by each District during the twelve months is given below:—

No.	Districts.	Population	Revenue.	Percentage.
			Rs.	
1	Bangalore	8,02,994	1,41,000	17·5
2	Kolar	5,91,030	78,680	13·3
3	Tumkur	5,80,786	1,45,000	24·9
4	Mysore	11,81,814	2,85,555	24·1
5	Hassan	5,14,952	71,550	13·8
6	Kadur	3,30,063	33 771	10·2
7	Shimoga	5,27,981	21,110	3·9
8	Chitaldroog	4,13,984	1,10,100	33·8
	Local Cess	...	57,298	...
		49,43,604	9,74,064	...

The number of toddy shops is not given, and the revenue above shown being that paid to Government by the contractors, and not that realized by the contractors from the people, no correct inferences can be drawn from the unequal distribution of revenue which the table given above indicates. Under ordinary circumstances the consumption of toddy and therefore the toddy revenue must be proportionately greater in those Districts in which the consumption of arrack is less. But it is not so. For instance, in Shimoga, both the toddy revenue and the arrack consumption are smaller than that in Kadur, notwithstanding that the population of the former is greater than that of the latter. The matter requires careful investigation. Government hope that the Excise Commissioner will give in his next report a careful analysis of the figures.

6. The other items of Abkari revenue do not call for any special remark.

7. On the whole, the incidence of Abkari revenue in the Province during 1891-92 (twelve months) was as shown below:—

Districts.	Population.	Arrack.	Beer.	Foreign Liquors.	Date Toddy.	Bagani Toddy.	Ganja.	Opium.	Total.	Revenue for every 100 population.

* Approximately estimated with reference to the realizations of fifteen months.

8. In carrying out measures for the protection of Excise revenue, there were 229 against 196 cases detected, and 375 against 193 persons convicted during the twelve months of the year as compared with 1890-91.

9. The cost of the establishments and the net revenue obtained during the twelve months were as follow:—

10. *Sayer.*—The revenue shown under this head consists of two items, *viz.*, the duty levied on Supari and that levied in Municipalities on the articles noted in the margin. The latter amounting to about Rs. 10,000 has been since made over to the Municipalities in which it is levied, and will no longer appear as Provincial Revenue. The duty on arecanuts need not in future be shown in the Excise Commissioner's report, as he exercises no control over it. It will be noticed in the Land Revenue Administration Reports. Government have already in their Proceedings No. 19897-904—R. F. 254-92, dated 22nd May 1893, drawn the attention of Deputy Commissioners to the inequality of the duty levied on Supari in the several Districts.

1. Cocoanut.
2. Betel-leaves.
3. Tobacco.

11. The Excise Commissioner is requested to explain the following discrepancies in the figures given by him:—

(*a*) The arrack revenue for twelve months is given as Rs. 15,12,396, and that of next three months as 4,76,558, total 19,88,954, whereas the total for fifteen months is given as 19,93,232 in page 6, and in statement No. 4 as 19,89,482.

(*b*) The total of three months against Kadur is given in page 5 as 45,304-10-3, whereas the correct total of the details given is 46,304—10—3.

Letter No. 331—267, dated 29th September 1893, and reminder No. 607—505, dated 30th December 1893, from the Deputy Commissioner, Shimoga District, stating that the unexpended balance of Rs. 1,948 out of Rs. 2,000 sanctioned in Government Proceedings D. No. 616, dated 17th August 1892, for advances to Sagavali Kattes for 1892-93, has lapsed to Government and requesting sanction to a further sum of Rs. 2,000 to pay towards the 2nd and 3rd instalments of loans already granted and to comply with fresh applications that may be received hereafter.

No. 21062-3—R. F. 211-92, DATED, BANGALORE, 4TH JUNE 1894

ORDER THEREON.—In continuation of Government Proceedings No. 3704-12—211-92, dated 12th September 1893, the Comptroller to the Government of Mysore is requested to place Rs. 2,000 at the disposal of the Deputy Commissioner of Shimoga for the current year for advances under the Land Improvement Loans Regulation. The Deputy Commissioner is requested to submit monthly reports in the form prescribed in Proceedings No. 8393-406—211-92, dated 15th December 1892, showing the amounts advanced, the expenditure up to date and the balance available for future advances.

The following Demand, Collection and Balance statements of the several Districts of the Province for the nine months ending 31st March 1894 :—

No. 4. Land Revenue.
„ 5. Casual Land Revenue.
„ 2. Sayer Collections.
„ 9. Miscellaneous Collections.

No. 21370-78—R. F. 44-93, DATED, BANGALORE, 7TH JUNE 1894.

OBSERVATIONS.—The accompanying statements Nos. I, II, III, IV, V and VI prepared in this Office show the Demand, Collection and Balance under the heads "Land Revenue," "Forests," "Sayer," "Salt," "Mohatarfa" and "Miscellaneous Collections" respectively, for the nine months under review, as compared with the corresponding period of last year.

2. *Land Revenue.*—The figures for the whole Province are as follow :—

	Total Demand including arrears.	Total Collections.	Remissions.	Balance.
1892-93 (nine months)	61,13,282	51,39,426	1,16,510	8,57,346
1893-94 (nine months)	58,06,421	53,67,262	19,978	4,19,181
Difference	—3,36,861	+ 2,27,836	—1,26,532	—4,38,165

The percentage of Balance in the entire Demand in the several Districts has been as shown below :—

	District.	1892-93.	1893-94.
1	Mysore	16·2	10·8
2	Shimoga	12·6	10 4
3	Kadur	16·6	10· 1
4	Hassan	8·2	8·06
5	Kolar	11·6	6· 4
6	Tumkur	15·2	2 5
7	Bangalore	22·1	2· 1
8	Chitaldroog	3·3	1 1

Mysore is the most backward District in the matter of Collections, and there is also a decrease of Rs. 69,675 in the current year's Demand of that District ; the cause should be explained. The Collections in Chitaldroog, Bangalore and Tumkur are very satisfactory.

3. The Collections given by the Deputy Commissioners differ from the figures given by the Comptroller as shown below :—

District.	As per Deputy Commissioner's.	As per Comptroller's.	Difference.
Tumkur	6,67 575	6.67,483	+ 72
Mysore	8,61,365	8,61,376	+2,989
Hassan	6.47 668	6.46,508	+ 1,160
Shimoga	8,33,880	8.34,080	—200
Kadur	5,56,292	5,54.677	+1 615

It is not clear why this difference should exist, seeing that the Collections given in Deputy Commissioners' returns are certified to by Treasury Officers

concerned. The Comptroller is requested to report whether some arrangement cannot be made by which such differences can be avoided. The figures should be reconciled before the end of the year.

4. *Forests.*—The decrease of Rs. 17,170, 24,349, and 5,824 under Current Demand in the Districts of Bangalore, Hassan and Chitaldroog respectively, calls for explanation. The uncollected Balance at the close of the month was large in the Districts of Bangalore (Rs. 48,306), Mysore (Rs. 84,941) and Hassan (Rs. 29,982).

5. *Sayer.*—Rs. 2,755 is shown as the Balance to be collected. Government do not understand how there can be any Balance under this head, since supari is not allowed to pass before the payment of duty. Probably the Balance represents the duty on goods detained pending the payment of duty. It should be explained how the Demand has been determined. Government have reason to believe that a great deal of supari escapes duty in Districts other than Kadur and Shimoga (*Vide* Government Proceedings No. 19897-904—R. F. 254-92, dated 22nd May 1893), and the Government trust that the Deputy Commissioners are adopting proper measures to prevent smuggling.

6. *Mohatarfa.*—The arrears outstanding in the Kolar and Mysore Districts are heavy, being Rs. 18,599 and 13,001 respectively.

7. *Miscellaneous Collections.*—In the Mysore District, a very heavy decrease of Rs 31,686 is noticeable under Current Demand. The Balance to be collected is also large ; reason should be explained.

Chief Secretary.

Letter from First Assistant to the Resident in Mysore, No. 1788—36-88, dated 21st May 1894 with its enclosure (Circular from the Under-Secretary to the Government of India, Revenue and Agricultural Department, No. 19—41, dated 19th April 1894).

In continuation of my letter No. 4299—36-88, dated the 13th December 1893, I am directed to forward, for information and guidance, a copy of a Circular* from the Government of India in the Revenue and Agricultural Department, prescribing that the maund referred to in Table B of the returns of Agricultural Statistics should, in the returns for the year 1893-94 and all future years, be the maund of $82\frac{2}{7}$ lbs.

* No. 19-41, dated 19th April 1894.

CIRCULAR.

The replies to this Department's Circular No. 55—95, dated 23rd September 1893, indicate that there is no objection to the employment of the maund of $82\frac{2}{7}$ lbs as the basis of the price statement—Table B—in the returns of Agricultural Statistics submitted to this Department. The Government of India, therefore, desire that the maund referred to in that statement should, in the returns for the year 1893-94 and all future years, be the maund of $82\frac{2}{7}$ lbs.

No. 21863-70—R. 2334, DATED, BANGALORE, 12TH JUNE 1894.

ORDER THEREON.—Communicated to the Deputy Commissioners of Districts with a request that the maund referred to in Table B of the returns of Agricultural Statistics may be, in the returns for the year 1893-94 and all future years, calculated at $82\frac{2}{7}$ lbs. instead of 80 lbs. as at present.

Letter No. 881, dated 8th March 1894, from the Secretary to the State Life Insurance Committee, submitting a copy of Resolution VII (1) passed by the Committee on the 7th idem as to the further compulsory insurance of the life of Policy-holder No. 232, an 'old servant', on receipt of an increase to his salary, and soliciting orders of Government thereon.

No. 22686-720—R. 2409, DATED, BANGALORE, 21ST JUNE 1894.

ORDER THEREON.—When an 'old servant' (*i. e.* one who entered the service before the State Life Insurance Rules came into force) elects to insure, he must be presumed to have accepted liability for further insurance on promotion. To adopt any other rule will lead to some confusion.

2. In the present case, however, the Policy-holder referred to may be allowed, as a special case, to disconnect himself from the State Insurance, and the Committee may submit any recommendations they may wish to make in the matter.

Letter No. 153, dated 10th August 1893, from the Deputy Commissioner, Bangalore District, pointing out the necessity for early repairs to Nelligunte tank, Registered No. 82, the revenue of which is less than Rs. 300, with a view to ensure the safety of Kolatur tank situated below it, and stating that the raiyats whose duty it is to undertake the said repairs, plead their inability to do so.

No. 22873-81—R. F. 286-92, DATED, BANGALORE, 22ND JUNE 1894.

ORDER THEREON—The general rule is that when the raiyats concerned refuse to do earth-work to a minor tank requiring to be repaired, its repair by Government at its own exclusive cost can be undertaken only in the indefinite future.

2. Whenever the raiyats are willing to do the earth-work, the Government will *at once* do any masonry and stone work required.

3. In the case of minor tanks, the raiyats' duty in regard to *annual* maintenance should be duly enforced, so that a tank needing repair should not become worse and worse year after year, from want of the ordinary annual repairs.

4. Where such annual maintenance is regarded as insufficient for the safety of tanks below, or of a railway line, the Deputy Commissioner should bring the matter to the notice of the Executive Engineer, forwarding at the same time, a copy of his opinion to the Secretary to the Government, Public Works Department. Thereupon the Department of Public Works will make careful enquiry, and decide if the repair should be at once taken in hand as an exception to the ordinary rule (see para 1 above), for the safety of other Government tanks or a railway line, and needful action will follow such decision.

5. In the case of the Nelligunté tank, the subject of the present reference, the Deputy Commissioner will follow the rule laid down in the last preceding para.

T. ANANDA ROW,
Chief Secretary.

To—The Secretary to the Government of Mysore, Public Works Department, with spare copies for distribution to Executive Engineers.
The Deputy Commissioners of Districts, with spare copies for distribution.

L. B. B.—MUNICIPAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 11th June 1894.

READ:—

The following extract from letter, dated 27th March 1894, No. 617, from the President of the Mysore City Municipality.

2. It will be seen from para 2 of Government No. 11509-19—L. F. 158-92, dated 14th January 1893, that the system obtaining in the Bangalore Municipality of levying the duty on excisable articles as soon as they are imported for consumption within Municipal limits, has been directed to be adopted in all the Municipalities. By following this procedure, a person who imports a large consignment of tobacco, which pays a higher duty than other excisable articles, will have to take the consignment to his house or shop after paying the duty thereon, and to keep it in his possession for any length of time he may wish under the pretext of selling it.

3. There is no rule in Mysore requiring the dealers in tobacco and cheroots to keep accounts of receipts and expenditure, and, if they are allowed to keep a large stock in their premises, unscrupulous men have opportunities to smuggle tobacco and cheroots and mix them up with the old stock without giving a chance of detection of their dishonest practices.

4. The present practice of allowing the consignees to leave consignments in the Sayer Cutcherry after weighing them, and remove them in small quantities paying duty only on such portions as may be removed from Sayer Cutcherry, until the whole consignment is exhausted, is most advisable, because the consignees may then conveniently bring the consignments within the Municipal limits, instead of secretly keeping the bulk in some places beyond its limits, and also because their action can be better watched and fraud possibly detected. In point of fact, this is the practice really obtaining in the Bangalore Municipality, as will be seen from the President's letter No. 57, dated 25th April 1892, (printed at page 3 of the Government order), although it is not distinctly stated so in the order itself.

No. 21386—L.F. 106-92, DATED, BANGALORE, 11TH JUNE 1894.

ORDER THEREON.—Para 2 of Government order dated 14th January 1893, No. 11509-19—L.F. 158-92, was not intended to abolish the practice of allowing the storage of tobacco in Bonded Warehouses by such persons as do not wish to pay the full duty at once, and of levying duty on such quantities as are removed from time to time for consumption within the Municipality. The practice in Mysore may therefore continue; but if the owners wish to remove the whole quantity imported, paying full duty thereon, they should not be prevented from doing so.

Letter, dated 4th May 1894, No. 353, from the President of the Bangalore City Municipality, submitting the explanation called for in Government Proceedings, dated 28th March 1894, No. 16280-4—L. F. 272-93, in regard to the Budget Estimates of the Bangalore City Municipality for 1893-94.

2. Letter from the same Officer, dated 8th May 1894, No. 354, submitting re-appropriation statement and requesting a supplemental grant for roads.

No 21989-92—L. F. 11-93, DATED 18TH JUNE 1894.

RECEIPTS.

ORDER THEREON.—

(*I*) *Octroi.*—As Government share of Octroi on Sayer articles was made over to the Municipality in Proceedings, dated 6th October 1893, No. 27-32, the estimate under this head is proposed to be raised by Rs. 4,745 as per particulars given in the margin; but the President should explain why the increase under the head Betel-leaves is estimated at Rs. 60 only, while the estimates under other items are much larger. Pending explanation, the estimate will stand.

		Already sanctioned.	Estimates, Now proposed	Increase.
1.	Fresh Cocoanuts	2,845	5,625	2,780
2.	Dry Cocoanuts	950	1,780	830
3.	Betel-leaves	8,850	8,910	60
4.	Tobacco	12,300	13,375	1,075
5.	Storage and Rahadari Fees	55	55	...
	Total...	25,000	29,745	4,745

2. (*X*) *Miscellaneous.*—The estimate under "(*m*) Contribution" will be raised by Rs. 2,000, that being the additional grant made by Government for the maintenance of suburban roads. The total estimate under this head will be Rs. 23,476.

3. (*XII*) *Grants-in-aid.*—A sum of Rs. 7,936 having been specially * sanctioned from Provincial Funds on account of drinking water wells in the Bangalore City Municipality, the President proposes to raise the estimate from Rs 3,060 to Rs. 10,996. This is approved.

* Proceedings, dated 17th January 1894, No. 11558-9—L. F. 106-93.

4. The President in his letter, dated 8th May 1894, No. 354, states that judging from the actuals up to the end of April 1894, the receipts under the heads noted in the margin are likely to exceed the estimates by Rs. 9,086. The estimates will accordingly be raised by that amount.

		Rs.
III.	(*a*) Liquor License fees	5,440
X.	Miscellaneous—Refunds	1,765
	(*b*) School fees	1,185
	(*g*) Sale of manure	696
	Total	9,086

5. The total estimated revenue under all heads including the sums sanctioned in Proceedings, dated 28th March 1894, No. 16280-4—L. F. 272-92, is Rs. 1,41,853.

EXPENDITURE.

6. (*II*) *Head Office.*—Including the sum of Rs. 300 already † sanctioned for advertisement charges and excluding the reduction made in Proceedings, dated 28th March 1894, No. 16280-4—L. F. 272-92, the sanctioned estimate under this head amounts to Rs. 10,403.

† Proceedings, dated 28th March 1894, No. 16280-4—L. F. 272-92.

7. (*IV*) *Conservancy.*—The President explains that the nine temporary Sweepers ordered to be absorbed in the twenty additional hands, are men employed for years though without formal sanction and are necessarily in addition to the twenty hands. The provision of Rs. 546 made for them will therefore be retained. They should be brought on the list of permanent hands.

8. (*VIII*) *Public Works.*—Including the sum of Rs. 4,827 sanctioned in Government Proceedings, dated 11th December 1893 and 24th March 1894, Nos. 9031-2—L. F. 11-93 and 15985-6—11-93, a supplemental grant of Rs. 13,357 is applied for under this head. It is not explained why the increase has become necessary. The present estimate will however be passed. Including the

transfers proposed, which are approved, the details of the estimate are as shown below :—

9. (*IX*) *Charitable Grants—Langarkhana.*—The President explains that the sum of Rs. 2,000 sanctioned on account of this institution is insufficient and recommends that it may be raised to Rs. 2,600, as that sum is actually required for the existing recipients of charity. The estimate is sanctioned, but the President will be requested to reduce the charges under this head gradually to the sum of Rs. 2,000.

10. (*IX*) *Anna-Chattram.*—In accordance with the scale of charges sanctioned in Government Proceedings, dated 26th February 1894, No. 1427-4—421-92, the estimated expenditure of this institution will be raised to Rs. 1,657 as per particulars given in the margin.

Charitable Grants" including the sum sanctioned for a cook for European patients in the Bangalore Maternity and excluding the sums disallowed in the Proceedings, dated 23rd September 1893, No. 5416-9—L. F. 11-93, thus amounts to Rs. 17,369 and not Rs. 18,007 as shown in the statement given by the President.

13. (X) *Education.*—The amount already sanctioned under this head is Rs. 10,931. Adding to this the increase sanctioned on account of stationery for the Kannada Boys' school, the total estimate is Rs. 10,913.

14. (*XI*) *Miscellaneous.*—Including the pay of a servant sanctioned for a garden near the Cenotaph and for the well close by, the amount sanctioned under this head is Rs. 2,520.

15. The estimated receipts and expenditure of the Municipality for **1893-94** as finally sanctioned stand as shown below:—

No. 21222-6—L. F. 233-93, DATED, BANGALORE, 8TH JUNE 1894.

ORDER THEREON.—Government resolve to review the District Fund Budget Estimates of the Kadur Circle for 1894-95.

2. The estimated receipts for 1894-95 amount to Rs. 53,098 against Rs. 51,974, the actuals of 1892-93, and Rs. 51,060, the sanctioned estimate for 1893-94 as, shown below :—

VII	Contributions	659	1,990	660
IX	Miscellaneous	1,375	20	120
	Total ...	51,974	51,060	53,098

3. (*I.*) *Seventy-six per cent of Local Cess.*—The increase under this head compared with the actuals of 1892-93, should have been explained. It is however small and the estimate is passed.

4. (*II.*) *Sale of Stray Cattle and* (*III.*) *Fines for cattle Trespass.*—The estimates under these heads represent gross receipts from cattle-pounds including remuneration to pound-keepers and fees collected for fodder charges, whereas the actuals represent only the net revenue after deducting these charges from the total collections. Hence the apparent increases in the estimates, which are sanctioned.

5. (*IX.*) *Miscellaneous.*—The decrease in the estimate compared with the actuals of 1892-93 is only nominal, inasmuch as the latter included an item of Rs. 1,251, being the unexpended balance of the amount drawn for expenditure and credited to the Treasury on the last day of the year. The estimate is passed.

6. *Opening balance.*—No balance is given in the Budget statement submitted by the Deputy Commissioner, as the whole amount available is expected to be spent during 1893-94. The sum available for expenditure during 1894-95 is thus only Rs. 53,098, of which Rs. 42,433 are proposed to be expended, leaving a balance of Rs. 10,665 at the end of the year. This is less than one-fourth of the receipts by Rs. 2,610

7. The civil charges estimated for 1894-95 amount to Rs. 17,862 against Rs. 15,379, sanctioned for 1893-94 as shown in the following abstract statement:—

8. (*I.*) *Office Establishment.*—The increased estimate under this head includes Rs. 86 on account of Office contingencies and travelling allowance of the clerks employed in the District Office; but does not include the contribution payable by the Kadur Circle towards the salaries of the two temporary clerks entertained in the Dewan's Office. A sum of Rs. 15 will be entered in the Budget on this account. Including the sum of Rs. 50 on account of furniture shown under "X. Miscellaneous" transferred to this head in para 15 *infra*, the sanctioned estimate comes to Rs. 781.

9. (*II.*) *Medical Scholarships.*—The sanctioned amount under this head is only Rs. 430 and not Rs. 446 as proposed. The former figure will be inserted in the Budget.

10. (*III.*) *Hospitals and Dispensaries.*—The chief variations under this head are noted in the margin. Items 2 and 3 which have already been sanctioned are passed. *The items* 4 and 5 are disallowed, as the necessity for item 4 is not explained, and as item 5 is entered in addition to the usual provisions for feeding in-patients. Such items as these are not allowed for Local Fund Dispensaries elsewhere. As regards the remaining item 1, which is on account of the increase of pay of the Compounder at Tarikere, a separate reference should be submitted. Meanwhile the estimate will stand.

11. *Midwives.*—At present there are five midwives on Rs. 20 each per mensem. During the year 1894-95, it is proposed to have two midwives on Rs. 20, two on 18 and one on Rs. 15 in accordance with the scale fixed in Government Proceedings dated 7th September 1893, No. 4629-40—L. F. 55-93, and to provide Rs. 60 on account of their travelling allowances. Hence the small decrease in the estimate, which is sanctioned.

12. (*V.*) *Sweepers for Travellers' Bungalows and Musafarkhanas.*—The large increase proposed under this head is stated to be needed on account of salaries of certain servants of III Class Travellers' Bungalows, hitherto paid from Provincial, but recently transferred to District Funds under Government Proceedings dated 19th March 1894, No. 15602-11—L. F. 322-92. The estimate will not be disturbed,

pending the receipt of statement of servants of Third Class Travellers' Bungalows, &c., called for in this Office No. 1644-52—L. F. 322-92, dated 30th March 1894.

13. (*VI.*) *Conservancy and Sanitary charges.*—The lump sum provision entered under this head will be retained, but the Deputy Commissioner is requested to submit details showing how the amount is intended to be expended during 1894-95.

14. (*IX.*) *Contribution.*—No provision is entered under this head against Rs. 53 sanctioned in the Budget for 1893-94. With reference to this omission, the Deputy Commissioner is requested to explain whether there are any District Fund roads within the limits of the Chikmagalur Municipality and if so, why no contribution is entered under this head on account of the mileage allotment payable to the Municipality. A sum of Rs. 500 is entered under the head, "A. Public Works to be executed by Public Works Department, Original" for the construction of Local Fund Dispensaries. This being apparently the one-third contribution payable towards the cost of the Dispensary buildings under Government Proceedings, dated 16th October 1893, No. 7041-53—L. F. 117-93 should appear under this head and will be entered accordingly.

15. (*X.*) *Miscellaneous.*—The marginally noted variations proposed in the present Budget account for the increase in the estimate. *Item 3* which is in accordance with Government Proceedings, dated 3rd August 1893, No. 2003-13—L. E. 316-92, is passed. *Item 4* is stated to be on account of furniture. This should properly appear under "I. Office Establishment" and will be transferred to that head. The other items of variations call for no remarks.

Absent.

1. Mr Vasudeva Rao, Acting Amildar of Koppa.
2. Mr T. Clifford, Balehonnur

1 Read the statement showing the attendance or otherwise of members during the three consecutive meetings, including that of to-day.

It having been found that Mr Clifford, Member of the District Fund Board for Chikmagalur Taluk, has to be removed from the list in consequence of his absence for the three consecutive meetings, under Government Proceedings No 2830-9—L. 102, dated 20th May 1892, it was resolved that his name be removed and that the question of his re-election or the selection of a new member be brought forward and decided at the next meeting, the President of the N. M. P. Association being in the meantime apprised of the fact

2 The statement of estimated receipts from District Funds was read in conjunction with the statements of Civil charges and of District Fund works to be executed by Public Works Department and Revenue Officers.

	Total ..	12,390

Original Works—

1.	Constructing a bridge on the Balehonnur-Kalasa road near Balehonnur ..	2,000
	Total- ..	14,390

After much discussion and deliberation, it was unanimously resolved that the estimated receipts being quite inadequate to meet the cost of numerous important works, chiefly road works, and owing to the inability of showing the balance ordered in Government Proceedings No 17676-80—L. F. 17-92, dated 21st April 1893, if the present list of works is carried out the Government be requested to permit the transfer of the marginally noted works costing Rs 14,390 to Provincial Funds and thereby relieve the District Funds, more especially as these roads are all important roads with a great deal of traffic upon them and that they form important links to the present Provincial roads

The statement of works "Repairs," other than the above prepared and placed by the Executive Engineer, was then read in detail and approved of by the Board.

The statement of "Original" road works, also prepared by the Executive Engineer, was read and approved of by the Board as all of them are important and necessary works.

3 Statement of Civil charges.

The statement of Civil charges was then read and after some discussion as to the advisability of allowing certain items and disallowing others, a sum of Rs. 16,811 was allotted as per list attached.

The following orders of Government and statements were then read with the result noted against each :—

(*a*) Government Proceedings No. 11214-5—L. F. 104-93, dated 16th January 1894, regarding the submission of lists of incomplete works in the required form together with this Office docket No. 253, dated 14th October 1893 applying for a grant-in-aid of at least Rs. 13,228 in addition to Rs. 15,000 sanctioned in Government Proceedings No. 5160-68—L. F. 88-93, dated 19th September 1893.	Resolved that the statements in the required form be submitted to Government, striking out works estimated at Rs. 3,860 which are not likely to be undertaken this year, and that the amount so saved be re-appropriated to other important works.
(*b*) Proceedings No. 8674-82—L. F. 158-93, dated 1st December 1893, *in re* the supply of 12 copies of each District Fund Board Proceedings for circulation among the members of the Board.	Recorded.
(*c*) Proceedings No. 8389-96—L. F. 210-92, dated 23rd November 1893, prescribing the minimum number of meetings at four instead of at six as stated in previous Proceedings of 1st November 1892 together with the Resolution of the Mysore Local Fund Board meeting convened on 29th November 1892.	Proposed that quarterly meetings be conveniently held in the months of January, April, July and October with equal intervals between each meeting and resolved that Government be moved to sanction the same.
(*d*) Chief Secretary's docket No. 6137-541, dated 30th September 1893, together with the report of the Koppa Amildar, intimating that the Muhammadans at Harihurpur have agreed to take a compensation of Rs. 300 to build a new Masjid in lieu of the old one, close to which a well has been dug out of District Funds, provided that Government would grant another site and 30 cart-loads of timber free.	Resolved that the matter be settled by arbitration and brought up again at the next meeting as the compensation and other concessions demanded appear very high and unreasonable.
(*e*) Statement showing the details of expenditure incurred by Revenue agency and Public Works Department on account of Local Fund Works from July to December 1893.	It having been observed that the progress of works by Revenue agency was not very satisfactory, the Amildars stated that it was difficult to carry on these works during the rainy season, but that the works would be pushed on during the next six months and that the majority would be finished.
(*f*) Proceedings No. 7011-53—L. F. 117-93, dated 16th October 1893, regarding the debiting of cost of the construction of L. F. Dispensaries in defined proportions from 1894-95.	Noted.
(*g*) Proceedings No. 11755—L. F. 51-92, dated 22nd January 1894, regarding the opening of a Dispensary at Sringeri and calling for the Resolution of the District Fund Board in the matter of meeting ¼ of the entire cost of the Dispensary from District Funds on the ground of its affording medical relief to several Government villages in the neighbourhood, &c.	Agreed and resolved that one fourth charge estimated at Rs. 138 be included in the Budget.
(*h*) Chief Secretary's docket No. 10444—34-93, dated 10th January 1894, regarding the taking over to Government the road (Sringeri-Heggan road) opened by the late Mr. Collins for maintenance from District Funds.	Resolved that the road in question be taken over and added on to the Narve, Sringeri-Nemmar road, that the up-keep of the present length estimated at 6 miles be provided at Rs. 30 per mile or Rs. 180, and that the Public Works Department be reminded to furnish a regular estimate for further consideration next year.
4. The detailed proposals for well and other works proposed by the Executive Engineer, Civil Surgeon and Amildars were then read and considered.	The Board having heard and considered all the proposals rejected most of them owing to the paucity of funds and approved of the following as being important:—

Proposed by the Tarikere Amildar—

(1) Sinking a well at Chakonahalli. — Resolved that Rs 300 be granted in addition to the work already done by the raiyats and subject to the payment of promised contribution of Rs. 100.

(2) Stone lining a well at Kodihalli which was sunk by the raiyats but which has slipped. — Resolved that a sum of Rs. 150 be granted.

(3) Completing a well at Butanahalli sunk by the raiyats. — Resolved that Rs 100 be granted to raiyats towards constructing the well.

Proposed by the Amildar of Koppa—

(1) Repairing the roads other than main roads running through Koppa and Harihárpur Kasabas at cost of Rs. 400. — Resolved that only Rs. 100 be sanctioned.

(2) Construction of a rest house at Danavasa — Resolved that Rs. 600 be granted as there is considerable traffic on the road (Sringeri-Shimoga) and as there is no sort of rest house at present at this place, which is very necessary.

(*c*) Proposed by the Chikmagalur Amildar—

(1) Repairing a kotte at Devagondanahalli at an estimated cost of Rs. 400. — Resolved that Rs. 300 be granted, the rest being contributed by raiyats either in cash or kind.

(2) Sinking a well at Joladahal. — Resolved that Rs. 300 be granted as it is stated that there is no well at all at present, the present water source being very unhealthy.

(3) Sinking a well at Tegur, the villagers of which petitioned the Dewan during his recent tour. — Resolved that Rs. 150 be allotted and the Amildar be asked to report what the raiyats will contribute.

(4) Repairing the cart path from Sangameswarapete to Kandya, a distance of two miles. — Resolved that Rs. 100 be granted as the road is greatly used by the pilgrims and is at present in an almost impassable state.

(*d*) Proposed by the Amildar of Kadur—

(1) Sinking a well at Malladevihalli. — Resolved that Rs. 200 be sanctioned and that the raiyats be required to do the earthwork.

(2) Completing a well sunk by the raiyats at Chikkabasaru to a depth of 12 feet besides having contributed Rs. 100 — Resolved that Rs. 300 be granted towards the completion of the well.

(3) Filling up the Honda at Sakrepatna to a height of 15 feet, *viz.*, to the level of the sluice in order to drain off the dirty water. — Resolved that Rs 500 be granted as Sakrepatna is a large village and at present very unhealthy, presumably on account of impure water.

(4) Sinking wells one at each of the following places:—
(*a*) Belvál
(*b*) Paténahalli
(*c*) Mullapur.
(*d*) Ochhalli. — Resolved that Rs. 800 be granted at Rs. 200 to each of these wells. The villagers being required to do the earthwork, &c.

(*e*) Proposed by the Civil Surgeon—

(1) Construction of five places in the Local Fund Dispensaries in Malnad — Resolved that Rs 250 be granted for stores to be obtained from some firm to serve the purpose indicated.

(2) Raising the pay of the Compounder at Tarikere from Rs. 6 to 7 as in all other Dispensaries. — Resolved that the increase, *viz*, Rs. 12 per annum be granted in uniformity with the scale obtained in other Dispensaries.

(*f*) Proposed by the Executive Engineer

(1) Completing a well at Kurubarahalli, Tarikere Taluk. — Resolved that Rs. 300 be granted.

(2) The taking over of the Muttodi lodge, Chikmagalur Taluk, and the appointment of a sweeper at Rs. 6 per mensem thereto. — Resolved that the lodge be taken over and a sweeper be appointed at Rs 6 per mensem.

Proposed by the Amildar of Chikmagalur—
An increase of pay to watchman at Attigundi lodge, from Rs. 5 to 6. — Resolved that as this man was formerly in receipt of Rs. 6 from Public Works Department, he may now have the same.

Subjoined is the abstract of estimated Receipts and Expenditure for 1894-95 as shown in the detailed statements accompanying the Proceedings :—

READ:—

Letter dated 31st January 1894, No. 841, from the Deputy Commissioner of the Mysore District, submitting the District Fund Budget Estimates of the French Rocks Circle for 1894-95, together with a copy of the District Fund Board's Proceedings dated 9th January 1894, approving of the same.

No. 21210-14—L. F. 230-93, DATED, BANGALORE, 8TH JUNE 1894.

ORDER THEREON.—The estimated receipts for 1894-95 amount to Rs. 41,488 against Rs. 39,749, the actuals of 1892-93, and Rs. 40,931, the sanctioned estimate for 1893-94, as shown below:—

No.	Items.	Actuals of 1892-93.	Estimate for 1893-94.	Estimate for 1894-95.
		Rs.	Rs.	Rs.
I	Seventy-six per cent of Local Cess... ...	37,888	38,963	39,156
II	Sale of Stray Cattle	488	728	837
III	Fines for Cattle Trespass	1,127	1,016	1,120
IV	Ferry Collections	211	210	200
V	Tolls	...	..	...
VI	Fees from Travellers' Bungalows	12	10	13
VII	Private Contributions...	...	...	...
VIII	Grants-in-aid	...	...	...
IX	Miscellaneous	23	4	162
	Total ...	39,749	40,931	41,488

2. *(I) Seventy-six per cent of the Cess.*—The increase under this head, compared with the actuals of 1892-93, is due to the increased revenue expected during 1894-95 from the Survey Settlement recently introduced into the Malvalli Taluk. The estimate is passed.

3. *(II) Sale of Stray Cattle and (III) Fines for Cattle Trespass.*—The net increase under these heads over the actuals is only nominal, as the estimate for 1894-95 represents the gross revenue including fodder charges and remuneration to pound-keepers, while the actuals represent the net income after deducting such charges. The estimate is sanctioned.

4. *(IX) Miscellaneous.*—The estimate is sanctioned. It includes a new item of Rs. 150 expected as fees for the use of Government Amrut Mahal bulls for breeding purposes, which accounts for the increase in the estimate.

	Rs.
I. Civil Charges	11,835
II. Public Works to be executed by Public Works Department ...	39,650
III. Do Revenue Department ...	1,980
Total ...	53,465

5. Including the opening balance of Rs. 13,556, the sum available for expenditure during 1894-95 is Rs. 55,044, of which Rs. 53,465 are proposed to be expended, leaving a balance at the end of the year of only Rs. 1,579, which is less than one-fourth of the receipts by Rs. 8,743. The charges have therefore to be reduced.

6. The Civil Charges proposed for 1894-95 amounting to Rs. 11,835 exceed the provision sanctioned therefor in 1893-94 by Rs. 1,385, as shown in the following abstract statement :—

No.	Items.	Estimate for 1893-94	Estimate for 1894-95.
		Rs.	Rs.
I	Office Establishment	491	491
II	Medical Scholarships	200	200
III	Hospitals and Dispensaries	3,312	3,312
IV	Midwives	120	300
V	Sweepers for Third Class Travellers' Bungalows and Musafarkhanas	348	348
VI	Conservancy and Sanitary Charges	3,190	3,090
VII	Vaccination	265	265
VIII	Refunds	...	...
IX	Contribution	...	...
X	Miscellaneous	2,524	3,829
	Total ...	10,450	11,835

7. (*I*) *Office Establishment.*—The provision under this head will be raised by Rs. 6 to meet the contribution payable by the French Rocks Circle towards the salaries of the two temporary hands entertained in the Dewan's Office.

8. (*II*) *Medical Scholarships.*—The correct sanctioned amount that has to be entered under this head is only Rs. 165, and not Rs. 200. The former figure will be inserted in the Budget.

9. (*IV*) *Midwives.*—There is only one midwife at present, but it is proposed to entertain two more during 1894-95 Hence the increase in the estimate, which is sanctioned. A provision of Rs. 50 which appears under X. Miscellaneous on account of the travelling allowance to midwives, will be transferred to this head, and the estimate raised to Rs. 350.

10. (*V*) *Sweepers for Travellers' Bungalows and Musafarkhanas.*—The proposed estimate under this head will be allowed to stand, pending the submission of a statement showing the establisments maintained in Third Class Travellers' Bungalows, called for in this Office No. 16445-52—L. F. 322-92, dated 30th March 1894.

11. (*VI*) *Conservancy and Sanitary Charges.*—The estimate under this head is retained, subject to the submission of details of charges to be incurred out of the allotment proposed.

12. (*IX*) *Contribution.*—The sum of Rs. 1,000 entered under "A. Public Works to be executed by Public Works Department-Original" on account of contribution payable towards the cost of dispensary buildings, will be transferred to this head.

13. (X) *Miscellaneous.*—The details of the estimate proposed are as noted in the margin. Excluding item 6, which should properly appear under "IV. Midwives," the estimate amounts to Rs. 3,779. The provision under item 3 is large and will be reduced to Rs. 500. The other items are passed.

	Rs.
(1) Purchase of Amrut Mahal bulls ...	316
(2) Cattle-pounds	1,913
(3) Destruction of cover afforded to snakes.	1,000
(4) Travelling allowance to non-official members	450
(5) Feeding charges of Amrut Mahal bulls.	100
(6) Travelling allowance to Midwives ...	50
Total ...	3,829

14. *(I) Original Works.*—Excluding the sum of Rs. 1,000 transferred to IX. Contribution, the estimate under this head amounts to Rs. 6,500. Owing to the insufficiency of funds, the provision will be reduced by Rs. 2,500 by striking out the works noted in the margin.* If these works are important, the Deputy Commissioner may propose suitable adjustments.

	Rs.
A. Public Works to be executed by Public Works Department ...	6,500
B. Do Revenue Department ...	1,100
Total ...	7,600

	Rs.
*Mahadevpur cart-track ...	1,500
Kalhalli road ...	1,000
Total ...	2,500

15. *(II) Repairs.*—The detailed statement of works shows that the amount required for repairs to be executed by Public Works Department is only Rs. 21,165, and not Rs. 23,165 as entered in the consolidated Budget statement. The former figure will be inserted in the Budget. A separate provision of Rs. 2,000 also appears on account of special repairs to Seringapatam-Nelligere road. But this road does not appear in the list of roads maintained by Public Works Department or Revenue Department, nor is it stated whether the sum is to be included under works to be executed by Public Works Department or Revenue Department. The matter should be explained. Meanwhile, the item will be struck out. The sum of Rs. 880 entered under works to be executed by Revenue Department includes Rs. 200 on account of repairing Dispensary. The Deputy Commissioner is requested to state if the provision represents one-third contribution payable towards the dispensary buildings. If so, the amount should appear under "IX. Contribution." Pending information, the estimate will stand.

	Rs.	
A. Public Works to be executed by Public Works Department ...	21,165	
B. Do Revenue Department ...	880	
		22,045
Special repairs to Seringapatam-Nellegere road ...	2,000	

16. *Establishments.*—With reference to the reductions made in the provisions made for works, the charges on account of supervision by Public Works Department will be reduced from Rs. 7,890 to Rs. 6,425.

17. *Reserve.*—Owing to the insufficiency of funds, the provision for Reserve will be reduced from Rs. 1,895 to Rs. 895.

	Rs.
A. Public Works to be executed by Public Works Department ...	1,895
B. Do Revenue Department ...	"

18. The other items call for no remarks

19. Subject to the explanation called for, the estimated receipts and expenditure of the French Rocks Circle for 1894-95 are as shown in the accompanying appendices, of which the following is an abstract :—

The Budget Estimates of Receipts and Expenditure of District Funds for the year 1894-95 and also the Budget Estimates of the previous year.

ESTIMATED RECEIPTS.

2. *One anna cess.*—The actual receipts of 1892-93 consisting of the arrears of previous year, deducting 24 per cent set apart for Education, are Rs. 37,888—6—4 and the estimated receipts of 1893-94 are Rs. 38,963 and of 1894-95, Rs. 39,156. Comparing the estimates of 1894-95 with the actuals of 1892-93, it will be observed that there is an increase of Rs. 1,267—9—8 ; and with the estimate of 1893-94, the increase is Rs. 193. The increase of Rs. 1,267—9—8 over the actuals of 1892-93 is calculated on the increased revenue which the Malvalli Taluk is likely to yield by its recent settlement.

3. *Cattle Pounds.—Sale of stray cattle, fines for cattle trespass and feeding charges of impounded cattle.*—Actual receipts under the above items in 1892-93 are Rs. 1,614—4—8 ; the estimate for 1893-94 is Rs. 1,744 and for 1894-95, Rs. 1,957. Comparing the estimate of 1894-95 with the actuals of 1892-93, the difference is plus Rs. 342—11—4, and comparing with the estimate for 1893-94, it is plus Rs. 213 ; but this difference is only nominal and will be counterbalanced by the item of feeding charges of impounded cattle being shown this year both under Receipts and Expenditure which was not included in the Budget of 1892-93.

4. *Ferry Collections.*—The actuals under this head during 1892-93 are Rs. 210—14—6 ; estimate for 1893-94 is Rs. 210 and of 1894-95, Rs. 200. It will be observed that there is a decrease of Rs. 10 in the estimate for 1894-95 when compared with the actuals of 1892-93. It does not call for any special explanation.

5. *Fees from Third Class Travellers' Bungalows.*—Rs. 12—7—0 have been collected during the year 1892-93 under this head ; the estimate for 1893-94 is Rs. 10 and for 1894-95, Rs. 13, that is, 3 rupees more than the actuals of 1892-93.

6. *Miscellaneous.*—Under this head the Receipts estimated for 1894-95 are Rs. 262, Rs. 12 from sale of manure and Rs. 150 from breeding charges.

7. *Total Receipts.*—The total estimate of Receipts under all heads for the year 1894-95 are Rs. 41,488 and the opening balance on 1st July 1894 at the credit of the Board will be Rs. 13,556, as particularized in Statement II. enclosed. The total amount at the disposal of the Board for 1894-95 is Rs. 55,044.

PROPOSED EXPENDITURE.

8. Reading the various statements submitted by the Amildars and the Public Works Department and the expenditure required under Civil Charges, and rejecting all which were not urgent and inexpedient at present, the President proposed that the following amounts may be allotted for the following

works out of the total Receipts of Rs. 55,044 during the year 1894-95, Rs. 39,650 for works to be carried in the Public Works Department, Rs. 1,980 for works to be carried by Revenue Officers, and Rs. 11,835 for Civil Charges, total Rs 53,465 as further particularized under each head. The Committee approved the above.

9 *Public Works Department A I Original Works* —The statement submitted by the Executive Engineer for original works including establishment charges amounted to Rs. 30,000 As funds were not available to provide for a such a large amount, works which were important and necessary were only selected with the approval of the Committee These are shown in Statement B Their cost is Rs. 7,500 including establishment charges

Among the works which were set aside this year as being costly and cannot be provided for, the Amildars of Nagamangala and Krishnarajpete Taluks drew the attention of the Board to two of the works mentioned below, which, though costly for the Board to take up at any time, are necessary for the convenience of the public, and recommended that the Government may be moved to meet their cost from Provincial Funds The other members of the Committee and the President also agreeing, it was resolved that the cost of these when taken up should be met from Provincial Funds The works alluded to are (*a*) bridging the Lokapavani river at Honakere on the French Rocks Station-Nelligere road, estimated to cost Rs 25,000, (*b*) metalling the Sivasamudram-Cauvery falls road, estimated to cost Rs 2,000

10 *Repairs*—Read statements of repairs proposed by the Executive Engineer which were estimated to cost Rs 26,000 excluding establishment charges In this statement, the Executive Engineer has included this year one additional mile repairs to each of the roads, Mandya-Bannur and Mysore-Mahadevapur The repairs on these additional miles were hitherto maintained by the Mysore Division But the Executive Engineer explained that they were added on at the request of the Executive Engineer of Mysore, as the additional miles on the respective roads come within the boundary of this Circle The Committee passed this additional expenditure.

11 The Executive Engineer desired an extra grant of Rs 20 per mile, *viz*, in all Rs 1,410, over the last year's grant to (*a*) Seringapatam-Channarayapatna road, (*b*) French Rocks Station-Nelligere road The Committee in rejecting it resolved that, important as these roads are and have to be kept up always in good order, their annual cost is a great drag on the income of the Board, and that if the Government be pleased to maintain them from the Provincial Funds and relieve the Board of their costs, the Board will be able to utilize the savings on other minor roads which are neglected, ill kept and require greater attention The roads for which the respective allotments were passed are shown in Statement C. The Maddur Railway Station-Sivapura road which was shown separately in last year's statement is now included in road No 1 in Statement C. The total amount allotted for the several roads included in Statement C is Rs 30,700 including establishment charges, which is a little over the grant for 1893-94. As usual, a provision of Rs 200 has been made for tools and plants required for the Public Works Department

Revenue Department

12 *Seringapatam Taluk* —As decided in the last meeting the Committee passed Rs 400 for the improvement of cart track from Hirohalli to join Seringapatam Channarayapatna road

13 *Mandya Taluk*—Mr Ramanna, member for the Mandya Taluk, proposed and the Amildar seconded that a dam or a strong wall should be constructed to prevent the waters of the Maddur Hole flooding Vadyanathapura This was roughly estimated to cost Rs 8,000 The President remarked that the cost was enormous, and thought that the village could be protected from an amount a great deal less. It was resolved that the Executive Engineer should be requested to inspect the village and prepare an estimate which may be included in the next year's budget, if, in the meantime, other means of protecting the village at still less a cost are impossible

14. *Malvalli Taluk*.—The Amildar of Malvalli asked for a lump sum of Rs 400 to improve the cross roads in the Taluk which he said had fallen into bad order. The President remarked that much could be effected in this respect by the Amildar with the help of the ryots, and sanctioned with the approval of the Committee only Rs. 300 out of Rs 400 which the Amildar had applied for

15. The Amildar further proposed that a bridge over the waste-weir of Gondagere tank which runs across the Mysore Bangalore road should be constructed The Executive Engineer and the President remarked that this work was not urgently called for, and the Committee resolved to keep the project in abeyance for the present.

16 *Nagamangala Taluk*.—The Amildar of Nagamangala proposed that a chavdi should be constructed at Bindiganavale. The President with the approval of the Committee stated that provision for constructing this may be met with from Local Funds General grant for 1894-95

17 *Krishnarajpete Taluk* —The Amildar proposed that a tunnel on the Krishnarajpete Nagamangala road near the grove of Devarammanhere tank should be constructed for the convenience of traffic and passengers. As the site where the tunnel was proposed to be built came within the Municipal limits of the Kasba, the President remarked that the work should be undertaken by the Municipality, if necessary The Committee approved of the observation of the President and disallowed the Amildar's proposal

18 Next the Amildar drew the attention of the Board to the bad state in which the cross roads to villages were falling, and stated that as the villagers were willing to contribute in labor asked for some funds to put them in order With the approval of the Committee, the sum of Rs 80 was provided for them as detailed in Statement C

19 The Amildar next brought to the notice of the Board the necessity of constructing a Dispensary in the Kasba, as the house which was rented for the purpose in the town was ill adapted for the purpose. With reference to this, Government Proceedings No 7011-53—L F 147-93, dated 16th October 1893, were read, and the President, with the approval of the Committee, resolved to include one third, namely Rs. 1,250 including establishment charges, of the entire cost, in the Budget.

20. With the approval of the Committee, a sum of Rs 200 was provided for the repairs of Dispensary buildings, and Rs 1,000 at the rate of Rs 200 for each Taluk for sinking new wells and repairing old ones in the Sub-Division

CIVIL CHARGES

21. The estimate sanctioned for 1893-94 is Rs 9,985 as per Government Proceedings No. 18101-S—L F 202-92, dated 4th May 1893, and Rs 165 as per Government Proceedings No 9611 6—L F 202-92, dated 20th December 1893 the total sanction under this head for the year 1893-94 being Rs 10,150 The proposed estimate for 1894-95 is Rs 11,835 The increase is Rs 1,685. The items which have contributed to this increase are mentioned below —

(1) *Midwives*—The amount sanctioned for 1893-94 under this head is Rs 120. It was decided in the last meeting that provision for the employment of one midwife for each Taluk should be made in the Budget for 1894-95 But as funds do not permit to employ so many all at once it was proposed by the President and approved by the Committee that to begin with, only two more midwives may be entertained and then approximate cost, viz , Rs 180 plus Rs 50 for their travelling allowance, may be included in the Budget and that these two midwives with the existing one should be detailed for duty as follows —

One for Mandya and Malvalli Talukas

One for Nagamangala and Krishnarajpete Talukas

One for Seringapatam Taluk

(2) *Amrat Mahal Bulls*—No provision had been made in the Budget for 1893-94 for the purchase of Amrut Mahal bulls In the last meeting, it was decided that provision should be made in the Budget for 1894-95 for the purchase of two bulls, one for Seringapatam and the other for Nagamangala Taluk, which has now been provided. Their feeding charges amounting to Rs 100 have also been provided.

(3) *Cattle pound Charges*—Under this head there is an increase of Rs 854 in the Budget for 1894-95 over that sanctioned for 1893-94 This increase is unavoidable, as many of the cattle pounds in the Sub Division need urgent repairs

(4) *Other items*—Do not call for any explanation

22 Read the Receipts and Expenditure under District Funds for the two months of October and November 1893 and passed Read Government Proceedings No 9611 6—L F 202-92, dated 20th December 1893, requiring the list of incomplete works (to be carried out by the Public Works Department) included in Supplemental Budget for 1893-94, to be placed before the Meeting for approval In connection with this, read also the statement of modified works prepared by the Executive Engineer's Office The Committee approved of these works being carried out this year as necessary. As for furniture required for Dispensaries, the Senior Surgeon has been requested to forward indents, and when these are received particulars will be furnished

23. As per Government Proceedings No 14175-84—L I 377-92 of 2nd February 1893, the name of Mr Timmegauda of Seringapatam has been removed from the list of Non-Official Members as he absented himself for three meetings consecutively, and the Amildar of Seringapatam Taluk has been asked to propose another The vacancy will be filled up in the next meeting

Letters dated 7th and 12th February 1894 Nos 885 and 906 from the Deputy Commissioner of the Mysore District, submitting the District Fund Budget Estimates of the Mysore Circle for 1894-95 together with the Proceedings of the Local Fund Committee approving of the same

---

No 21234-8—L F 229-93, DATED, BANGALORE, 8TH JUNE 1894

ORDER THEREON.—The receipts of the Mysore Local Fund Circle for 1894-95 are estimated at Rs 55,134 against Rs 58,173, the actuals of 1892-93, and Rs 53,467, the sanctioned estimate for 1893-94 as shown below —

Items	Details.	Actuals of 1892-93	Estimate for 1893-94	Estimate for 1894-95
		Rs	Rs	Rs
I	76 per cent of Local Cess	51 142	47,421	50 788
II	Sale of Stray Cattle	1 242	982	1 250
III	Fines for Cattle Trespass	2 294	2 658	300
IV	Ferry Collections . . .	1 612	1 310	1 700
V	Tolls	..		...
VI	Fees from Travellers Bungalows	78	976	976
VII	Private Contributions	11	...	
IX	Miscellaneous	1 184	87	120
	Total	58,173	53 467	55,134

2. (*I*) *76 per cent of Local Cess* —The decrease in the estimate under this head, compared with the actuals of 1892-93, should have been explained The statement of assets, upon which cess is collected, does not appear to have been correctly prepared In column five of the statement, intended to show "76 per cent of the probable arrears of Cess at the commencement of the year," the estimated cash balance in favor of District Funds on 1st July 1894 is entered and the total of the cess and cash balance given in columns six, &c. This is not correct Column five should show the probable arrears of cess of previous years and column six, the total of columns four and five so as to represent the total demand of 76 per cent of cess including arrears Column seven should show how much of the amount entered in column six is likely to be collected during the year and this should form the estimate for the year, for which the Budget is prepared The Deputy Commissioner is therefore requested to submit a revised statement prepared as above directed Meanwhile, the estimate will stand

3 (*III*) *Fines for Cattle Trespass* —The actuals under this head being Rs 2,294, the estimate seems to be an error and Rs. 300 will be raised to Rs. 2,500. If the feeding charges and the remuneration hitherto deducted by Pound-keepers and not included under the head receipts have been omitted to be included in the estimate for 1894-95, the Deputy Commissioner should state the amount to be added

4 (*V*) *Tolls.*—The introduction of tolls having been sanctioned in Government Proceedings, dated 26th April 1894, No. 18107-8 —L. F. 190-93, the Deputy Commissioner is requested to submit an estimate of the toll revenue and of the expenditure on account of its collection on each of the roads on which tolls are to be levied together with a statement showing from what funds (Provincial or District Funds) each road was constructed and from what funds and at what cost it is now being maintained.

5. (*VI*) *Fees from Travellers' Bungalows* —There is nothing to justify the large estimate of Rs 976 entered under this head, the actuals having amounted to Rs 58 only The estimate will be reduced to Rs 120, being the average of the actual collections of the past two years But the Deputy Commissioner is requested to

explain why the actuals during 1892-93 were so low as Rs. 58, while the amount collected during the fifteen months of the year 1891-92 was Rs. 976.

6. *(IX) Miscellaneous.*—The actuals of 1892-93 included Rs. 1,395, the unexpended balance on hand refunded to the Treasury on the last day of the year. Hence the nominal decrease in the estimate for 1894-95, which is sanctioned.

7. The receipts as now estimated amounts to Rs. 56,578.

	Rs.

II. (A) P. W. to be executed by D. P. W....	50,100
III. (B) Ditto by Revenue Dept. ...	19,000
Total ...	89,766

8. Including the opening balance of Rs. 50,360, the sum available for expenditure during 1894-95 is Rs. 1,06,938, of which Rs. 89,766* are proposed to be expended, leaving a balance of Rs. 17,172 at the end of the year.

9. The Civil charges for 1894-95 are estimated to cost Rs. 20,666 against Rs. 12,961, the sanctioned estimate for 1893-94 as shown in the following abstract statement:—

Items.	Details.	Estimate for 1893-94.	Estimate for 1894-95
		Rs.	Rs.
I	Office Establishment	489	560
II	Medical Scholarships	321	321

VII	Vaccination	254	254
X	Miscellaneous	635	2,979
	Total ...	12,961	20,666

10. *(I) Office Establishment.*—The increase under this head is due to the provision of Rs. 80 made on account of furniture required for head-quarter office. The estimate does not include the amount payable by the Mysore Local Fund Circle on account of the salaries of two temporary clerks entertained in the Dewan's Office. A sum of Rs. 9 will be entered on this account and the estimate raised to Rs. 569

11. *(II) Medical Scholarships.*—The amount that has to be entered on account of scholarships to students undergoing training as Hospital Assistants in the Madras Medical College is Rs. 265 and not Rs. 321 as proposed. The correct figure will be adopted in the Budget.

Total ...	1,061

12. *III. Hospitals and Dispensaries.* The marginally noted increases already sanctioned by Government account for the increase in the estimate, which is sanctioned.

13. *(IV) Midwives.*—The proposal to grant two scholarships for two women to be trained as midwives for employment in Taluks, where none exist at present, accounts for the increase in the estimate which is sanctioned. The correct provision under this head is Rs. 1,050 and not Rs. 1,080 as erroneously entered in the Budget.

14. (*V*) *Sweepers for Travellers' Bungalows and Musafarkhanas.*—The estimate under this head will be retained, pending the submission of the statement showing the establishments maintained in third Class Travellers' Bungalows and Musafarkhanas called for in this Office No. 1645-52—L. F. 322-92, dated 30th March 1894.

15. (*VI*) *Conservancy and Sanitary Charges.*—The estimate of Rs. 6,000 entered under this head on account of village sanitation includes Rs. 500 for planting avenue trees on the sides of roads which are stated to be unsatisfactory in several places. By improving the avenue trees at a small cost, the Deputy Commissioner expects to make them a fruitful source of "revenue to Government." The provision is sanctioned. Government presume that the revenue from avenue trees is credited to District Funds and not to Public Works Department.

	Rs.
(*a*) Village sanitation	6,000
(*b*) Removing manure pits	2,000
	8,000

16. (*IX*) *Contributions.*—With reference to the omission of any estimate under this head, the Deputy Commissioner is requested to state whether there are no District Fund roads in the City of Mysore, the mileage allotment of which is payable to the Municipality. The sums of Rs. 1,943 and 500 entered under "B. 1. Public Works to be executed by D. P. W. *I. Original and Repairs*" respectively on account of contribution towards the cost of Dispensary buildings payable under Government Proceedings, dated 16th October 1893, No. 7041-53—L. F. 117-93, should appear under this head and will be transferred accordingly.

17. (*X*) *Miscellaneous.*—The increased estimate, of which the details are given in the margin, is in accordance with the orders passed by Government and is passed.

	Rs.
1. Purchase of bulls	263
2. Feeding charges of bulls	180
3. Repairs of pounds and feeding charges of impounded cattle, &c	1,056
4. Travelling Allowance to non-official members of the D. F. Board	400
5. Destruction of cover afforded to snakes ...	80
6. Reserve	100
Total ...	2,079

18. (*I*) *Original Works.*—Excluding the sum of Rs. 1,943, on account of contribution payable towards the cost of dispensary buildings, transferred to "IX. Contribution" in para 16 *supra*, the correct total of details shown in Appendix 3 under "A. Public Works to be executed by D. P. W." is only Rs. 10,900 and not Rs. 16,057 as entered in the consolidated Budget statement, nor Rs. 13,057 as entered in Appendix 3. The correct figure will be retained in the Budget.

A. Works to be executed by P. D. W. ...	18,000
B. Ditto by Revenue Dept. ...	18,000

19. The detailed statement of works proposed to be executed by Revenue Department includes works, which have been reserved for future consideration or on which reports are called for. Excluding these latter, the estimate amounts to Rs. 12,900 which includes an item of Rs. 10,000 for the construction of a substantial godown and markets at the large Sante-Maralialli fair in the Chamrajnagar Taluk. The Board consider the undertaking to be "very necessary in the interests of the public and likely to be productive of a liberal return." The provision will be retained, but the work should not be undertaken till a regular estimate is submitted with full explanation as to the necessity for the work and the advantages to be gained, and sanction for the same obtained.

20. Excluding the sum of Rs. 500 entered under this head on account of repairs of Dispensary buildings transferred to "IX. Contribution," the correct total of repairs to be executed by D. P. W. is Rs. 19,065 and not Rs. 19,715 as erroneously entered in the Enclosure C. The former figure will be adopted in the Budget. Moreover no provision is made under this head in the consolidated

A. Public works to be executed by D. P. W. excluding Rs. 1,785 shown under Reserve	19,715

Budget on account of works to be executed by Revenue Department, though according to the detailed statement of repair works, a sum of Rs. 2,037 appears to have been sanctioned by the Board. The omission will be supplied and the amount entered in the Budget.

21. The other items call for no remarks.

22. Subject to the explanation called for, the Budget Estimates of Receipts and Expenditure of the Mysore Circle for 1893-94 are as shown in the accompanying appendices, of which the following is an abstract:—

1. *Read.*—Proceedings of the Board at the previous meeting held on 30th November 1893, and the attention of the Amildars and the members concerned, called to the early formation of the Sub-Committees therein proposed (*vide* paras 8 and 14), so that early action may be taken thereon.

2. The following estimates and papers were next placed before the Board preliminary to the passing of the Budgets for 1894-95 :—

(1) Budget estimates of receipts and expenditure for the year 1894-95.

(2) Statement showing the assets upon which the estimate of Local Cess has been calculated for 1894-95. (Enclosure A.)

(3) Details of Original Works proposed to be executed by the Department, Public Works, and the Revenue Department.

(4) Details of allotment of expenditure on repairs to be carried out by the Department, Public Works, and the Revenue Department.

(5) Details of Civil Charges for 1894-95.

(6) Statement showing the Talukwar estimates of receipts and expenditure for 1894-95.

Estimate of Receipts.

3. The estimate of receipts under one anna cess on Land Revenue for 1894-95 has been calculated with reference to the several items of Land Revenue, &c., settled at the Jamabandi for 1892-93. *Vide* details given in Enclosure A.

The estimates under the other minor items such as sale of stray cattle, &c., have been based upon the actuals for 1892-93, except item No. VI, *viz*, "Fees from Travellers' Bungalows" for which the sanctioned estimate for 1893-94, which is the same as the actuals of 1891-92, was adopted, because the actuals of 1892-93 was unduly low.

Under Miscellaneous item IX, the sum of Rs. 386 has been entered for "Feeding charges of Cattle" with reference to the supplemental Budget Estimates submitted for 1893-94, and the orders of Government in Proceedings No. 14603-11—L. 1509. dated 17th March 1892, requiring that gross receipts realized from "Feeding charges of Impounded Cattle," should be shown on the side of receipts.

The Total Receipts under all heads as above estimated amounted to Rs. 57,520 against the sanctioned estimate of Rs. 53,467 for 1893-94, and was adopted by the Board. The opening balance at the credit of the Board on the 1st July 1894 was estimated at Rs. 50,360. as shown in the margin, making a total estimate of Rs. 1,07,880

Balance on the 1st July 1893 as per Comptroller's docket No. 349, dated 22nd August 1893	Rs	47,873
Estimated receipts for 1893-94		53,467
		1,01,340
Sanctioned expenditure for 1893-94		50,980
Balance on 1st July 1894		50,360

4. *Statement of assets*—No remarks.

5. *Statement of Public Works to be executed by the Department, Public Works.*—The estimate of expenditure furnished by the Executive Engineer was next considered by the Board. The provision made under the different heads was as follows :—

	Rs
Repairs	22,000
Original Works	18,000
Establishment	10,000
Tools and Plant	100
Total .	50,100

These were discussed and approved with the following remarks :—

(1) The sum of Rs 1,493, being ¼ of the total estimate for constructing a Dispensary at Nanjangud, has been debited to District Funds according to Government Proceedings No. 7041-53—L F 117-93, dated 16th October 1893.

(2) A liberal sum of Rs 3,000 was passed for constructing tunnels on the Mysore-Nagamahalli road, as the work which had been proposed to be carried out during the current year was not taken in hand for want of funds. It will be seen that the total estimate of expenditure in the Department, Public Works, as passed by the Board, was Rs. 50,100 against Rs 31,019 in 1893-94.

6 *Statement of works to be carried out in the Revenue Department*.—The list of works to be carried out in the Revenue Department in 1894-95 was then read.

The Board observed that after making due provision as above for works to be carried out by the Department, Public Works, there still remained a large balance available for expenditure on useful works.

(1) Mr Amble Annaya Pandit then proposed and Mr Nanjundaraj Urs seconded that Rs 10,000 be set apart in the Budget for the construction of a substantial godown and markets at the large Sante Maidan in the Chennapatna Talak, *vide* para 7. of last meeting, and for sinking a well in the same place to provide good drinking water for the use of the travellers by the T Narsipur-Talamanbi road, and for the large number of people and cattle attending the fair, as water is very scarce in the neighbourhood during the hot weather. The Board considered the undertaking very necessary in the interests of the public, and likely to be productive of a liberal return, and resolved to commend it to the Government for early sanction.

(2) In the course of the discussion the President pointed out that the avenue trees on the sides of roads were not satisfactory in several places and that much improvement could not be expected under the present system of getting the ryots to plant them free of cost. With care and management roads where the avenues are still wanted or are defective, could be planted with useful fruit and other ornamental trees at a small cost to the District Fund, and made ultimately a source of revenue to Government. The planting of useful and fruit bearing trees such as cocoanut, tamarind, jak, mango, Margosa, country almond, pyre Indica, were suggested, and the Board resolved that a provision of Rs 800, at the rate of Rs 100 for each Talak, be made for the above purpose under "Conservancy" and Sanitary charges.

3. Proposed by Mr. Narasamma, Amildar of Nanjangud, that a provision might be made for repairing the bathing and drinking water ghats on the Kapila river at Nanjangud, that a chattram or caravansary might be constructed for the use of the travellers and pilgrims during the jatras. It was argued on the other side that Nanjangud was a Municipal Town, and that the ghats and musafirkhana should be provided by the Municipality. As however the place contains a holy shrine of great importance and is frequented by pilgrims from all parts of this Province and Her Majesty's territories, the Board considered

it desirable to make a grant of Rs. 1,000 from the District Funds of this District and to submit a recommendation to Government for a further grant from Provincial Funds to supplement whatever may be made available from Municipal Funds for the repair of the bathing and drinking water ghat. It was also decided that the proposal for a chattram might be deferred for the present, owing to insufficiency of funds.

(4) At the previous meeting it was proposed to put up bridges of wooden logs and stone across the drainage on T. Narsipur-Chamrajnagar road, as it was very cheap and more easily constructed than masonry tunnels, as the latter are costly and there is no likelihood of there being undertaken for some years to come. The Board approved of a sum of Rs. 2,000, being provided for this work, and suggested that palmyra trees might be used, as they are available near Bannur.

(5) A statement is appended showing in detail other works proposed, together with the resolutions of the Board recorded against each.

(6) The total provision for works to be executed by the Revenue Department amounts to Rs. 19,000 including the sum of Rs. 1,000 set apart as "Reserve Fund."

7. *Statement of Civil Charges*.—The estimate of Civil Charges amounting to Rs. 20,666 was read and approved with the following additions and modifications:—

(1) An increase of Rs. 552 has been provided for the Indiginous Hospital at Mysore in accordance with the revised scale of establishment, at Rs. 2,232 per annum, sanctioned in Government Proceedings Camp No. D. 4-5—L F. 72-92, dated 7th October 1893, two-thirds of which, *viz.*, Rs. 1,488, are debitable to District Funds.

(2) A provision of Rs. 420 has been made, being the full cost of the Dispensary to be newly opened at Sargur according to the scale sanctioned in Government Proceedings No. 6989-91—268-92, dated 14th October 1893.

(3) A total increase of Rs. 270 has been entered under "Midwives" to meet existing contingencies. Pay at Rs. 20 per mensem provided for the midwives at Hunsur and Yedatore being the rate at which they are now paid, provision has been made for the whole or moiety of the cost, as the case may be, of the midwives to be employed in Chamrajnagar, T. Narsipur and Heggaddevankote, the rates of pay prescribed for the Maidan and the Simi-Malnad Taluks in Government Proceedings No. 4629-40—55-93, dated 7th September 1893, *viz.*, Rs. 15 for Chamrajnagar and T. Narsipur Taluks, and Rs. 18 for the Heggaddevankote and Gundlupet as Simi-Malnad Taluks. Rs. 240 have also been provided for two scholarships at Rs. 10 each for training midwives.

(4) An increase of Rs. 38 has been entered under Miscellaneous (1) "Purchase of Amrut Mahal bulls," to meet the cost of three breeding bulls proposed to be purchased at Rs. 87½ per bull, being the maximum cost of each as noted in Government Proceedings No. 2863-71—Cir. 77, dated 19th May 1892.

(5) A sum of Rs. 400 has been added under "Reserve" for unforeseen expenditure to meet cost of medicines, &c., that may have to be supplied during seasons of epidemic and other petty expenses under contingencies.

(6) A similar sum of Rs. 400 is provided to meet the full cost of mileage allowed to non-official members under G. O. No. 2003-13—346-92, dated 3rd August 1893.

(7) A sum of Rs. 80 has been entered for purchase of furniture for the Head-quarter office.

8. *Summary*.—The following is a summary of the estimated Receipts and Expenditure for 1894-95 as passed by the Board:—

	Rs.
Receipts (including Balance)	1,07,880
Expenditure by Department, Public Works ..	50,100
By Revenue Department	19,000
On account of Civil Charges	20,666
Total Expenditure..	89,766
Probable balance on 1st July 1895	18,114

9. The following business was also transacted at the meeting:—

(1) Read resolution of the Board at the meeting held on 27th July 1893, reserving for future consideration a proposal for repairing nine miles of the Bettadapur Frazerpet road from Frazerpet. The Board reserved the question for disposal at the next meeting.

(2) Read Government Proceedings No. 17421-30—L. F. 492, dated 22nd April 1893, authorizing the Senior Surgeon to entertain in the year 1893-94, three more female students for employment as Hospital Assistants in the Mysore State.

Resolved that the portion, if any, debitable to the Mysore Circle might be ascertained and adjusted against the funds.

(3) Read Executive Engineer's docket No. 5338—548, dated 29th December 1893, proposing certain modifications and re-appropriations in the current year's Budget grants for works as shown below, without exceeding the sanctioned total allotment:—

Name of Work.	From—			To—		
District Funds, Original Communications.	Rs.	A.	P.	Rs.	A.	P.
Metalling the first 4½ miles of Sagarkatte-Ramnathpur road ..	1,000	0	0	800	0	0
Do the first 8½ miles of Yelval-Hassan road	2,500	0	0	2,700	0	0
Repairs Communications						
Reserve grant for Minor Works	500	0	0	800	0	0
Miscellaneous Public Improvements.						
Reserve grant for Minor Works	300	0	0	..	..	.
Total ..	4,300	0	0	4,300	0	0

Resolved that the same be approved and recommended to Government for sanction.

(4) Read Government Proceedings No. 8838-40—L. F. 202-92, dated 6th December 1893, sanctioning a supplemental grant of Rs. 2,000 for the current year in the Public Works Department.

Resolved that the grant be availed of for constructing the tunnel on $\frac{4}{10}$ mile of T. Narsipur-Talkad road, which the Executive Engineer stated was seriously out of order.

(5) Read letter No. 1449, dated 29th November 1893, from the Senior Surgeon, forwarding, for necessary action being taken a report from the Hospital Assistant at Nanjangud, bringing to notice that the sanitation of certain villages was very unsatisfactory, owing to heaps of manure standing too near the villages and water stagnating therein in pools.

Resolved that proper measures be taken to remove them and to fill up the cess pits here and elsewhere, and that a distinct provision be set apart for the purpose under Conservancy and Sanitary Charges. A sum of Rs. 2,000 was accordingly passed.

(6) Read memo from the Inspector General of Police forwarding in original a petition from the inhabitants of Bannur, praying for the establishment of a Dispensary and a market, &c., at that place.

The Board desired that the inhabitants of Bannur, who formerly declined to have one, were apparently now in favor of a Municipality being established, and resolved that the petition might be forwarded to the Amildar for report in detail preliminary to a recommendation being submitted to Government for the establishment of a Dispensary as also of a Municapility at that place.

10. The President, before closing the meeting, desired to have the opinion of the members in regard to the nomination of a successor to fill up the vacancy caused by the death of Narasimmaiya of Nanjangud, as reported at the last meeting. Two names were suggested. Mr. A. Annaiya Pandit proposed the nomination of Sankaranarnappa, a Municipal Commissioner holding lands in Nanjangud. Mr. Narasanna proposed alternately that either he or Mastan Saib, a respectable merchant of the Town might be elected.

The Board finally resolved that Mastan Saib be declared elected and that his nomination be recommended to Government.

Absence of Members.—Mr. Panchanatha Rao being engaged in the trial of an important criminal case, was not able to be present. Mr. B Kesavaiengar of Hunsur was under orders of transfer to Seringapatam at the time and was closing his work, and hence unable to be present at the meeting, but he failed to make a report of the same as he ought to have done. Mr. Daud Khan was absent from Mysore on private affairs. Mr. Narasimha Upadhya reported that he was ill and unable to attend the meeting.

12. The meeting began at 3-30 and closed at 6-30 P. M.

The following reply, No. 189, dated 16th June 1894, from the Officer in charge of the Amrut Mahal Department:—

I have the honor to report in accordance with the Proceedings of Government No. 21169—R. F. 108-92 of 8th instant, that the price paid for the 200 steers taken over by the Madras Government is Rs. 50 a head all round.

2. The reason I have been obliged to fix a higher price for bulls is that only the very best steers are reserved for that purpose, and these are not handed over till they are five or six years old, so naturally cost much more. But as is very justly remarked in the Proceedings under reply, one of the primary duties of the Department is to improve the breed of indigenous cattle; I see no reason why bulls should not be supplied, whenever really needed, at as low a price as is consistent with their actual cost to Government.

3. Now the market value of one of our best bred bulls six years old, I take to be at the least Rs. 200, but the very best must be reserved for the herds. I could supply others at four years old to District Local Fund Boards at Rs. 75 each (or for any price Government fixes), but for a large number, good previous notice must be given, as for obvious reasons too many bulls cannot be reserved and all that are not likely to be wanted are operated on at two or three years old.

4. I have however received several complaints from Deputy Commissioners that the bulls supplied them lately were of no use, but it should be remembered that these animals were hitherto in a state of semi wildness, and it must take some time for them to get accustomed to confinement of any description and on altered state of life.

5. A good plan would be to hand a bull over to an influential Patel in whose village there is extensive grazing, and it might be allowed to graze at will with a herd of a few cows, to which from time to time other cows or heifers should be added and the former ones gradually removed or as soon as they show signs of being in calf. The bull would get accustomed to these cows and in time submit to be enclosed in an open cattle yard with them. It would be preferable if only well shaped heifers were selected for this purpose.

6. Another plan that might be tried would be for some raiyats to apply to the nearest Servegar or Daroga to be allowed to send any fairly bred heifer to graze with the heifer division in the herd for a few months, say August to December, when grazing is fairly plentiful. I am issuing instructions to Daregas to allow this to be done on the return of the herds from the jungles in August at the rate of six to eight for each division of heifers.

No. 22958-66—L. F. 104-92, DATED, BANGALORE, 28TH JUNE 1894.

ORDER THEREON.—The price proposed by Colonel Macintire, *i. e.*, Rs. 75, is fair, and is approved.

2. The other suggestions contained in the letter, also commend themselves to Government.

Chief Secretary.

READ:—

Docket, dated 16th February 1894, No. 782—640, from the Deputy Commissioner of the Shimoga District, submitting the District Fund Budget Estimates of the Shimoga Circle for 1894-95 together with a copy of the Proceedings of the Local Fund Board, dated 19th idem, approving of the same.

No. 21694-8—L. F. 232-93, DATED 13TH JUNE 1894.

ORDER THEREON.—The District Fund Board of the Shimoga Circle estimate their income for 1894-95 at Rs. 83,400 against Rs. 87,212, the actuals of 1892-93, and Rs. 88,090, the sanctioned estimate for 1893-94, as shown hereunder:—

Items.	Details.	Actuals of 1892-93.	Estimate for 1893-94.	Estimate for 1894-95.
		Rs.	Rs.	Rs.
I	Seventy-six per cent of Local Cess	76,559	79,732	76,500
II	Sale of Stray Cattle	1,040	4,974	3,500
III	Fines for Cattle Trespass	2,436		
IV	Ferry Collections	3,283	2,880	2,900
V	Tolls	...	444	...
VI	Fees from Travellers' Bungalows	83	50	100
IX	Miscellaneous	3,808	...	400
	Total.....	87,212	88,090	83,400

2. (*I*) *Seventy-six per cent of Local Cess.*—The estimate of Rs. 76,500 is fair, and is passed.

3. (*II*) *Sale of Stray Cattle, and* (*III*) *Fines for Cattle Trespass.*—The estimate of Rs. 3,500 entered under these heads is justified by the actuals of 1892-93, but before finally accepting the estimate, the Deputy Commissioner is requested to explain whether the actuals and estimate represent gross revenue including fodder charges and remuneration to pound-keepers, as they ought to do, or the net revenue after deducting the charges. In the latter case, the correct amount of gross revenue should be reported. The Deputy Commissioner should also report the estimate under each of the two heads II and III, for which a lump sum is now given.

5. (*V*) *Tolls.*—No estimate is entered under this head as usual. But under Government Proceedings, dated 6th June 1894, No. 20998-21007—L. F. 295-92, a sum of Rs. 900 will be entered in the Budget, as the revenue expected to be collected from the Lakshmipur or Kellarghat Toll rate is creditable to District Fund from 1894-95.

6. (*IX*) *Miscellaneous.*—The actuals are stated to include Rs. 3,344 realized from "Savings amount of well works, &c.," which accounts for the increase in the estimate. If the amount represents the unspent balance of money drawn for expenditure on wells out of Local Funds General, the amount should have been credited to Local Funds General, and not to District Fund. The Deputy Commissioner is requested to explain the matter. The estimate under this head is stated to be the revenue expected from "Cattle pound expenses." What is meant by this is not clear. The nature of the item and the source from which it is expected should be clearly explained. Meanwhile, the estimate will stand.

8. The Deputy Commissioner estimates a minus balance of Rs. 16,430 against the District Fund of the Circle at the commencement of the year. Excluding this amount, the sum available for expenditure during 1894-95 is only Rs. 67,870. But the estimated expenditure amounts to Rs. 83,400, which exceeds the receipts by Rs. 15,530. The charges have therefore to be reduced.

		Rs.
I.	Civil Charges	14,869
II.	Public Works to be executed by Public Works Department	65,441
III.	Do do by Revenue Department	3,090
	Total ...	83,400

9. The provision made for Civil Charges for 1894-95 is less than that sanctioned for 1893-94 by Rs. 900 as shown in the following statement:—

Items.	Details.	Estimate for 1893-94.	Estimate for 1894-95.
		Rs.	Rs.
I	Office Establishment	710	710
II	Medical Scholarships	521	521
III	Hospitals and Dispensaries...	4,362	4,036
IV	Midwives	1,180	1,310
V	Sweepers for Travellers' Bungalows and Musafarkhanas ...	1,576	1,672
VI	Conservancy and Sanitary Charges	4,000	3,000
VII	Vaccination	100	100
VIII	Refunds	20	20
IX	Contributions	...	...
X	Miscellaneous	3,300	3,500
	Total ...	15,769	14,869

10. (*I*) *Office Establishment.*—A sum of Rs. 15 will be added under this head, to meet the increased contribution payable towards the salaries of the two temporary Clerks entertained in the Dewan's office.

11. (*II*) *Medical Scholarships.*—The sanctioned amount that has to be entered under this head on account of scholarships payable to the students undergoing training in the Madras Medical College, is Rs. 430, and not Rs. 521. The former figure will be inserted in the Budget.

12. (*III*) *Hospitals and Dispensaries.*—The decrease under this head is the result of variations noted in the margin.

Decrease.	Rs.	*Increase.*	Rs.
1. Tirthahalli House rent ...	64	Kallurkatte Charge Allowance ...	30
2. Diet to in-patients reduced from Rs. 200 to 100 ...	100	Total ...	30
3. Kallurkatte furniture ...	192		
Total ...	356		

Item 2. There are at present ten Dispensaries in the District, excluding the Branch Dispensary at Shimoga, and the amount that has to be provided is Rs. 250 at the rate of Rs. 25 for each Dispensary. It is not clear why only Rs. 100 are provided. Probably the amount is considered sufficient, and the estimate is therefore accepted. The other variations call for no remarks.

13. (*IV*) *Midwives.*—The increase of Rs. 230 proposed under this head is in accordance with the revised scale of midwives sanctioned in Government Proceedings, dated 7th September 1893, No. 4629-40—L. F. 55-93. The estimate is approved.

14. (*V*) *Sweepers for Travellers' Bungalows and Musafarkhanas*—The proposed employment of two Sweepers on Rs. 4 each per mensem to look after the Courpalai's Chattram, which is reported to be nearing completion, accounts for the increase in the estimate, which will be allowed to stand, pending the submission of a statement, showing the establishments maintained in Third Class Travellers' Bungalows called for in this office No. 16445-52—L. F. 322-92, dated 30th March 1894.

15. (*VI*) *Conservancy and Sanitary Charges*—Owing to the paucity of funds, the District Fund Board propose a smaller estimate, which will be retained, subject to the submission of details for the lump sum provision proposed under this head.

16. (*IX*) *Contribution.*—With reference to the omission of any estimate under this head, the Deputy Commissioner is requested to report whether there are no District Fund roads within the limits of Shimoga Municipality, to which maintenance allowance of such roads has to be paid as contribution. The marginally noted two items amounting to Rs. 1,906 entered under the head "A. Public Works to be executed by Public Works Department" on account of contributions payable towards the cost of construction and repairs of Dispensary buildings should properly appear under this head, to which the amounts will accordingly be transferred. But with regard to item 1, the Deputy Commissioner is requested to report whether the wards have already been constructed, in which case no contribution is payable from District Fund, as the Government Proceedings, dated 6th December 1893, No. 7011-53—L. F. 117-93, directs payment of contribution for works constructed after 1st July 1894.

		Rs.
1.	⅓ cost of contribution for constructing wards in Dispensaries at Tirthahalli, Honnali, Shikarpur and Sorab	1,756
2.	Do do for repairing Dispensary buildings	150
	Total...	1,906

17. (*X*) *Miscellaneous.*—The provision made is on account of the following items, and is passed:—

		Rs.
(1)	Cattle pounds	1,500
(2)	Destruction of cover to snakes	1,000
(3)	Travelling allowance to non-official members	600
(4)	Other items	400
	Total ..	3,500

18. (*I*) *Original Works.*—Excluding Rs 1,756 transferred to "IX. Contribution," the estimate under this head comes to Rs 21,000, which is much too large considering the funds available. The provision made for the undermentioned fresh works amounting to Rs. 16,000 will be struck out, and the estimate reduced to Rs. 5,000:—

		Rs
A.	Works to be executed by P. W.	22,756
B.	Do do by Rev. Dept	...
		22,756

		Rs.
1.	Metalling Sirakoppa Hirekatur road	2,000
2	Bridging Koppa and Shikarpur road	3,000
3.	Opening out road between Hosahonnur and Kudligeri	1,000
4.	Metalling Chikaddinag Soulapur road	2,000
5	Opening a new diversion from the Varda river on Sorab Siddapur road ...	1,000
6.	Bridging Argadahalli Anantapur road	2,000
7.	Extending Anantapur-Shikarpur road	1,500
8.	Completing Lakshmipur-Mavenkeri road	1,500
9.	Do Tirthahalli road	1,500
	Total ...	16,000

19. (*II*) *Repairs.*—Deducting Rs. 150 transferred from Rs. 28,615 to "IX. Contribution" in para 16 *supra*, the provision under this head is Rs. 30,985. It includes mileage allotment for twenty-one miles of new roads added on and a sum of Rs. 1,350, being the additional grant proposed for raising the existing rates of mileage allotments for the undermentioned roads. Owing to the paucity of funds, the latter item (Rs. 1,350) will be struck out.

		Rs.
A.	Works to be executed by D. P. W.	28,615
B.	Do do Rev. Dept.	2,520
	Total ..	31,135

		Increase. Rs.

2.	Siralkoppa-Herekerur road, 9 miles, mileage allotment to be raised from Rs. 60 to 100	360
	Total ..	1,350

20. (*III*) *Establishments.*—With reference to the reductions made in the provisions for works, the estimate under this head will be reduced to Rs. 7,000.

21. *V. Reserve.*—The funds being insufficient, the provision for "A. Reserve" will be reduced to Rs. 1,000, and that under "B. Reserve" to Rs. 500.

		Rs.
A.	Works to be executed by D. P. W.	2,970
B.	Do do Rev. Dept.	570

22. The other items call for no remarks.

23. Subject to the explanations called for, the estimated Receipts and Expenditure for 1894-95 are as shown in the accompanying appendices, of which the following is an abstract;—

		Rs.	Rs
(1)	Estimated deficit Balance on 1st July 1894 ...		—16,430
(2)	Do Receipts for 1894-95		84,360
(3)	Net amount available for Expenditure ...		67,930
(4)	Estimated Expenditure for 1894-95.

	(II) Public Works to be executed by D. P. W. ...	40,315	
	(III) Do do by Rev. Dept.	3,020	60,034
(5)	Estimated Balance on 30th June 1895		7,896

24. As the above Balance is less than one-fourth of the Receipts by Rs. 13,239, the Deputy Commissioner is requested to curtail the sanctioned Expenditure as much as possible.

I—Read the following Budget Estimates for the year 1894-95 —

1. Consolidated Budget Estimate of Receipts and Expenditure for 1894-95.
2. Statement showing the assets upon which the local cess has been calculated for 1894-95. Ex. A
3. Details of original works proposed to be executed by the Public Works Department and Revenue Department for 1894-95. Ex B
4. Details of allotment of expenditure on repairs of roads, &c, to be carried out by the Public Works Department and Revenue Department during the year. Ex C.
5. Statement showing the details of Civil charges for 1894-95 audited by the Comptroller. Ex. D.
6. Statement showing the Talukwar Estimates of Receipts and Expenditure for 1894-95. Ex. E.

II—The balance at the credit of the Board on 1st July 1893 was Rs. 36,856-5-2 as per Comptroller's Docket No. 627, dated 27th September 1893, and the estimated Receipts for 1893-94 was .. .. Rs. 88,090 0 0

Deduct the estimated Expenditure as per sanctioned Budget and modified grant for 1893-94 .. .. „ 67,663 0 0

The opening Balance on 1st July 1894 would be .. .. „ 16,430 0 0

Add estimated Receipts for 1894-95 .. .. .. „ 83,400 0 0

Total .. 66,970 0 0

Thus the total assets available for expenditure for 1894-95 is 66,970-0-0.

As the amount available for expenditure is too small to meet the cost of the urgent works that are to be undertaken, the Board resolve to move the Government to grant sufficient funds from Provincial funds for the Malnad road system to enable the Board to wipe off the minus balance of Rs. 16,430 spent on western Malnad roads. The estimate of expenditure has therefore been framed upon the total assets of Rs. 83,400-0-0.

III. The following provision has been made under the main heads, the particulars of which are given in detail in the Budget :—

		Rs.	A.	P.
i.	Original works to be executed by Public Works Department ..	.. 23,531	0	0
ii.	Repairs ditto ditto ..	.. 30,810	0	0
iii.	Establishment charges audited by the Examiner, P. W. Accounts	.. 10,900	0	0
iv.	Tools and Plant	.. 200	0	0
	Total ..	65,441	0	0
i.	Original works to be executed by Revenue Officers ..	.. 500	0	0
ii.	Repairs	.. 2,590	0	0
iii.	Charges on account of sanitation and conservancy of populous villages	3,000	0	0
iv.	Civil charges as per Enclosure D to the Budget	.. 11,869	0	0
	Grand Total of estimated Expenditure	. 83,400	0	0

The estimated Expenditure of Rs. 83,400 is thus restricted to the total assets of Rs. 83,400, not taking into account the minus balance of Rs. 16,430 as explained by the Executive Engineer in the memo appended to the draft budget.

IV. Proposed by the President that two sweepers at Rs. 4 each may be entertained to look after the Courpalais Chattram at Shimoga which is approaching completion.

Resolved that necessary provision be made in the Budget subject to the approval of Government.

V. Read and recorded Government Proceedings No. 12763-5—L. F. 117-92, dated 3rd instant, sanctioning the supplemental District Fund Budget for 1893-94.

VI. Read Forest Inspector General's Memo No 2194—146, dated 25th ultimo, forwarding copy of the Chief Secretary's Docket No. 11035—1206, dated 15th ultimo, stating that a cash grant from Local Funds to Irachandraiya of Kirawasi, Sagar Taluk, for building a chendrasala, seems more suitable than a free grant of 50 cart-loads of wood.

The Board regret that they are not in a position to make a cash grant as the funds at their disposal are limited.

VII. Read and recorded Government Proceedings No. 12781—L. F. 144-92, dated 5th instant, stating that Government are not prepared to sanction any proposal which would impose additional charges on the impoverished District Funds of Shimoga in regard to the proposal of giving a monthly allowance of Rs. 15 to the Hospital Assistant at Benkipur.

VIII. Read the marginally noted correspondence regarding the election of Local Fund Members.

To Chief Secretary No. 99—80, dated 31st July 1893.
Government Proceedings No. 4793—381-92.
To Chief Secretary No. 465—384, dated 11th November 1893.

*Dated 10th November 1893.

The Inamdars of alienated villages in the District having failed to elect an Inamdar as a member in accordance with the *Notification published in the Mysore Gazette, No. 46, dated 16th November 1893, the Deputy Commissioner has re-appointed Mr. Nadig Mojappa of Shimoga, Agent of Sringeri Matt.

Proposed by Mr. Nanjunda Naidu that Mr. Nadig Timmappa, an old member on the Board since October 1875, might be re-elected.

Carried *nem con.*

Resolved that a modified list of members be submitted to Government for publication in the Mysore Gazette.

IX. Read Government Proceedings No. 11216—L. F. 23-93, dated 16th ultimo, stating that the special meeting convened on the 7th October last cannot be recognized for reasons therein stated and requesting that the subjects may be placed before the meeting of the Board and their approval obtained.

Recorded with the observation that the works proposed to be carried out from Local Funds General during 1893-94 have the approval of the Board. The Local Funds General Budget has since been sanctioned by Government. *Vide* Proceedings No. 7835-6—L. F. 114-93, dated 14th November last.

X. Read and recorded Executive Engineer's Dockets Nos. 863 and 6, dated 13th and 29th December last, respectively, forwarding certain completion bills.

XI. Read and passed the monthly accounts of Receipts and Expenditure of District Funds for the months of October, November and December 1893 :—

Memorandum to accompany the Shimoga District Local Fund Budget for the year 1894-95.

Estimate of Receipts.—The total estimated receipts for the year amount to Rs. 83,400. According to the estimated balance at the end of 1893-94 as per Comptroller's figures, there is Rs. 16,430 to the debit of the Board. This sum should have been deducted from the estimate for 1894-95. But many important and urgent works have to be provided for during 1894-95, and most of these will be found indispensable, *vide* remarks against them elsewhere under "Estimate of Expenditure." It was therefore proposed and resolved by the Board that the Government be solicited to at least transfer the minus balance of Rs. 16,430, if not the whole expenditure incurred on the opening of Sagar-Malnad and Channagiri systems of roads from District Funds to Provincial Funds, leaving the total estimate of receipts available for expenditure during 1894-95. In the resolution of Board's Proceedings No.—, dated 10th November 1893, the Government were solicited to transfer the two systems of Sagar-Malnad and Channagiri Taluk roads to the Provincial Funds with the expenditure incurred therein from District Funds amounting to Rs. 85,561. These recommendations are still pending with the Government. Pending their final orders, the amount of minus balance of Rs. 16,430 is not deducted from the receipts for 1894-95 and the budget of expenditure is prepared to the full amount of receipts, namely, Rs. 83,400.

BUDGET OF EXPENDITURE.

A.—Public Works to be executed by Public Works Department. I.—Original Works—Civil Buildings—A sum of Rs. 1,756 is entered in the Budget to meet the cost of in-patients' wards to the Dispensaries already built as per Government Order No 4071-53—L. F. 117-93, dated 16th October 1893, details shown in the Budget.

Communications.—There are fifteen items of work included under this head; of these the first five refer to the Sagar-Malnad and Channagiri systems of roads proposed to be transferred to the Provincial Funds. No allotments have been made for them in the Budget.

Items 6 *and* 7.—Metalling and tunnelling Sagar-Siralkoppa and Siralkoppa-Hirekerur roads.—The estimate for the first work was sanctioned during 1893, but work had to be stopped for want of funds. The traffic on these two roads is very heavy and metalling is very urgent. The continuation of this road in the Bombay Presidency to Byadgi is 26 miles, of which 14 miles have been metalled and the rest are being gradually metalled.

Item No. 8.—Bridging Koppa-Tirthahalli road.—The formation of the road is completed with minor tunnels. There are six small streams which require bridging. Its total cost will be about Rs. 8,000. Near these unbridged streams, temporary diversions have to be made over heavy paddy flats or the roadway carried over temporary log tunnels with steep approaches. Both these expedients are unsatisfactory and very trying for the traffic. They are further to be maintained at heavy outlay more than once every year.

Item No. 9.—Opening Holehonnur-Kudligere road.—Holehonnur, a large and flourishing village in the Shimoga Taluk, is now unconnected with any road system. A country track is maintained from Shimoga to the village with the Bhadra river to cross over. A road from the village to Kudligere on Chitaldroog-Benkipur road will connect it with the present road system with no large rivers to cross. This will also be a good feeder line to Holalkere Station of the Mysore State Railway.

Item No. 10.—Metalling Chitaldroog-Benkipur road between Joladahal and Danavadi.—This part of the road was gravelled with selected good stuff during the past two years but the traffic being heavy since the completion of the large bridges and the road being an important feeder to Holalkere Station and Bellary *viâ* Chitaldroog, the gravelled surface wore very badly. This section passes over the ranges of the hills between Joladahal and Kollapur through thick bamboo jungle. Good gravel is not available except at selected 2 quarries. The annual allotment is insufficient to frequently maintain the gravelled surface as gravel had to be carted from long leads. If the portion be once metalled, it can be maintained in a trafficable order with the annual allotments. The estimated cost of metalling will be about Rs. 4,000, of which Rs. 2,000 is provided for 1894-95.

Item No. 11.—Opening out a new deviation for the Varada river on Sorab-Siddapur road.—The present approach to the crossing of the Varada in the 9th mile will be under floods for three months in the year. It is in level of the adjoining paddy flats and consequently very heavy. A new diversion is necessary. Its length being about one mile, the cost will be about Rs. 2,000, for which Rs. 1,000 is now provided.

Item No. 12.—Bridging Aragadahalla on the Tirthahalli-Anantapur road.—This river is a branch of the Kushavati near Tirthahalli. Bridging of this stream formed part of a project for completing the bridge on Anantapur-Tirthahalli road estimated to cost Rs. 49,670, but kept back for want of funds. As there is no immediate project of taking up the whole work from paucity of District Funds, the more important bridge across the stream which intercepts traffic during monsoon between Hunchakatta, Tirthahalli and Agumbi is now provided for.

Items Nos. 13, 14, 15.—These items are for completing the road systems partially opened in previous years. They are all important link lines connecting parts of the unopened Malnad with the present system.

II. Repairs.—Under this head Rs. 30,870 has been entered against Rs. 26,605 of last year. The increase is due, firstly to enhancing the mileage grant for Siralkoppa-Hirekerur road from Rs. 60 to 100 and for Shimoga, Sorab-Sirsi road from Rs. 60 to 75, the former grants being proved inadequate to maintain the roads against the increase of traffic; secondly to enhanced provision under "Reserve" to meet the cost of re-building some of the urgent old log tunnels with new pakka materials, and thirdly to increase in the total length of miles to be maintained since opening the road from Channagiri to Malebennur. The total number of miles maintained last year was 450 and this year 21 miles are added.

III Establishment.—The allotment for establishment is increased *prorata* to the expenditure budget for

IV. Tools and Plant.—The same provision is made under this head as in last year.

V. Reserve.—Not provided for separately, the necessary requirements being entered under the respective heads of I and II.

B. Public Works (to be maintained by Revenue Department).—The increase in the allotment for the maintenance of cart-tracks under II. Repairs is due chiefly to the addition of twenty-eight miles to the length maintained last year. These tracks are very useful and the raiyats in many instances have been doing much work in maintaining them. Other provisions are practically the same as in last year.

C. Civil Charges.—The charges are less by Rs. 900 than last year's. This is due to the reduction of charges under conservancy and sanitation, the reduced allotment being found sufficient. Other smaller deviations are explained in the remarks column.

Docket dated 11th February 1894 No. 564—486 from the Deputy Commissioner of the Chitaldroog District, submitting the District Fund Budget Estimates of the Chitaldroog Circle for 1894-95, together with a copy of the Proceedings of the District Fund Board, dated 31st January 1894.

No 21646-50—L F. 231-93, DATED, BANGALORE, 13TH JUNE 1894.

ORDER THEREON —The receipts for 1894-95 are estimated by the District Fund Board at Rs. 38,750 against Rs. 36,113, the actuals of 1892-93, and Rs. 39,230, the sanctioned estimate for 1893-94, as shown below —

Items	Details	Actuals of 1892-93	Estimate for 1893-94	Estimate for 1894-95
		Rs.	Rs.	Rs.
I	Seventy-six per cent of Local Cess	30,225	30,000	30,750
II	Sale of Stray Cattle	859	8,300	7,440
III	Fines for Cattle Trespass	4,450		
IV	Ferry Collections	391	445	450
VI	Fees from Travellers' Bungalows ...	67	25	70
VII	Private contributions	100	450	
IX	Miscellaneous	2	10	40
	Total ...	36,113	39,230	38,750

2. *(I) Seventy-six per cent of Local Cess.*—The increased estimate under this head stated to have been based on the Jamabandi figures for 1892-93, is passed.

3. *(II) Sale of Stray Cattle, and (III) Fines for Cattle Trespass.*—The increase compared with the actuals of 1892-93 is due to the fact that the estimate for 1894-95 represents the gross income including feeding charges of the impounded cattle and remuneration to pound-keepers, while the actuals represent only the net income after deducting the two items referred to. The estimate, which is in accordance with Para 3 of Government Proceedings, dated 22nd April 1893, No. 17337-41—L. 111 92, is sanctioned, but the Deputy Commissioner is requested to distribute the lump sum provision of Rs. 7,440 under the two Budget heads 'II. Sale of Stray Cattle" and "III. Fines for Cattle Trespass," as directed in Government Proceedings dated 19th December 1893, No 9550 54—L F. 111-92.

4. The estimated opening balance is given as Rs. 25,000, but according to Government Proceedings dated 16th April 1894, No. 17112-4—L F. 111-92, it is only Rs. 14,249. Including the sum of Rs. 7,500 sanctioned during 1893-94 for works not yet commenced and ordered to be given up in the marginally noted Proceedings, the correct balance in favor of District Funds on 1st July 1894 will be Rs 21,749, which will be adopted in the present Budget.

2	Ditto No. 19985-7—L F 30 93	5,000
		7,500

5. Adding the above balance to the estimated receipts, the sum available for expenditure during 1894-95 is Rs 60,199, of which Rs 52,829 are proposed to be expended, leaving a balance of Rs. 7,670 at the end of the year.

6. *Civil Charges* —The proposed estimate under this

head amounts to Rs. 15,769 against Rs. 19,141, the sanctioned estimate for 1893-94, as shown in the following statement :—

IX	Contributions	...	...
X	Miscellaneous	4,910	4,480
	Total ...	19,141	15,769

7. (*I*) *Office Establishment.*—A sum of Rs. 100 is newly entered under this head on account of travelling allowance to the Local Fund Clerks employed in the District, and an increase of Rs. 50 is provided on account of the increased contribution payable towards the cost of establishments maintained in the Dewan's and Comptroller's Offices. For the latter purpose, a sum of Rs. 15 is sufficient. The remaining provision will be struck out.

8. (*II*) *Medical Scholarships.*—The correct provision that has to be made under this head in accordance with the scale of scholarships sanctioned in Government Proceedings dated 24th December 1887, No. 5832-43—L. F. 149, is Rs. 430 only and not Rs. 521. The former figure will be adopted.

9. (*III*) *Hospitals and Dispensaries.*—The decrease under this head is mainly due to there being no necessity to provide for furniture, for which a sum of Rs. 443 was provided in the Budget for 1893-94. The provision made for the Dispensary at Hiriyur is only on account of two-thirds and not full cost of the Dispensary. As directed in Government Proceedings dated 4th February 1894, No. 13148-50—L. F. 152-93, the full cost is chargeable to the District Funds of Chitaldroog, the estimate under this head will be raised by Rs. 140.

10. *Midwives.*—The details of the provision made under this head are noted in the margin. *Items 1 and 2*, which are in accordance with the existing orders, are passed. "Commission," in item 3 probably means, the additional remuneration payable under Government Proceedings dated 7th September 1893, No. 4629-40—L. F. 55-93, for cases attended over the minimum prescribed. The estimate is sanctioned.

1. Moiety cost of the pay of three Midwives at Rs. 20 each and of five at Rs. 15 each ...	810
2. Scholarships at Rs. 10 ...	120
3. Travelling allowance and commission	200

11. *Sweepers for Third Class Travellers' Bungalows and Musafarkhanas.*—The provision made in the present Budget will be allowed to stand, subject to further orders with reference to the statement showing the establishment maintained in Third Class Travellers' Bungalows and Musafarkhanas submitted by the Deputy Commissioner in accordance with this Office Memorandum dated 30th March 1894, No. 16445-52—L. F. 322-92.

12. *Conservancy and Sanitary Charges.*—The small provision of Rs. 5,000 made in the present Budget on account of village sanitation will be retained, subject to the submission of details showing the works and the amounts, which have to be spent on them in each Taluk.

13. (*IX*) *Contribution.*—A sum of Rs. 1,500 entered in the Budget on account of one-third cost of the Dispensary building at Challakere under the head "A.

Public Works, Original, to be executed by D. P. W." ought to appear under this head. The necessary transfer will be made. Moreover, a sum of Rs. 600 is included in the provision of Rs. 14,560 made in the Budget under the head "B. Public Works, Repairs, to be executed by D. P. W." on account of maintenance of Chitaldroog Station roads. The Deputy Commissioner is requested to state whether the sum is payable to the Municipality of Chitaldroog as contribution for the repair of District Fund roads in the Head-quarter town. If so, this amount also should appear under this head, the same being omitted in Appendix C.

14. (A) *Miscellaneous*.—The provision made under this head includes Rs. 150 entered under the sub-head "Other Items" on account of cholera medicines and pensions. How much of this sum is for cholera charges and how much for pensions should be stated. The former item should properly appear under "VI. Conservancy and Sanitary Charges." The authority for pensions should be quoted.

15. (I) *Original Works*.—Excluding the sum of Rs. 1,500 transferred to "IX Contribution" in Para 13 *supra*, the estimate under this head will be Rs. 9,800, which will be sanctioned as shown below:—

	Rs

B. Ditto by Revenue Department .. .	2,300
	9,800

16. (II) *Repairs*.—With reference to the remarks contained in Para 13 *supra*, the Deputy Commissioner is requested to state whether the provision of Rs. 14,560 should not be reduced by Rs. 600.

	Rs
A. Public Works to be executed by Public Works Department	14,560
B. Ditto by Revenue Department...	1,750

17. (V) *Reserve*.—Owing to the insufficiency of funds, the provision under this will be reduced by Rs. 3,450, as shown in the margin.

	As proposed	As sanctioned.
A. Public Works to be executed by Public Works Department ...	Rs. 1,000	Rs 1,000

2. „ N. Subba Rao, Amildar of Hiriyur.
3. „ N. Subba Rao, Amildar of Davangere.
4. „ Govindappa, Amildar of Molakalmuru.

I. Read the Budget estimates of receipts of District Funds for the year 1894-95.

(1) The estimates for 1894-95 under one anna cess on Land Revenue have been calculated with reference to the Jamabandi for 1892-93, and the details of assets upon which the cess is calculated are given in Enclosure (A).

(2) The estimates under "sale of stray cattle" and "fines for cattle trespass" represent the gross income under these heads, while provision has been made on the side of expenditure for the remuneration of pound-keepers and for the payment of fodder charges for impounded cattle; and these are based upon the actuals for 1892-93.

(3) The other items call for no remarks.

(4) Thus the total estimated receipts for the year 1894-95 under all heads amount to Rs. 38,750 against Rs. 39,230, as per revised estimate submitted with the Deputy Commissioner's No. 155—133, dated the 24th August 1893.

(5) The Board resolve that the estimate be passed.

II. (1) The opening balance at the credit of the Board is estimated at Rs. 15,005-8-1, as shown below:—

Balance on 1st July 1893 as per Comptroller's No. 629, dated the 29th September 1893	41,053	8	1
Estimated receipts for 1893-94 as per Deputy Commissioner's No. 155—133, dated the 24th August 1893	39,230	0	0
Total...	80,283	8	1
Expenditure during 1893-94 as per Deputy Commissioner's No. 155—133, dated the 24th August 1893	65,278	0	0
Balance ...	15,005	8	1
In round figure	15,006		

(2) Read paras 3 and 4 of the Proceedings of the Board at the last meeting, (*vide* Deputy Commissioner's No. 315—271, dated the 24th October 1893) resolving that works Nos. 4, 6 and 8 mentioned in Appendix 3, Enclosure B, of Proceedings of Government No. 17357-41—L. F. 11-92, dated 22nd April 1893, be abandoned.

*3,000	bridging Holalkere-Huliyar road.
2,000	do Tarikere-Hosdurga road.
1,500	opening out Bidarkere-Ramasagara road.

Resolved that the sum of Rs. 6,500, which would be saved by the abandonment of these works which have not yet been undertaken, be added to the balance at the credit of the Board.

(3) Also resolved that the sum of Rs 1,500 out of the allotment of Rs. 2,500 made for improving the Challakere-Pavagada road, which is not likely to be worked out before the close of the current year, and a sum of Rs. 2,000 which is expected to lapse from the other allotments made for 1893-94 (such as reduced cost of establishment owing to the abandonment of items 4, 6 and 8 and to the reduced expenditure on the Chitaldroog-Pavagada road, &c.) be added to the balance at the credit of the Board.

(4) Thus calculated, the amount available for expenditure during 1894-95 would be Rs. 63,756, as shown below :—

Estimated receipt for 1894-95	..	..	.	38,750
Probable balance .	..	..	..	15,006
Savings as explained above ..	..	..	..	6,500 1,500 2,000
				63,756

III. Read the Budget Estimate of Expenditure proposed by the Executive Engineer on account of the Public Works, both original and repairs, to be executed by the Public Works Department in the year 1894-95.

Resolved that the same be approved with the following observations :—

Original.

(1) Most of the District Fund roads in this District have not yet been provided with bridges. The funds at the disposal of the Board do not permit of any large bridges being constructed, or of the entire length of any one road being undertaken. It is therefore proposed to construct on these roads gradually, only such cheap bridges as may be absolutely necessary. Hence the general provision of Rs. 1,500 under this head.

(2) The Challakere-Pavagada road, as a pakka road, is disapproved by Government. (*Vide* Public Works Secretary's No. 446—119, dated the 26th January 1894, to the address of the Executive Engineer) What has to be done is merely the prevention of deterioration and obliteration and the execution of such other work as may be absolutely necessary. On this work, a sum of Rs. 1 000 is expected to be spent in the year 1893-94 out of the allotment of Rs 2,500 sanctioned for it. It is proposed to incur an outlay of Rs. 2,000 more in the year 1894-95. A similar expenditure in the year 1895-96 would enable the Board to do to this road all that may be desirable : the total outlay, being thus reduced to Rs. 5,000 from the original estimate of Rs. 14,000 and odd which has been returned unsanctioned. A fresh estimate in accordance with the above proposals is understood to be under preparation in the Executive Engineer's Office.

(3) The Davangere-Hadadi road was never properly made. After some improvement, a cart-track was at once taken up as a road, and its maintenance commenced. It is eight miles in length, of which the greater portion requires some special work to be at once done to it. It has also to be extended at both ends by about a mile each. The total length would then be ten miles. The estimated cost of these additions and improvements is Rs. 1,500, for which provision has been made in this budget.

(4) As reported to Government in the Deputy Commissioner's No. 397—340, dated the 25th November 1893, the projected road from Anaji to the 150th mile of the Bangalore-Dharwar road and to which some work has already been done, is not of much use, either as a Railway feeder, or as an ordinary means of communication. What is really a pressing necessity is the construction of a road connecting Jagalur with Davangere and running through Anaji. It is now proposed to take up the portion between Anaji and Davangere. After this is made, the portions between Anaji and Bilchod and Bilchod and Jagalur, may be undertaken and carried out gradually as funds become available.

(5) Provision has been made for the payment of the District Fund quota of the probable cost of constructing a Dispensary at Challakere.

Repairs.

Under this head the only items which require explanation are :—

(1) The Hengal-Raidurg road, on which heavy traffic passes and which cannot be satisfactorily maintained with the present allotment of Rs 40 per mile. The allotment has therefore been raised by Rs. 10.

(2) The Hiriyur-Marikanave road, which is four miles in length and on which the traffic is not heavy, may be properly maintained at a cost of Rs. 40 per mile instead of Rs. 50 as at present.

The allotment has thus been reduced by Rs. 10.

(3) The Davangere-Hadadi road has been extended by two miles, and maintenance provided for it accordingly for reasons mentioned above.

(4) The Chitaldroog Station roads. These roads are now eight miles in length, of which six miles represent the distance between the town and the Jogimatti Hill. The other two miles of Station roads proper are manifestly inadequate. Another two miles are proposed to be constructed, partly in 1893-94 out of "General Savings" and "Reserve" and partly in 1894-95 out of "Reserve." Hence the provision for the maintenance of ten miles of Station roads instead of eight.

Reserve.

A sum of Rs. 4,000 has been provided under this head. This is intended partly to meet unforeseen expenditure, but chiefly to meet the cost—

(1) of making certain special improvements to the Vizapur-Ujjani road which at present is in several places in a most unsatisfactory condition, and on which special work could not be carried out from the maintenance allotment, without prejudicially affecting the rest of the road :

(2) of doing some special work to the Hangal-Raidurg road, and which work could not be done from the mileage allotment; and

(3) of extending the Chitaldrood Station roads by about two miles under the circumstances already explained.

IV. Read the list of works proposed by the several Amildars to be carried out in the Revenue Department in the year 1894-95. Resolved that a provision of Rs. 5,300 be made for the works proposed, as explained below :—

(1) The original works and repairs are estimated to cost Rs. 4,050, as shown in enclosures B and C. To this sum is added Rs. 950, under "Revenue" in order chiefly to enable such small works as are not entered in B and C and as may be brought to notice during the year, being undertaken and carried out.

(2) Two temporary Mestris having been entertained on Rs. 20 each with travelling allowances, and the cost having been ordered to be paid from District Funds and Local Funds Genera in proportion to the expenditure from both the funds, a provision of Rs. 250 has been made on this account under the head "Establishment."

V. Read the estimate of Civil Charges debitable to District Funds during the year 1894-95.

The estimate is put down at Rs. 15,769 against Rs. 1,9141, as per revised estimate submitted with the Deputy Commissioner's No. 155—133, dated the 24th August 1893.

Midwives.

There are only four in the District at present. Four more pupils are now under instruction. It is proposed to employ them as soon as they qualify themselves. One more would be required, so as to provide every Taluk and Sub-Taluk with the services of a midwife. These midwives are entitled to allowances, when they travel beyond a certain distance from their Head-quarters. These reasons sufficiently explain the increased provision under this head.

Sweepers for Third Class Travellers' Bungalows, Musafarkhanas and Rest-houses.

Three mantapas or rest-houses for travellers were built in the year 1892-93. The services of a sweeper for each of them at a cost of Rs. 2 has already been applied for (*vide* Deputy Commissioner's No. 155—133, dated the 24th August 1893). The Third Class Travellers' Bungalow at Rampur has a toti, whose pay used to be debited to Provincial Funds. Exception having been taken to this by the Comptroller, a reference has been made to Government on the subject (*vide* Deputy Commissioner's No. 414—356, dated the 7th December 1893). The Musafarkhana at Vijapur has not hitherto had a sweeper or any other person to take care of it. It is proposed to employ a care-taker on Rs. 2 a month (*vide* Deputy Commissioner's No. 560—483, dated the 13th February 1894). These items account for the increased expenditure proposed under this head.

Amrut Mahal Bulls.

There is no demand for this breed in this District. Hence no provision has been made for the purchase of these bulls.

The other items call for no special remarks.

Resolved that the Budget estimates of Civil Charges amounting to Rs. 15,769 be passed.

Summary.

Total receipts including balance, lapses and savings, &c. ..			.. 63,756
Total expenditure proposed by D. P. W.	31,760		
By Revenue Department	5,300		
Civil Charges	15,769	52,829	

The balance of Rs. 10,927 is slightly in excess of twenty-five per cent of a year's probable income. It has not been found possible to curtail or omit any other item of expenditure, so as to be able to show a larger balance.

VI. Read Resolution under para II of the District Fund Board Proceedings embodied in page 17 of the Proceedings of Government, No. 17337-41—L. F. 111-92, dated 22nd April 1893, sanctioning the District Fund Budget of the Chitaldroog District for 1893-94, *re* the transfer of the Chitaldroog-Benkipur road to Provincial Funds.

Resolved as follows :—

This is a very expensive road, its maintenance costing the District Fund Board such a large sum as Rs 4,000, or nearly one-third of the cost of maintaining all the District Fund roads put together. Within the last few years, two bridges constructed on this road have cost the Board the very heavy sum of Rs. 25,000. This road has become a very important one, owing to the extension of Railway communication. It is a road more of Provincial than of local importance. The Government, in para 14 of the Proceedings No. 11470-4—L. F. 1063, dated 20th January 1892, were pleased to observe that "the request for the transfer of Chitaldroog-Benkipur road from District Funds to Provincial Funds will be considered in the Public Works Department." No orders have however yet been passed on the subject. It is hoped that early relief will be given to the Board, which finds itself hampered for want of funds. It is believed that it is under contemplation in the Public Works Department to transfer the maintenance of the Chitaldroog-Challakere road to the District Fund Board, and to relieve the Board of the maintenance of the Chitaldroog-Benkipur road. This would be a partial relief, for which the Board would certainly be thankful to Government. But a larger measure of relief is earnestly prayed for. If such relief were afforded, the other existing roads could be more satisfactorily maintained than at present, and new works which have been put off for want of funds could be undertaken.

Letter dated 24th February 1894, No. 674, from the Deputy Commissioner of the Tumkur District, submitting the District Fund Budget Estimates of the Tumkur Circle for 1894-95.

No. 21670-74—L. F. 228-93, DATED, BANGALORE, 13TH JUNE 1894.

ORDER THEREON.—Government resolve to review the District Fund Budget Estimates of the Tumkur Circle for 1894-95.

2. The estimated revenue for 1894-95 under all heads amounts to Rs. 66,850 against Rs. 67,554, the actuals of 1892-93, and Rs. 64,631, the sanctioned estimate for 1893-94, as shown in the following abstract statement:—

Items.	Details.	Actuals. of 1892-93.	Estimate for 1893-94.	Estimate for 1894-95.
		Rs.	Rs.	Rs.
I	Seventy-six per cent of Local Cess	61,522	57,476	60,040
II	Sale of stray cattle	1,176	900	1,000
III	Fines for cattle trespass	4,119	5,010	5,000
VI	Fees from travellers' bungalow	54	75	60
IX	Miscellaneous—			
	(1) Fees for the use of Government bulls ...	...	70	50
	(2) Sale of manure	683	200	700
	Total ...	67,554	64,631	66,850

3. *(I) Seventy-six per cent of Local Cess.*—The decrease under this head compared with the actuals of 1892-93 has not been explained. Probably the actuals of the year 1892-93 included the arrears of previous years collected during that year. The estimate is passed.

4. The opening balance is given as Rs. 43,125. But according to Government Proceedings, dated 24th March 1894, No. 16002-4—L. F. 95-92, it is only Rs. 40,315. The latter figure will be inserted in the Budget.

5. Including the above balance, the sum available for expenditure during 1894-95 is Rs. 1,07,165, of which Rs. 89,920* are proposed to be expended, leaving a balance of Rs. 17,245 at the end of the year.

	Rs.
1. Civil charges ...	16,382
2. Public Works to be executed by D. P. W. ...	52,685
3. Ditto by Revenue Dept. ...	20,853
	* 89,920

6. The Civil charges proposed for 1894-95 are less than the sanctioned provision for 1893-94 by Rs. 783 as shown in the following abstract statement:—

Items.	Details.	Estimate for 1893-94.	Estimate for 1894-95.
		Rs.	Rs.
I	Office establishment	467	517
II	Medical scholarships	521	521
III	Hospitals and dispensaries	5,513	5,255
IV	Midwives	2,012	2,152
V	Sweepers for third Class travellers' bungalows and musafarkhanas.	1,860	1,860
VI	Conservancy and sanitary charges	105	105
VII	Vaccination	137	137
IX	Contribution	985	985
X	Miscellaneous	5,565	4,850
	Total ...	17,165	16,382

7. ***Office Establishment.***—The increase is due to the provision newly made of Rs. 50 for the travelling allowance of the Clerk in the District Office, but the estimate does not include the salary of the new Clerk and increase of Rs. 5 to the existing Clerk sanctioned in Proceedings dated 8th March 1894, No. 14844-5—L. F. 210-92, nor the increased contribution payable on account of the entertainment of two temporary Clerks in the Dewan's Office. The provision under this head will therefore be raised by Rs. 195.

8. ***(II) Medical Scholarships.***—The correct provision that has to be made under this head in accordance with the scale of scholarships sanctioned in Government Proceedings, dated 24th December 1887, No. 5832-43—149, is Rs. 430 and not Rs. 521. The former figure will be adopted in the Budget.

9. ***(III) Hospitals and Dispensaries.***—The *estimate under this head includes an increase of Rs. 300 for dieting charges of the Civil Hospital at Tumkur, about which the information called for in Government Proceedings dated 10th March 1894, No. 14946-L. F. 95-92, will be awaited.

	Rs.
* Decrease under furniture	... 558
Increase under dieting charges	... 300
Net Decrease	... 258

10. ***(IV) Midwives.***—A sum of Rs. 140 is newly entered on account of the travelling allowance of midwives maintained entirely at the cost of District Funds. Hence the increase in the estimate, which is approved.

11. ***(V) Sweepers for Travellers' Bungalows and Musafarkhanas.***—The provision under this head will be allowed to stand pending the submission of a statement showing the servants employed in Third Class Travellers' Bungalows called for in this Office No. 16445-52—L. F. 322-92, dated 30th March 1894.

12. ***(VI) Conservancy and Sanitary charges.***—The provision (Rs. 105) under this head is small, but the Government observe that a lump sum of Rs. 19,000 is provided under works to be executed by Revenue agency for the construction of Chavadis, &c., and for sanitary improvements of villages. The details of the sanitary improvements are not given, but as their cost will have to be debited to this head, a provision of Rs. 3,105 will be made under this head with a deduction of Rs. 3,000 from the provision made for "works to be executed by Revenue Department." The details of the sums proposed to be spent under both the heads should be submitted for the approval of Government. The sum of Rs. 20 sanctioned in Government Proceedings, dated 4th May 1894, No. 18725-6—199-93, for the Kammenahalli Jatra should be met from the provision under this head.

13. ***(IX) Contribution.***—The sum of Rs. 985 entered under this head is on account of the contribution payable to the Municipality of Tumkur on account of the maintenance of District Fund roads in the town. The sum of Rs. 1,500 newly entered under "A. Original Works" in the Budget on account of contribution towards the cost of Dispensary buildings in accordance with Government Proceedings dated 16th October 1893, No. 7041-53—L. F. 117-93, should also appear under this head. The necessary transfer will be made and the estimate under this head raised to Rs. (985+1,500) or Rs. 2,485.

14. ***(X) Miscellaneous.***—The decrease under this head is the result of a gross decrease of Rs. 2,205 and of a gross increase of Rs. 1,490 in the items specified in the margin. The new provision made on account of the travelling allowance to the non-official members of the District Fund Board and other items of increase are in accordance with the orders of Government. The estimate is passed.

Increase.	Rs.
1. Feeding Amrut Mahal bulls	... 300
2. Repairing cattle-pounds	... 550
3. Feeding impounded cattle	... 50
4. Travelling allowance to non-official members	... 550

Decrease.	Rs.
1. Remuneration to pound-keepers	205
2. Destruction of cover to snakes	2,000
Total	... 2,205
Net Decrease	... 715

15. (*I*) *Original Works.*—Excluding the sum of Rs. 4,500 transferred to other heads in paras 12 and 13 *supra*, the provision under this head will come to Rs. 32,500, which is sanctioned.

	Rs.
A. Public Works to be executed by D. P. W ...	18,000
B. Ditto by Revenue Department. ...	19,000
Total ...	37,000

16. (*II*) *Repairs.*—The Deputy Commissioner is requested to state whether the contribution of Rs. 985 payable to the Tumkur Municipality for the maintenance of District Fund roads in the town, is included in the sum of Rs. 26,185. If so, the estimate should be reduced by that amount, as provision has been made for the same under "Civil Charges IX. Contributions."

	Rs.
A. Public Works to be executed by D. P. W....	26,185
B. Ditto by Revenue Department ...	1,853
Total ...	28,038

17. The other items call for no remarks.

18. Subject to the explanations called for, the Budget estimates of receipts and charges are sanctioned as per particulars given in the accompanying appendices, of which the following is an abstract:—

READ :—

Docket dated 14th February 1894, No. 2767—644, from the Deputy Commissioner of the Kolar District, submitting the District Fund Budget Estimates of the Kolar Circle for 1894-95, as approved by the District Fund Board in Para XIV of their Proceedings dated 12th idem.

No. 21682-6—L. F. 227-93, DATED, BANGALORE, 13TH JUNE 1894.

ORDER THEREON.—Government resolve to review the District Fund Budget Estimates of the Kolar Circle for 1894-95.

2. The estimated receipts under all heads amount to Rs. 74,900 against Rs. 75,876, the actuals of 1892-93, and Rs. 68,910, the sanctioned estimate for 1893-94, as shown in the following abstract statement :—

Items.	Details.	Actuals of 1892-93.	Estimate for 1893-94	Estimate for 1894-95.
		Rs.	Rs.	Rs.
I	Seventy-six per cent of Local Cess	72,128	65,360	70,743
II	Sale of stray cattle	523	450	500
III	Fines for cattle trespass	3,065	3,000	3,000
VI	Fees from travellers' bungalows	120	100	100
VII	Contributions	...	..	500
VIII	Grants-in-aid	...	..	...
IX	Miscellaneous	40	...	57
	Total ...	75,876	68,910	74,900

3. (*I*) *Seventy-six per cent of Local Cess.*—The estimate under this head does not appear to have been correctly framed. In statement A it is stated that the Land Revenue of Government lands taken for the purpose of calculation of the cess, includes the Irrigation Cess. Government consider that strictly no local cess is chargeable on Irrigation Cess, whether the Cess is levied separately or is merged in the Land Revenue; but before passing final orders on the subject, the Deputy Commissioners of the several Districts will be called upon to report what the practice has been in their Districts. The estimate includes also seventy-six per cent of Local Cess on Sayer; but the Government observe that seventy-six per cent of Local Cess on Sayer is in all other Districts except Kadur and Shimoga, credited to Local Funds General. The Deputy Commissioners of Kolar, Shimoga and Kadur are requested to quote the authority under which seventy-six per cent of the Local Cess on Sayer is in their Districts credited to District Funds. Pending final orders, the estimate will be retained.

4. (VII) *Contributions.*—The source, from which the sum of Rs. 500 entered in the Budget is expected to be realized, should be stated.

5. Including the opening balance of Rs. 58,472, the sum available for expenditure during 1894-95 is Rs. 1,33,372, of which Rs. 1,14,172 *are proposed to be expended, leaving a balance of Rs. 19,200 at the end of the year.

	Rs.
*1. Civil Charges ...	22,350
2. Works to be executed by P. W. D.	60,000
3. Ditto by Revenue Dept.	31,822
	1,14,172

6. The following statement shows that the total provision made for Civil Charges during 1894-95 is less than that sanctioned for 1893-94 by Rs. 2,428,

Items.	Details.	Estimate for 1893-94.	Estimate for 1894-95.	Difference. Increase.	Difference. Decrease.
		Rs.	Rs.	Rs.	Rs.
I	Office Establishment	726	726	...	...
II	Medical Scholarships	521	521	...	...
III	Hospitals and Dispensaries	7,887	7,833	...	54
IV	Midwives	540	1,010	470	...
V	Sweepers for Travellers' Bungalows and Musafarkhanas	987	2,055	1,068	...
VI	Conservancy and Sanitary Charges	10,276	5,882	...	4,394
VII	Vaccination	116	116	...	..
IX	Contribution (½ cost of construction of Dispensary at Sidlaghatta	300	1,347	1,047	...
X	Miscellaneous	3,425	2,860	...	565
	Total ...	24,778	22,350	2,585	5,013

Net Decrease Rs. 2,428.

7. (*I*) *Office Establishment.*—The provision made under this head does not include the increase of Rs. 10 per mensem sanctioned to the two Clerks in the District office in Government Proceedings dated 13th March 1894, No. 15100-1—L. F. 386-92, and the increased contribution payable towards the salaries of the two temporary hands sanctioned for the Dewan's Office. The estimate will therefore be raised by Rs. (120+15) 135.

8. (*II*) *Medical Scholarships.*—The sanctioned amount that has to be entered under this head on account of Medical Scholarships payable to students under-going training at the Madras Medical College for employment as Hospital Assistants is Rs. 430, and not Rs. 521 as entered by the Deputy Commissioner. The former figure will be adopted in the Budget.

9. (*III*) ***Hospitals and Dispensaries.***—The following three items are included in the estimate under this head :—

	Rs.
1. Clerk for the Civil Hospital at Rs. 15 instead of Compounder ..	120
2. Dispensary for women and children	352
3. Furniture for Local Fund Dispensaries	189

1. Proceedings dated 21st September 1893, No. 5185-7—L. F. 73-93.
2. Ditto dated 10th August 1893, No. 2645-7—L. F. 434-92.

10. Items 1 and 2, which are in accordance with the marginally noted Proceedings, will be allowed to stand.

11. *Item* 3.—A provision of Rs. 515 was sanctioned in 1893-94 for furniture. The Deputy Commissioner is requested to state whether it was utilized, and if so, why provision was again made for the same. Pending information, the estimate will stand.

12. (*IV*) *Midwives.*—There are at present six midwives. Three more are proposed to be employed during 1894-95, and a sum of Rs. 200 is proposed on account of the travelling allowance and fees payable to midwives under Government Proceedings dated 7th September 1893, No. 4629-40—L. F. 55-93. Hence the increase in the estimate, which is passed.

13. (*V*) *Sweepers for Travellers' Bungalows and Musafarkhanas.*—The increased estimate under this head will be retained, pending the issue of final orders on the statement, showing the establishments maintained in Third Class Travellers' Bungalows, Musafarkhanas, &c., submitted by the Deputy Commissioner in accordance with this Office No. 17165—L. F. 208-93, dated 11th April 1894.

14. (*VI*) ***Conservancy and Sanitary Charges.***—The details for the lump sum provision of Rs. 5,882 made under this head are as noted in the margin. Items 1 and 2 are in accordance with the sanctioned scale, and are approved. The details of item 3 should be given. Item 4 calls for no remark.

	Rs.
1. Conservancy charges during fairs and festivals	50
2. Permanent Establishments for village sanitation	1,632
3. Temporary conservancy charges ...	1,500
4. Cost of removing prickly-pear	2,700
Total ...	5,882

15. (*IX*) *Contributions.*—The provision entered under this head includes the amount of contribution payable by the District Fund Board towards the cost of the Dispensary building at Sidlaghatta, but does not include Rs. 3,000 sanctioned as District Fund contribution towards the cost of the Town Hall to be built at Kolar. The Deputy Commissioner is requested to state whether the latter amount is not likely to be paid before the end of June 1894.

16. (*I*) *Original Works.*—The estimate, which is for the works noted below, is approved.

A. Works to be executed by D. P. W.—	Rs.
1. Chintamani-Chelur road	9,000
2 Bridging Periyasandra-Goribidnur road...	7,500
Total ...	16,500

B. Works to be executed by Revenue Dept.—	Rs.
1. Wells for drinking purposes... ...	6,250
2. Roads	4,310
3. Tunnels and road dams	650
4. Buildings	11,500
5. Chavadis	3,010
Total ...	25,720

17. (*II*) *Repairs.*—It should be explained whether the sum of Rs. 20,745 includes the contribution payable to the Kolar Town Municipality on account of the maintenance of the District Fund roads in it. Pending explanation, the estimate will stand.

A. Works to be executed by D. P. W.—		Rs.
Road repairs		20.745
B. Ditto by Revenue Dept.—		
	Rs.	
1. Chavadis ...	200	2,300
2. Roads	100	
3. Musafarkhanas	1,000	
4. Antersante-Kunte at ...	1,000	

18. (*III*) *Establishments.*—The charges on account of the supervision of works to be executed by D. P. W. appears to be large, being nearly thirty-one per cent of the provision made for original and repair works. The amount will be reduced to Rs. 7,449. The charges on account of works to be executed by Revenue Department are in accordance with Government Proceedings dated 23rd May 1894, No. 3075-86—L. F. 425-93. The estimate is passed.

	Rs.
A. Public works to be executed by D. P. W. ...	11,500
B. Ditto by Revenue Dept. ...	2,802

19. (*V*) *Reserve.*—The provision made for reserve appears to be excessive and will be reduced to Rs. 2,500.*

	Rs.
A. Public works to be executed by D. P. W. ...	10,755
B. Ditto by Revenue Dept. ...	1,000
*A. Works ... ... Rs.	2,000
B. Ditto ... ... „	500

20. The other items call for no remarks.

21. The Budget Estimates for 1894-95 are, subject to the explanations called for, sanctioned as per details given in the accompanying appendices, of which the following is an abstract:—

Mr. Y. Srinivasa Rao, Executive Engineer, Kolar Division.

I. The undermentioned papers were read and recorded :—

(1) Proceedings of the last meeting dated 27th January 1894.

(2) Government Proceedings No. 10579-81—L. F. 180-93, dated 11th January 1894, sanctioning two lists of District Fund incomplete works of the Kolar District of the past year amounting to Rs. 9,814 requiring completion during 1893-94.

(3) Government Proceedings No. 13064-75—L. F. 402-92, dated 8th February 1894, declining to interfere with the discretion of the Municipal and Local Fund Boards in regard to the hours at which their meetings are to be held and observing that as far as possible meetings should be held during office hours.

(4) Government Proceedings No. 13666-76—L. F. 357-92, dated 16th February 1894, sanctioning the improved style of accommodation for in-patients' wards attached to Local Fund Dispensaries.

(5) Government Proceedings No. 171701—L. F. 208-93, dated 11th April 1894, sanctioning the entertainment of servants to take care of certain buildings and bathing places in the District.

(6) Government Proceedings No. 17168-9—L. F. 208-93, dated 11th April 1894, sanctioning the Board's proposal to take care of the Chattram built at Urigam by contractor Lokanatha Mudaliar and to entertain a sweeper for the same on Rs. 6 per mensem.

(7) Government Proceedings No. 15602-11—L. F. 322-92, dated 19th March 1894, directing that from 1st July 1894 the establishment and maintenance charges of all third class Travellers' Bungalows and Musafarkhanas be debited to District Funds and that those of all second and first class Bungalows be debited to Provincial.

(8) Government Proceedings No. 18400-8—L. F. 346-92, dated 1st May 1894, passing orders for granting travelling allowance to Taluk officials when they travel beyond the limits of their Taluks to attend Local Fund Meetings.

(9) Government Proceedings No. 15100-1—L. F. 386-92, dated 13th March 1894, sanctioning an increase of Rs. 5 to the pay of each of the two Local Fund clerks employed in the District office.

(10) Government Notification No. 15283—L. F. 378-92, dated 15th March 1894, ruling that the powers and functions of the District Magistrate in regard to Cattle Trespass Act, shall in future be exercised by the Presidents of Municipal and District Fund Boards.

(11) A statement of works sanctioned from the District Funds since the date of the last meeting.

II. Read Government Proceedings No. 12710-11—L. F. 104-92, dated 26th January 1894, observing that an Amrut Mahal bull will be supplied to each Taluk, if District Fund Boards are prepared to pay for the same, and that Government will favorably consider any suggestions for the reduction of prices of bulls to be supplied.

Resolved that the Government be requested to order the supply of a bull to each Taluk in the District, fixing the price thereof with reference to the average prices realized by the sale of such bulls at the Nandi and other Jatras, as directed in Government Proceedings No. 8482-4—L. F. 104-92, dated 27th November 1893.

III. Read docket No. 16016—L. F. 208-93, dated 24th March 1894, from the Chief Secretary to the Dewan of Mysore, requesting the Deputy Commissioner to place before the District Fund Board

for appropriation a proposal to increase the pay of the Dandis attached to the third class Travellers' Bungalows.

Resolved that Government be moved to sanction the pay of the Dandis attached to the marginally noted third class Travellers' Bungalows being raised from Rs. 4 to Rs. 5 in each case.

(1) Muibagal. | (3) Peresandra.
(2) Jangamkote. | (4) Gaitamvarpalli.

IV. With reference to Government Proceedings No. 17170-1—L. F. 208-93, dated 11th April 1894, sanctioning the entertainment of servants to take care of certain public buildings and bathing places in the District, the Amildar of the Goribidnur Taluk brings to notice that the pay of Rs. 4 therein sanctioned for the sweeper of the Musafarkhana at Goribidnur is inadequate, owing to dearness of labor, in consequence of the close proximity of the place to the Railway line and the Sugar Factory.

Resolved that the Government be requested to sanction a pay of Rs. 5 for the said servant.

V. Read Government Proceedings No. 14537—L. F. 155-93, dated 2nd March 1894, directing that the cost of road approaches to Goribidnur and Doddakurugodu Railway Stations on the Bangalore-Hindupur Railway be met from the District Funds, and stating that Government will have no objection to the works being executed, if the District Fund Board approve of the estimate submitted for the same.

Resolved that the above mentioned works be executed, and the cost met from the District Funds.

VI. Read correspondence ending with Government Proceedings No 16765—L. F. 74-93, dated 4th April 1894, regarding the proposed purchase of the rest house with out-houses, &c., built by the Railway authorities near the Tondebhavi Station on the Bangalore-Hindupur Railway.

Resolved that the sanction of Government be applied for for the purchase of the Rest House with the out-houses, &c., at a cost of Rs. 1,500 and for the appointment of a care-taker on Rs. 5 per mensem to look after the same, the question of the construction of the Musafarkhana sanctioned for Tondebhavi in Government Proceedings No. 14395 6—L. F. 74-93, dated 27th February 1894, being held in abeyance for future consideration, after sufficient experience is gained as to the adequacy or otherwise of the accommodation afforded to the public by the buildings to be purchased.

VII. Read correspondence ending with the Executive Engineer's docket No. 77, dated 24th March 1894, to the address of the Deputy Commissioner, regarding the extension from Melur to Sidlaghatta of the road proposed by the Deputy Commissioner of the Bangalore District to be opened from Vadgenahalli to Melur.

The cost of opening out this road in the District to a length of about four and a half miles is estimated by the Executive Engineer, Kolar Division, at Rs. 10,500, and the same being prohibitive, the Board resolve that the work cannot be undertaken, as the advantage to be gained thereby, which will be the saving of a few miles in distance, is incommensurate with the large outlay involved.

VIII. Read correspondence ending with this office docket No. 3392-1919, dated 28th March 1894, to the address of the Executive Engineer on the subject of metalling portions of Budikote Railway feeder.

Resolved that the question be deferred for discussion at the next meeting of the Board, the Executive Engineer being absent from this meeting.

IX. Read copy of docket No. 2280, dated 2nd May 1894, from the Chief Engineer in Mysore to the address of the Executive Engineer, Kolar Division, requesting the latter officer to submit an estimate in consultation with the Executive Engineer, Tumkur Division, for the portion passing through Kolar Division of the proposed railway feeder road from Maddagiri to Goribidur, and to obtain the approval of the Local Fund Board to the cost being met from the District Funds.

Resolved that the portion of the road passing through Kolar Division be opened at the cost of the District Funds, provided the Local Fund Board of the Tumkur Circle undertake the portion passing through that Division.

X. Read Government Proceedings No. 18107-8—L. F. 190-93, dated 26th April 1894, sanctioning the levy of tolls on certain roads near the British frontier in the Mysore District, and prescribing rates.

Resolved that Government be moved to sanction the establishment of similar toll gates on the following roads in this District passing into the British Territories, as the income therefrom is roughly estimated at Rs. 10,000 per annum:

(1) Malur-Hossur road.
(2) Do Bherike road.
(3) Venkatagirikota road.
(4) Madras-Cannanore road.
(5) Bangalore-Cadapa road.
(6) Bagepalli-Chelur road.
(7) Bangalore-Bellary road.
(8) Bangalore-Hindupur road.

XI. The Executive Engineer submits the following estimates for approval, and suggests that the loop line from Dodhasala to Kolar, a distance of three miles and three furlongs, may be included among the roads to be regularly maintained from the District Funds with a mileage allotment of Rs. 30:—

(1) An estimate amounting to Rs. 174 prepared by the Kolar Amildar for constructing a road dam and a tunnel on the road leading to the Antarganga spring.
(2) An estimate amounting to Rs. 285 for mile and furlong stones for Goribidnur-Bairanhalli road.

Resolved that the above proposal and the estimates be approved, and the works mentioned in the estimates be executed during the current official year.

The Executive Engineer submits for the consideration of the Board a supplemental application for a re-appropriation of Budget grant for the year 1893-94.

Resolved that the said application be submitted to Government for sanction.

D. RAMANUJAIENGAR, for *Dy. Commissioner.*

READ :—

Letter and docket dated 4th March and 23rd April 1894, Nos. 600 and 775, respectively from the Deputy Commissioner of the Hassan District, submitting the District Fund Budget Estimates of the Hassan Circle for 1894-95, together with a copy of the District Fund Boards' Proceedings dated 31st February 1894, approving of the same.

No. 21658-62—L. F. 231-93, DATED 13TH JUNE 1894.

ORDER THEREON.—The income of the Hassan District Fund Circle for 1894-95 is estimated by the District Fund Board at Rs. 68,930 against Rs. 69,674, the actuals of 1892-93, and Rs. 67,893, the sanctioned estimate for 1893-94, as shown in the following statement :—

Items.	Details.	Actuals of 1892-93.	Estimate for 1893-94.	Estimate for 1894-95.
		Rs.	Rs.	Rs.
I	Seventy-six per cent of Local Cess	58,435	55,838	57,760
II	Sale of Stray Cattle	1,542	1,800	1,600
III	Fines for Cattle Trespass	5,352	7,000	5,500
IV	Ferry Collections	3,853	2,500	3,200
VI	Fees from Travellers' Bungalows	353	5	50
VII	Contributions	...	500	500
IX	Miscellaneous	139	250	320
	Total	69,674	67,893	68,930

2. (*I*) ***Seventy-six per cent of Local Cess.***—The decrease in the estimate compared with the actuals has not been explained. The omission should be supplied. Meanwhile, the estimate will stand.

3. (*VI*) ***Fees for Travellers' Bungalows.***—The decrease in the estimate compared with the actuals of 1892-93 is explained to be due to no rents being now realized from Rangacharlu Memorial Chattram at Arsikere, which was rented out to temporary residents in former years, but which is now thrown open to travellers.

4. Including the opening balance of Rs. 63,474, the sum available for expenditure during 1894-95 is Rs. 1,32,404, of which Rs. 1,02,694* are proposed to be expended; leaving a balance of Rs. 29,710 at the end of the year.

		Rs.
*1.	Civil Charges	17,054
2.	Public works to be executed by P. W D.	83,440
3.	Ditto by Revenue Department ...	2,200
	Total ...	1,02,694

5. The provision made for Civil Charges amounts to Rs. 17,054 against Rs. 16,455, the sanctioned estimate for 1893-94, as shown below :—

Items.	Details.	Estimate for 1893-94.	Estimate for 1894-95.
		Rs.	Rs.
I	Office establishment	451	731
II	Medical scholarships	521	521
III	Hospitals and dispensaries	3,150	3,102

IX	Contribution	139	...
X	Miscellaneous	6,334	6,000
	Total ...	16,455	17,054

6. (*I*) ***Office Establishment.***—The present establishment is—

		Rs
Clerk on		25
Allowance to District Office 4th Clerk ...		10
Total ...		35 or 420 per annum.

Only half of this amount is debited to District Funds, as the Clerks are doing the work of both the Municipal and District Fund Departments. In addition to this establishment, the Board propose to entertain a Clerk on Rs. 15 per mensem. This is sanctioned. Including the pay of the additional hand, the amount required is Rs. 631* and not Rs. 731 as erroneously entered in the Budget. Adding to the former, a sum of Rs. 15 on account of the contribution payable towards the salaries of the two temporary Clerks employed in the Dewan's Office, the estimate under this head will be Rs. 646.

	Per Annum Rs.
*(1) Moiety of the Statistical Clerk ...	150
(2) Moiety allowance of the 4th Clerk of the District Office	50
(3) Contribution towards the cost of establishment in the Comptroller's and Dewan's Offices	241
(4) Additional Clerk on Rs. 15 ..	180
Total ...	631

7. (*II*) ***Medical Scholarships.***—The sanctioned amount that has to be entered under this head is Rs. 430 and not Rs. 521. The former figure will be adopted in the Budget.

8. (*III*) ***Hospitals and Dispensaries.***—A provision of Rs. 100 was sanctioned for 1893-94 on account of cots to in-patients. No such provision being necessary in 1894-95, it is omitted, and a new provision of Rs. 52 made for the two items noted in the margin. This accounts for the net decrease of Rs. 48 in the estimate. Item (2) has already been sanctioned. As regards item (1), the Deputy Commissioner is requested to submit a separate reference showing the necessity for the increase proposed. Pending information, the increase proposed will be retained. The estimate under this head does not include the amount required for the dispensary recently sanctioned for Konanur. A sum of Rs. 637 † will be entered on this account and the estimate raised to Rs. 3,739.

	Rs.
(1) Moiety cost of the increase of Rs. 2 proposed for the Compounder at Hassan ...	12
(2) Increase of charge allowance to the Hospital Assistant at Belur, sanctioned in Proceedings dated the 22nd September 1893, No. 5295-7—241	40

(3) Charge allowance at Rs. 10	120
(4) Feeding in-patients	25
(5) Furniture (lump sum initial cost) ...	192
	637

9. (*IV*) ***Midwives.***—There are now 3 midwives, and it is proposed to employ 3 more during 1894-95. Hence the increase in the estimate, which is passed.

10. (*V*) *Sweepers for Travellers' Bungalows and Musafarkhanas.*—The provision under this head includes the salaries (Rs. 120) of Sweepers proposed to be employed to look after the musafarkhana at Holé-Narsipur and the bungalow at Halébidu stated to have been recently ordered to be constructed. The Deputy Commissioner is requested to quote the authority for the construction of the musafarkhana and the bungalow above referred to. Meanwhile, the estimate will stand.

11. (*IX*) *Contributions.*—The omission of any provision under this head is explained to be due to the District roads in the Hassan town having been retransferred to the Public Works Department for maintenance under Government Proceedings dated 18th September 1893, No. 5020-9—L. F. 77-93.

12. (*X*). ***Miscellaneous.***—The estimate, of which the details are given in the margin, is passed.

13. (*I*) *Original Works.*—The provision of Rs. 27,000 includes Rs. 2,000 proposed to be spent on a new road, namely, Mallepatna-Chengadehalli road *vid* Sanivarsante, of which a portion within the Coorg limits is to be constructed by the Coorg authorities. It is not ascertained whether the Coorg authorities are willing to construct their portion of the road, without which the other portion would not be of much use. Excluding this item, which will be disallowed for the present, the estimate under thishead amounts to Rs. 25,200.

I. Receipts and Disbursement Account for the three months (commencing from 1st September 1893 to end of November 1893) as per accompanying statement was placed before the Board with intimation that adjustment memo for November was not received from the Comptroller (since received).

Resolution.—Passed.

II. The accompanying statement showing the outlay on works under Local Funds General, from 1st September 1893 to end of December 1893, was read to the Board.

Resolution.—Passed.

III. The usual Budget Estimates for the year 1894-95 were placed before the Board. The short estimate of the following items was explained as stated below :—

(1) "*Fines for Cattle-trespass and Sales of Stray Cattle.*"—The estimate is less than for 1893-94, because the collections under these items for the last six months have fallen off. This is an item which is subject to fluctuations.

(2) "*Ferry Collections.*—The collections for the past six months show a decrease. The income from this source depends much upon the condition of the floods.

(3) "*Fees from Musafarkhanas and Travellers' Bungalows.*"—The income from Rangacharlu's Memorial Chattram was only temporary, because rooms had been rented to temporary residents of the place. These have vacated, and it is decided not to rent out rooms in future, but to keep them always available for travellers.

(4) "*Sale of Manure.*"—This being a new and untried source of income, only a small sum is estimated as realization from sales of market sweepings.

Resolution.—The estimates were passed.

Original Works.—The Budget Estimate of Public Works prepared by the Executive Engineer was placed before the Board together with the memo appended :—

(1) With reference to the marginally noted works estimated at Rs. 32,669, for which grants to the extent of Rs. 15,000 were proposed to be provided, the Board observed that in accordance with the Resolution of the meeting held on 3rd January 1893, these works could not be undertaken out of District Fund Assets, as there are many other works in the District requiring urgent attention, and as the Government has already intimated in Proceedings No. 17529-33—L. F. 203-92, dated 24th April 1893, that these Department, for being carried out out of Provincial Funds, the Government, respectfully, again to sanction these two works from Provincial Funds.

(1) Constructing Iron Girder Bridge across Addahalla on Manjarabad-Subrahmanya road. Estimate Rs. 17,669.

(2) Improving the Bisle Ghat road, Rs. 15,000.

would be considered in the Public Works The Board accordingly resolved to urge

The Board further resolved that the following urgent works of local necessity be provide for at once, namely :—

(1) *Yelsur-Hengadihalli road.*—Executive Engineer's docket No. 792, dated 18th Octob 1893, on this subject, was read. The President informed the Board that the Coorg authoriti have now given their consent to the road being made in a portion of their territory to a length one and a half miles. The Board observed that provision of Rs. 1,000 made for this work in t last year was not passed by Government for want of funds. This work is estimated to cost n less than Rs. 3,000. So Rs. 3,000 have been provided.

(2) *Bridging and improving Mallipatna and Wangur road.*—Mr. C. Narayana Rao, Amild of the Manjarabad Taluk, informed the Board that during the monsoons it becomes very difficu for men as well as cattle to cross the streams in the Mallipatna-Wangur road, and that it is n possible to have boats in them, and proposed that they should be bridged. Mr. Nagavkar secon ed the proposal. Rs. 2,000 were accordingly provided.

(3) *Bikkod-Arehlli road.*—With reference to Resolution No. 5 of the Proceedings, dat 3rd January 1893, Mr. Tammaiya informed the Board that the question of extending the Sakle pur-Arehalli road to join with the Gonibid road not having as yet been decided, the opening of t road from Arehalli to Bikkod market may be taken up. The suggestion was adopted with refe ence to Resolution VI of the Proceedings, dated 27th July 1893, on the subject. Rs. 4,000 (fo thousand) were provided.

(4) *Mallipatna-Chengadihalli road, viâ Sanivarasante.*—The Executive Engineer again move that provision be repeated this year for this road as in the last year ; it was not made for want funds.

The Board approved the proposal, and, while providing a sum of Rs. 2,000, desired that t President should take measures to ascertain the views of Coorg authorities, as portion of it li in Coorg, through the proper channel.

(5) *Bridging and completing the new road between Saklespur and Arehalli.*—With referen to Resolution 4 of the Proceedings, dated 3rd January 1893, the Board decided to bridge an complete the road between Saklespur and Arehalli, and for that purpose to provide Rs. 5,000.

(6) *Improving Tiptur-Chamarayapatna road.*—This road requires metalling, as traffic growing heavy, and on account of the unsatisfactory condition of the same, all heavy traffic no passes along the more circuitous road, *viâ*, Arsikere and Gandasi.

The Board resolved to provide Rs. 5,000 for this purpose.

(7) *Bridging and diverting Dudda-Arsikere road.*—A large sum of Rs. 15,000 has bee spent on this road. But on account of not carrying out the diversion in the ghat and bridging t kodi of Harnahalli tank, this road is not fully useful. The Board therefore decided that Rs. 6,0 be provided for it.

IV. *Annual maintenance of roads.*—Mr. Nagavkar explained to the Board that the prese mileage allotments for the marginally noted road is found inadequate, and it is necessary to raise t same to meet the requirements.

(1) Yelwal-Hassan road, from Rs. 50 to 60.
(2) Dudda-Arsikere road, from Rs. 50 to 90.
(3) Manjarabad-Subrahmanya road, from Rs. 100 to 130.

Resolution.—The Board considering the importance of the roads, resolved to pass the same, noted in the statement Form C and also on the margin.

V. Mr. Chandaiya, Amildar, suggested to the Board the desirability of maintaining th little bit of the road leading from the Banavar-Belur road to the Halébid temple, as many Europ ans and Native gentlemen often visit the place.

Mr. Nagavkar informed the Board that the small bit of half a mile could not be repaire from the grant of the Banavar-Belur road which is a Provincial one.

Resolution.—Resolved that the bit of this road be included in the list of Local Fund road and a sum of Rs. 50 allotted.

VI. The provisions made under "Reserve" and "Tools" and "Plant" were also accepted

VII. *Public Works to be executed by Revenue Department.*—The Board resolved that a pr vision of Rs. 2,000 be made in the Budget this year for the purpose of improvement of cart-track as in last year.

VIII. Read Channarayapatna Amildar's proposal received with his Arzi No. 88, dated 23rd January 1894, that the provision of Rs. 500 sanctioned for the construction of the Bathing Ghat to Channarayapatna tank is insufficient, as the estimate has run up to Rs. 672.

Resolution.—The Board resolved to allot a sum of Rs. 200 for the completion of the work.

IX. *Civil Charges.*—The Budget Estimate of Civil Charges for 1894-95 was then placed before the Board.

The President informed the Board that having regard to the increase of work in the Local Fund Department the establishment is in urgent need of being strengthened, and for that purpose it was necessary to have a full-time Clerk entirely for Local Fund Work, relieving him altogether of his work in the Statistical branch. An additional Clerk for District Funds has been sanctioned by Government elsewhere. The establishment in the neighbouring District of Kadur consisted of Municipal Funds one Clerk, District Funds two Clerks, one on Rs. 20 and other on Rs. 15, and in that of Chitaldroog it has Municipal and Statistical Clerk, one on Rs. 25, District Fund Clerk on Rs. 15.

Resolution.—Rupees 180 for salary of a Clerk on Rs. 15 per mensem be provided in the Budget, and the Government be solicited to sanction the same.

X. Read Government Proceedings No. 9943-4—L. F. 350-92, dated 23rd December 1893, forwarding for the consideration of the Board the proposition statement submitted by the Senior Surgeon in the matter of raising the pay of the compounder in the Head-quarter Hospital from Rs. 8 to Rs. 10. The President explained to the Board that a moiety of the increase will have to be borne by the District Funds.

Resolution.—The Board resolved to sanction the increase proposed and due provision be also made in the list of Civil Charges.

XI. Read Government Proceedings No. 4629-40—L. F. 55-93, dated 7th September 1893, issuing instructions as regards the control to be exercised over midwives, for the information of the Board.

Mr. Tammaiya suggested that midwives should be appointed for each Taluk.

The President informed the Board that instructions from the Government have already been received in the matter, and that at present three have been appointed to Belur, Channarayapatna and Holé-Narsipur Taluks, and that the arrival of candidates undergoing training is awaited.

Resolution—There being already three appointed, and scholarships for two having been sanctioned during the current year, provisions for the salaries of six midwives and scholarships for two more to make up eight in number be made in the Budget for 1894-95.

XII. The President informed the Board that the Government having sanctioned the construction of a Bungalow at Halébid and a Musafarkhana at Holé-Narsipur, provision for sweepers have to be made.

Resolution.—The two sweepers on Rs. 5 each per mensem be provided in the Budget.

XIII. The provision of Rs. 4,000 under the head "Rural Sanitation" be repeated this year also.

XIV. The President informed the Board that under orders conveyed in Government Proceedings No. 5020-9—L. F. 77-93, dated 18th September last, the maintenance of District Fund roads, lying within the Head-quarter Municipality for which contribution was being paid, having again been transferred to the Public Works Department and therefore there being no necessity for paying the contribution of Rs. 139, the item has been omitted in the Budget.

XV. Read Government Proceedings No. 2003-13—L. F. 316-92, dated 3rd August 1893, directing the payment of travelling allowances to non-official members for attendance to the meetings of the Board, charging the same to the District Funds.

Resolution.—That a provision of Rs. 300 be made in the Budget for the purpose.

XVI. Read Government Proceedings No. 9862-3 - L. F. 27-93, dated 22nd December 1893, requesting the opinion of the Board as regards the best place for locating the Dispensary proposed as between Konanur and Ramnathpur. Read also correspondence ending with the Deputy Commissioner's letter No. 339, dated 30th August last, to the address of the Senior Surgeon, and Resolution No. IV. of the Proceedings of the Board, dated 3rd October last, submitting the question of establishing additional Dispensaries in the District, in the order of urgency and importance.

Resolution.—The question was again considered fully, and upon votes taken, it was resolved by majority that Government be requested to sanction the location of the Dispensary at Konanur, which contains a large number of population to the extent of 3,500 against 626 in Ramanathpur and which also is on a road side.

XVII. Read Government Proceedings No. 7647—L. F. 203-92, dated 8th November 1893, enquiring whether application made for incomplete works of previous year cannot be met from "Reserve." Read also Executive Engineer's docket No. 930, dated 1st December 1893, submitting a re-appropriation statement for sanction, and explaining the necessities for information of the Board. The Board observed that in the re-appropriation statement submitted by the Executive Engineer, a sum of Rs. 12,006 was included for the Belur Bridge work, for which grant was applied for from the Local Funds General

Resolution.—The Board recognizing the urgency brought to notice of the incomplete works noted below to the extent of Rs. 7,724, namely :—

		Rs.
(1)	Constructing bridges and tunnels across Yelwal-Hassan road ..	2,836
(2)	Improving and metalling Hassan-Tiptur road	1,246
(3)	Constructing bridge across Kerodi stream on Iyahalli-Yeslur road ..	642
(4)	Reserve grant for original works	1,000
(5)	Do for repairs	2,000
	Total ..	7,724

resolved to pass the same, and requested the President to obtain sanction therefor, and at the same time to urge Government for sanctioning the grant for the Belur Bridge work as has already been resolved upon from Local Funds General.

XVIII. Read Senior Surgeon's docket No. 1682, dated 22nd December 1893, forwarding petition from Muhammad Nasiruddin Khan and others, praying for the establishment of a Dispensary at Kenchammana Hoskote in Manjarabad Taluk.

Read also Resolution IV of the Proceedings of the Board in the matter of additional Dispensaries required in the District.

Mr. Narayan Rao, Amildar, informed the Board that Kenchammana Hoskote is a healthy place in the Taluk, and that there is a Dispensary at Yeslur within a distance of 7 miles.

Resolution.—In consideration of the close proximity of a Dispensary, resolved that it is not necessary to have one at Kenchammana Hoskote, as prayed for by the inhabitants.

XIX. Read Executive Engineer's docket No. 646, dated 1st September 1893, forwarding copies of letters received by him from the Honorary Secretary, South Mysore Planters' Association, on the subject of Ussur-Gonibid road.

Resolved that the decision of the Board to open this road from Saklespur to Archalli independent and irrespective of the old so-called road from Ussur to Chandrapur be communicated for the information of the South Mysore Planters' Association, and that further, the President of that Association be informed that the track from the 131th mile in Mangalore road to where it would join this above road would be improved for such local use as there is for it.

XX. Read Manjarabad Amildar's Arzi No. 43, dated 9th November last, submitting resolution of the Saklespur Municipal Board on the subject of removing the dead house attached to the Saklespur Dispensary from its present situation, on the ground that the dead house is in close proximity of the town, and at times of *Post-mortem* it becomes very disagreeable for the residents.

Resolution.—The Board approving the above, resolved to address the Chief Engineer for adopting early measures in the matter.

XXI. Mr. S. Venkataramanaiya, Acting Amildar of Hassan, suggested to the Board the desirability of improving facility of communication between the market places of Salgame and Halébid.

Resolved that this question be investigated by the President, and the track improved where possible with the existing provision.

GENERAL.

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 10th June 1894.

READ :—

Correspondence ending with letter No. 515, dated 4th September 1893, from the Deputy Commissioner, Mysore District, relating to application from Ex-Resaldar Rama Row, for a loan to redeem the encumbrances on his Jaghir.

CAMP No. 339—41, DATED, MYSORE, 6TH JUNE 1893.

ORDER THEREON.—A loan of Rs. 22,000 at five per cent interest per annum is sanctioned to be given to Musahib Rama Row, on the first mortgage of the Jaghir villages belonging to him and of those purchased by him from his brother Siva Row's widow, Parvati Bai. The names and other particulars of the villages are given in the appended Statement A. The loan should be discharged out of the net annual revenue of the villages mortgaged. In calculating the annual revenue, only the *Swarnadayam* should be taken into account, as laid down in Regimentdar Lakshman Row's case, in para 2 of the Dewan's Memo. dated 7th June 1889, copy of which is annexed for ready reference. The net annual revenue received each year, to the extent of Rs. 2,200, should be applied first towards the interest on the loan, and the balance towards the reduction of the principal. Should there be a surplus after paying Rs. 2,200 as above, the same may, at Rama Row's option, be either paid to him or be applied towards the discharge of the debt.

2. The Deputy Commissioner will take the needful early action to carry out the transaction sanctioned above, getting Rama Row to execute the mortgage deed required, and seeing himself to the application of the money to be lent by Government for the full discharge of existing encumbrances upon the property.

T. ANANDA ROW,
Chief Secretary.

To—The Deputy Commissioner, Mysore District.
The Comptroller to Mysore Government.
M. R. Ry. Musahib Rama Row.

A.

Note.—The Jamabandi and other details, stated in Rama Row's deposition before the Deputy Commissioner to have been therewith furnished, are not among the papers which the Deputy Commissioner has sent up. The figures in the subjoined statement, taken from information informally obtained from Rama Row, require verification in the Deputy Commissioner's Office. The result should be reported. Resolution.—In consideration of the close proximity of a Dispensary, resolved that it is not necessary to have one at Kenchammana Hoskote, as prayed for by the inhabitants.

XIX. Read Executive Engineer's docket No. 646, dated 1st September 1893, forwarding copies of letters received by him from the Honorary Secretary, South Mysore Planters' Association, on the subject of Ussur-Gonibid road.

Resolved that the decision of the Board to open this road from Saklespur to Archalli independent and irrespective of the old so-called road from Ussur to Chandrapur be communicated for the information of the South Mysore Planters' Association, and that further, the President of that Association be informed that the track from the 134th mile in Mangalore road to where it would join this above road would be improved for such local use as there is for it.

XX. Read Manjarabad Amildar's Arzi No. 43, dated 9th November last, submitting resolution of the Saklespur Municipal Board on the subject of removing the dead house attached to the Saklespur Dispensary from its present situation, on the ground that the dead house is in close proximity of the town, and at times of *Post-mortem* it becomes very disagreeable for the residents.

Resolution.—The Board approving the above, resolved to address the Chief Engineer for adopting early measures in the matter.

XXI. Mr. S. Venkataramanaiya, Acting Amildar of Hassan, suggested to the Board the desirability of improving facility of communication between the market places of Salgame and Halebid.

Resolved that this question be investigated by the President, and the track improved where possible with the existing provision.

Correspondence ending with letter No. 515, dated 4th September 1892, from the Deputy Commissioner, Mysore District, relating to application from Ex-Resaldar Rama Row, for a loan to redeem the encumbrances on his Jaghir.

CAMP No. 339—41, DATED, MYSORE, 6TH JUNE 1893.

ORDER THEREON.—A loan of Rs. 22,000 at five per cent interest per annum is sanctioned to be given to Musahib Rama Row, on the first mortgage of the Jaghir villages belonging to him and of those purchased by him from his brother Siva Row's widow, Parvati Bai. The names and other particulars of the villages are given in the appended Statement A. The loan should be discharged out of the net annual revenue of the villages mortgaged. In calculating the annual revenue, only the *Swarnadayam* should be taken into account, as laid down in Regimentdar Lakshman Row's case, in para 2 of the Dewan's Memo. dated 7th June 1889, copy of which is annexed for ready reference. The net annual revenue received each year, to the extent of Rs. 2,200, should be applied first towards the interest on the loan, and the balance towards the reduction of the principal. Should there be a surplus after paying Rs. 2,200 as above, the same may, at Rama Row's option, be either paid to him or be applied towards the discharge of the debt.

2. The Deputy Commissioner will take the needful early action to carry out the transaction sanctioned above, getting Rama Row to execute the mortgage deed required, and seeing himself to the application of the money to be lent by Government for the full discharge of existing encumbrances upon the property.

No. 21564-71—G. F. 99-93, DATED, BANGALORE, 10TH JUNE 1891.

ORDER.—As promised at the last Dasara Meeting, the Government have duly investigated the question of amendments required in the present constitution of the Representative Assembly, with a view to effect a more equitable distribution of seats among the various classes represented therein and to make it a more efficient exponent of the practical sense of the general population of the country.

2. The primary object of this Assembly as set forth in Dewan's Proceedings, dated 25th August 1881, was to bring together annually "representative "land-holders and merchants from all parts of the Province," an arrangement which, "by bringing the people in immediate communication with the Govern- "ment, would serve to remove from their minds any misapprehension in regard "to the views and action of Government and convince them that the interests "of the Government are identical with those of the people." Under the same Proceedings the Assembly was to consist of members deputed by Local Fund Boards, one or two cultivating land-holders for each Taluk and three or four merchants for each District. Without in any way intending a departure from its original objects and functions, the Assembly has been from time to time enlarged with a view to make it more truly representative of the people, till ultimately its constitution was placed upon an elective basis under the Notification, dated 14th May 1891. Subsequent experience however has shown that that Notification requires to be modified in the light of the accompanying remarks.

3. One hundred and three Municipal Towns with a total population of 530,000 or less than a ninth of the entire population of the country are now allowed to return through their respective Municipal Boards 115 Members or nearly one-third of the total strength of the Assembly. They are clearly over-represented and their representation may advantageously be reduced. In determining the mode in which this reduction should be effected, account may be taken of the fact that many of the Municipalities are not in a position, either as

trading centres or by the largeness of their population, to claim an urban character, and the minimum population for a town the Municipal Board of which is entitled to return members to the Assembly may well be fixed at 5,000, except in the case of Chitaldroog, which, though it possesses only a population of 4,946, will continue as a District Head Quarter town to send two members to the Assembly. The absence of individual representation of 78* Minor Municipal Boards, which the fixing of this limit involves, is no real hardship, as the members of these Boards will be entitled to vote for and be returned as Taluk Members, being almost invariably either land-holders or Mohatarfa payers. On the other hand, the adoption of this limit has the advantage of doing away with the unfair privilege of dual voting which most of the members of these Boards exercise under existing conditions.

* The total population of these 78 Minor Municipalities is only 200,000, or about 4 per cent of the population of the State.

4. The special representation of the cities of Bangalore and Mysore will cease, as the Rate-payers of these towns are now represented in Elective Boards empowered to depute members to the Assembly. For similar reasons the Rate-payers' Associations of Bangalore and Mysore will cease to send representatives to the Assembly.

5. The result of these changes will be that an urban population of 329,216 congregated in 25 towns, will be represented by 40 members in the Assembly and the total strength of the Assembly reduced to 275. It is not considered desirable to add to the latter figure by increasing the number of rural representatives, as even 275 is too large a representation for a population of less than five millions.

6. Even with the above modification, the commercial and educational activities of the country which are confined almost entirely to the larger towns, will retain more than their fair share of representation in the Assembly.

7. Coming now to the rural parts which comprise the bulk of the population and property of the country, their representation has to be placed upon an enlarged and more satisfactory basis. Under the Proceedings of 1881, the class of Taluk representatives who form the most important section in the Assembly was entirely drawn from cultivating land-holders, but the representation was subsequently extended so as to include the industries of rural parts as well. It is here that the elective system is in full force without the intervention of intermediary bodies, and at present the qualification for the franchise and for membership laid down in Rule I of the Notification of 14th May 1891 go together. Government are of opinion that, while the property qualification for membership should not be lowered, the electoral bodies should be enlarged so as to comprise a larger proportion of the agricultural property of the country, that the property qualification for electors under clause (*a*) of Rule I of the Notification of 14th May 1891 should accordingly be halved and that Taluk Members who are intended to represent the agricultural and industrial interests of the rural and semi-rural parts, should invariably possess the property qualification prescribed under clauses (*a*) and (*b*) of Rule I of the Notification of 14th May 1891.

8. The rule prohibiting a Government servant from voting for, or being elected as, a member of the Assembly, shall of course apply to Municipal and Local Boards and Associations deputing a member to the Assembly. In meetings of the non-official members of those bodies held for the purpose of deputing a member to the Assembly, three-fourths of the number of such non-official members shall constitute a quorum.

9. The prescribed minimum strength of 100 for an Association empowered to depute a member to this Assembly shall consist of non-officials.

10. Dismissed Government officials shall be ineligible for membership.

11. The membership of the Assembly shall be tenable for three years.

12. Deputy Commissioners are requested to revise the lists of voters and persons eligible for membership in the various Talukas, and submit the same at an early date for the information of Government.

13. A revised set of rules embodying the above alterations will be published in the Official Gazette.

No. 22261-70—G. 5002, DATED, BANGALORE, 16TH JUNE 1894.

ORDER THEREON.—In the correspondence read above, the Comptroller brings to notice that the Cash Accounts of the Taluk Treasuries as at present maintained, are written on loose sheets of very inferior Badami paper, and he suggests, with the concurrence of the Deputy Commissioners of Districts, that printed books consisting of more durable paper be supplied for the purpose.

2. It is understood that a copy of the Treasury Account is submitted to the District Treasury daily duly filled up in the proper form, retaining the original in the Taluk. For this purpose, it is necessary that the form should be supplied both in books and fly sheets, the former to be kept in the Taluk as a record and the latter to be forwarded to the District Treasury as is now done.

3. Under these circumstances, Government are pleased to direct that the Cash Account Forms of the Taluk Treasuries required in separate sheets for transmission to the District Treasuries daily be printed on the same kind of paper as heretofore; but the form required to be bound in books will be printed on Badami Foolscap paper (16 lbs.) The headings of the forms should be printed both in English and Kanarese and the forms strongly bound into books of five quires each, the pages thereof being numbered consecutively to prevent tampering, &c.

The following papers relating to embezzlement of Government money at the **Taluk Treasury** at Tiptur.

(1) Correspondence with the Deputy Commissioner, Tumkur, ending with his No. 348, dated 30th October 1893.

() Correspondence with the Comptroller ending with his No. 850, dated 6th August 1893.

CAMP No 487—95, DATED CAMP MYSORE, 16TH JUNE 1894.

ORDER THEREON—After careful consideration of the whole of the papers submitted by the Deputy Commissioner from time to time regarding the embezzlement n question, the Government find it impossible to come to any tangible conclusion as to how a spurious bag containing 448 half-anna copper coins and 300 silver rupees came to be in the Tiptur Taluk Treasury instead of a bag of 1,000 silver rupees. The facts elicited at the re-trial of the Acting Shroff Venkatagiriyappa, while throwing doubt upon his own guilt, suggest the guilt of other officials, and who these officials are, has hitherto been left undetermined.

2. The Government are gravely dissatisfied with the inconclusive enquiry held by Mr. Raghavendra Row when he detected the crime on his examination of the Treasury on 7th February. The false confession made by Venkatagiriyappa was palpably insufficient to put him off his guard or to induce him to omit to enquire into the full details of the crime and of the way in which it was, or could have been, committed. He apparently made no effort to ascertain if any Notes were really cashed in the Treasury as alleged by the Acting Shroff, or how the Acting Shroff could possibly make the large alleged payment of Rupees 650 for Currency Notes without the cognizance and authority of the Treasury Officer (Sheristadar Narain Row), or how the spurious bag came to be placed in the chest under double lock. The very finding of this bag was, in itself, a most serious matter which discredited every single official connected with the Treasury, and the Inspecting Officer utterly failed in his duty in not making a proper enquiry into the matter, and in playing into the hands of the higher Treasury officials who were only too anxious to cover their own sins of commission or omission or both, by sacrificing the Acting Shroff.

3. The Deputy Commissioner's action when he received a report of the occurrence was equally ineffective, and his enquiry on the spot referred to in his letter No. 744, dated 11th March, could not have been a searching one, as all the conclusions he then arrived at have been shown to be utterly wrong by the disclosures in the re-trial of Venkatagiriyappa. In Deputy Commissioner's letter No. 861, dated 17th April, the Government were referred to depositions of all persons concerned taken at the first trial of Venkatagiriyappa. With reference to this, it is only necessary to observe that more important than even the punishment of an individual of the offence of misappropriating public money, was the due enforcing of the responsibility of Treasury officials for such a disgraceful occurrence as the undetected substitution of a bag of copper for one of silver in a public Treasury. The Government regret to find that action of the latter kind yet remains to be taken by the Deputy Commissioner, and they direct that it should be done forthwith.

4. The Government are not satisfied from the information now before them that the spurious bag was introduced after the Amildar's examination of 1st February, or that that examination was as exhaustive as it was pretended to be. There is good ground for suspecting that the bag not impossibly found a place in the Treasury long before its discovery on the 7th February, that its discovery did not take place earlier, because no proper monthly examinations had previously been made, and that the existence of suspicious monetary transactions between the Sheristadar and the permanent Shroff Nanjundaiya throws a very dark complexion upon the entire case. And yet the necessity for the closest enquiry was not recognized by the local officers.

5. The Deputy Commissioner will proceed at once to make the fullest enquiry into the subject himself, and to report the result for the orders of the Gov-

ernment. The Sheristadar and permanent Shroff should be placed under suspension pending the result of such enquiry.

6. If the introduction of the spurious bag cannot be proved, the Government would not regard it as too harsh to dispense with the services of every official who could have effected or prevented it. The principle to adopt in such cases is not that of individual criminal responsibility, but that of the ordinary responsibility of a servant entrusted with certain moneys and duties in connection with its safety. The old class of Treasury officials had a vivid sense of the latter responsibility, but the present class are fast losing it, owing doubtless to the too judicial frame of mind of their superiors.

7. In conclusion, the Government would take this opportunity to point out that they hold the Deputy Commissioner responsible for the safe and proper management of every Treasury in his District, and they rely upon him to make every Treasury embezzlement impossible by a proper exercise of his powers of control, selection of officials, &c., at any rate to make it less frequent than it is apparently becoming, by the deterrent effect of the exemplary treatment of any stray instance discovered.

ORDER.—Mr. V. N. Narasimmaiengar is appointed as Special Duty Officer, Dewan's Office, in the place of Mr. R. Vijayindra Rao deceased.

2. Mr. V. N. Narasimmaiengar's salary will be Rs. 1,000 per mensem, with travelling allowances at the rates prescribed for Deputy Commissioners.

Statistical Atlas.

3. The materials for compiling a Statistical Atlas have been partially collected. All Taluks excepting Channapatna and Kankanhalli have submitted the prescribed returns, but those for fifty Taluks have had to be returned for correction. These fifty Taluks should be required to re-submit the returns duly revised at an early date, and those for Channapatna and Kankanhalli should be obtained without further delay. The whole of the returns should be arranged Talukwar and carefully preserved. All further work connected with the Statistical Atlas may remain in abeyance till the compilation of a Taluk Manual, regarding which, orders will be separately issued. When the Statistical Atlas work comes to be resumed, a separate Atlas for each District need alone be undertaken, one for each Taluk as per existing orders being abandoned.

Irrigation Statistics.

4. The second item of work assigned to Mr. Vijayindra Rao, namely, the compilation of Irrigation Statistics, may also remain in abeyance for the present. It is found that this work cannot be done satisfactorily without the co-operation of the Revenue Survey Department, of the D. P. W., and of the Taluk and Village Officials. Orders as to how this work is to be done will be separately issued, and provision for the continuation of the required information will be made in the Taluk Manual proposed.

Periodical Statistical Returns.

5. The third item of Mr. Vijayindra Rao's work, namely, Periodical Returns of Rain-fall, Prices and other Statistics, should be transferred to the Revenue and Account Branch of the Dewan's Office, together with the establishment now employed on it. For the Rain-fall Returns, the more reliable figures registered at the Meteorological Observatories should be used, and special rules laid down and other arrangements made for securing more accurate figures from the stations at which no Meteorological Observatories exist. Upon this point, Mr. Cook will be consulted.

Land Revenue Administration Report.

6. The fourth item of Mr. Vijayindra Rao's work, namely, an Administration Report of Land Revenue for the entire State from the separate reports of Deputy Commissioners, should devolve upon Mr. Narasimmaiengar. The Report for 1892-93, now in hand, should be completed as quickly as possible.

7. The Government resolve to abolish the system of Quinquennial Administration Reports and substitute in its place Annual Administration Reports for each year. This work should be done under the supervision of Mr. Narasimmaiengar until separate arrangements can be made for it. A competent Assistant will be placed in immediate charge of it under Mr. Narasimmaiengar's orders. Separate orders will be issued for simplifying the work of preparing Annual Administration Reports.

Annual Administration Report.

8. Mr. Narasimmaiengar's most important work will be the compilation of the Revenue Manual already referred to.

9. As the result of the foregoing revision of the work of the Special Duty Officer, the establishment attached to him should be very largely reduced. After consulting Mr. Narasimmaiengar, the Government resolve that the scale from 1st July 1894 should be as follows :—

		Rs.
1	Manager on Rs. 100 rising to ... ... (by annual increments of Rs. 10, Mr. Narasimmaiengar's nominee S. Raghavendra Rao to start on Rs. 120 a month).	150
2	English Clerks on Rs. 40 and 35	75
2	Vernacular Clerks on Rs. 35 and 30	65
1	Record-keeper on Rs. 25	25
	Total ...	315

Mr. Narasimmaiengar will report at once which of the sixteen hands of Agricultural Inspectors, Clerks, and Record-keeper, now in the Special Duty Office, he will retain for the four clerkships and one Record-keeper's place sanctioned as above. On the receipt of this report, the Government will try and provide for the others elsewhere. Such of them as cannot be so provided must be discharged. Those that have permanent appointments in other offices should revert to such appointments on 1st July 1894, and report from the Special Duty Officer is required only in respect of such as remain to be otherwise provided for.

10. The scale of Menial Establishment sanctioned for the Special Duty Officer will be as follows from 1st July 1894 :—

		Rs.
1	Mutchi and Dafterbund	10
1	Dafadar	10
2	Peons on Rs 7	14
4	Peons on Rs. 6	24
1	Mashalchi	6
1	Lascar	7
	Total ...	71

In forming the above establishment, Mr. Narasimmaiengar will first absorb the establishment noted in the margin, which is now borne in the Archæological Department (*vide* Government Order, No. 2087—180, dated 4th June 1892), and which must be abolished from 1st July 1894, and afterwards absorb such of the men on the present Menial Establishment of the Special Duty Office, as he may be able. Men not thus provided for should be disposed of as laid down in para 9 above.

		Rs.
1	Dafadar ...	8
2	Peons at Rs. 7 ...	14
2	Peons at Rs. 6 ...	12
1	Mashalchi ...	6
		40

11. The remaining portion of the Census Office should be abolished from 1st July 1894, and any provision for Mr. Narasimmaiengar's salary, allowances, and establishment in the Archæological Department will cease from the same date.

CAMP No. 559-60, DATED, MYSORE, 29TH JUNE 1894.

ORDER THEREON.—In Proceedings, dated 15th June 1893, No. 20817—G. 5140, Government were pleased, on the representation of the Chief Court, to sanction the establishment of a Subordinate Judge's Court in Shimoga. The sanction, however, was not immediately given effect to, pending the receipt of information as to quantity and character of litigation in the Nagar Division, which would enable Government to judge whether the appointment of a separate Sub-Judge was required for exclusive employment in that Division. This question is still under discussion, but pending the final decision upon it, the Chief Judge recommends the immediate establishment of a Sub-Court at Shimoga tentatively for six months to dispose of the present accumul[illegible] in the Nagar Division. In compliance with this recommendation, Government are pleased to direct the formation of a Sub-Judge's Court in Shimoga from 1st August 1894.

2. The Draft Notification received from the Chief Judge will be altered by the omission of any minimum limit to the pecuniary jurisdiction of the District and Subordinate Judge of Shimoga, as such a limit is opposed to Sections 6 and 9 of the Mysore Civil Courts' Regulation.

3. The scale of Ministerial Establishment as per scale appended is sanctioned for the Subordinate Judge's Court at Shimoga.

4. The Chief Judge will be requested to prescribe the Process Establishment required and communicate the same to the Comptroller.

5. The new Court may be accommodated in the District Office buildings as proposed, but having regard to its very temporary character, no expenditure should be incurred in alterations of the building.

DECISIONS OF GOVERNMENT IN REVENUE CASES.

JUNE 1894.

READ :—

(i) Petition No. 180 of 1891-92, from Rudraiya, agent of Dhanankadevar Matt at Manangi in the Tumkur District, complaining of a large extent of the Inam lands comprised within the boundaries fixed by the grant having been treated as Khalsat.

(ii) Docket No. 4, dated 22nd April 1892, from the Superintendent of Inam Settlements, submitting the papers connected with the case, with a report thereon.

(iii) Correspondence ending with letter No. 534, dated 19th December 1892, from the Deputy Commissioner, Tumkur District.

No. 21529-30—P. F. 116-92, DATED, BANGALORE, 1ST JUNE 1894.

ORDER THEREON.—Petitioner claims that under Rule XI, Clause A, of the Inam Rules, the excess discovered in the Inam lands attached to the Dhanankadevar Matt at Manangi in the Tumkur District, should be confirmed to the Matt on the original Jodi, as the lands in question are situated within Lingamudra stones fixed at the time of the original grant.

2. The title-deed to the Inam is a Nirup by the late Maharaja, dated 9th September 1812. This Nirup, which might be regarded as equivalent to a Sannad, purports to confirm on a Jodi of thirteen Hanas a subsisting Inam of lands and tope bounded by Lingamudra stones and enjoyed by the Matt for a long time prior to the issue of the Nirup. Bakshi Rama Row's order to the Amildar, dated October 1812, and based on the above Nirup, makes mention of a tope of mango and ippe trees to be continued as per mamul to the Matt. At the time of the Inam Settlement in 1872, the Inam was confirmed to the Matt on a quit-rent of Rs. 3-12-0. The question of excess was then raised, but though an enquiry was ordered and a report obtained which was favorable to the Inamdar, the decision was left to the Survey Department. During the Survey, the lands within the Lingamudra stones were made into four Survey Nos., 58, 59, 60, and 61, measuring 106 acres 10 guntas, of which No. 59, measuring 26 acres 25 guntas, was alone confirmed, the rest including the tope being brought under the head of Khalsat and charged with full assessment.

3. Both at the enquiry of 1872 and that of the Deputy Commissioner in 1892, (*vide* Deputy Commissioner's report dated 15th July 1892. No. 155), the evidence went to prove that the Matt had long been in possession of the lands and tope, that the Lingamudra stones had not been tampered with, and that there was scarcely, if at all, any room for encroachment. In proof of this last assertion, the Deputy Commissioner submits a list of Government and Minor Inam holdings surrounding the Matt lands and the dates from which they are known from Government accounts to have been in the occupancy of raiyats. Two of these holdings, Survey Nos. 65 and 107, one lying to the south of Survey No. 61 claimed by the Matt, and the other to the west of Survey No. 58, have been occupied at least since 1831-32.

4. It may be observed that Lingamudra stones are not by themselves such marks as to raise a *prima facie* presumption as to their permanency, and that the oral evidence of elderly witnesses as to their not having been tampered with is not necessarily conclusive. In this case, however, there is other and strong internal evidence that the stones have remained intact since 1812. The language of the Nirup of 1812 and especially of the Bakshi's order following it, clearly show that the Matt at that time had some troubles with the local authorities about its right to enjoy all the lands comprised within Lingamudra stones, and the Bakshi's order directs the Amildar to let the Matt peaceably enjoy all the lands and tope sur-

rounded by Lingamudra stones. The Lingamudra stones having formed such a prominent feature in the settlement effected by the Nirup of 1812 in favor of the Matt, and the Inam being surrounded on all sides by private holdings which have long been in occupation, it is exceedingly improbable that the Matt authorities would have attempted to alter the position of the stones subsequent to 1812. It is also a point in favor of the Matt that the Survey Nos. 60 and 61 excluded from the Inam by the Survey Department, comprise the tope of ippe and mango trees, which finds express mention both in the Nirup of 1812 and the Bakshi's order following the Nirup.

5. Under these circumstances, Government are satisfied that the Matt has made out its claim to exceptional treatment under Rule XI *a* of the Inam Settlement Rule of 1872, and they are accordingly pleased to confirm to the Matt, Survey Nos. 58, 59, 60, and 61 on the Inam quit-rent of Rs. 3-12-0. The Inam Settlement will be revised, and the Deputy Commissioner will settle the Matt's Land Revenue account with Government in accordance with the above order.

Appeal No. 180 of 1892-93.

Appellants.	*Vs.*	*Respondent.*
1. Gauramma. 2. Venkatanarnappa, adopted son of No. 1, represented by Mr. S. Narayan Row, Advocate.		Marula Sidda, minor by guardian Viregauda, represented by Mr. C. Krishnamurti, Advocate.

Decision.—Respondent's grand-father Nanjegauda was the Patel of the village. The Register of 1864 shows that Nanjegauda having resigned the post, 1st Appellant's late husband Narnappa was doing duties. In the Register of Katcha Potgi Settlement in 1880, it is remarked that "Nanjegauda is dead, his sons Vira, Sidda, Sannamarula, and Marula were present, and that Vira having deposed that the office was not required either by him or his minor brothers, Narnappa has been confirmed." The deposition of Vira is not forthcoming. On a suit brought by the late father of the Respondent in 1890, the Deputy Commissioner decreed in his favor. The appeal is against this decree.

2. Appellant's contention is that the suit is barred, since her husband obtained possession of the office so long ago as 1860. The enquiry held by the Amildar shows that Respondent's father was 5 or 6 years old in 1860, when Narnappa took possession of the office, and even supposing that he was not so old as 5 years, the suit is clearly barred, as it was not brought till 1890. The Respondent's contention at the hearing was that as Narnappa was only confirmed in 1880, the cause of auction should be reckoned from that date. This contention is inadmissible, as whether Narnappa was confirmed or not, his possession was adverse to the Respondent. The suit being clearly barred, the decree of the Lower Court is reversed, and Plaintiff's suit dismissed.

Appellant.	*Vs.*	*Respondent.*
Lingamma of Honnudike, Tumkur Taluk, represented by Mr. L. Srinivasaiengar, Advocate.		Sivaramegauda, represented by Mr. Sabhapati Iyer, Advocate.

Decision.—Appellant's husband who was in possession of certain Patta lands died in about 1891, and the Amildar ordered the land to be registered in Appellant's name, but the Respondent having subsequently produced an order of the

District Judge authorizing him and the Appellant to collect the debts of the deceased in equal shares, the Deputy Commissioner ordered the registry to be made in their names jointly. The appeal is against this order.

2. The Respondent claims registry on the ground that he is the illegitimate son of the deceased, but the Appellant denies his illegitimate sonship. The lands are admittedly undivided, though each party asserts that he or she has the exclusive possession.

3. Government consider that of the two claimants, Appellant is the principal heir, and her right is undisputed. The registry should therefore be made in her name, leaving the Respondent to establish his right in a Civil Court.

2. The Appellant who had under this arrangement to pay more Jodi, paid it under protest, and requests redress.

3. Government observe that the inequality in the Jodi is the creation of an erroneous application of the Revenue Rules. It was not the intention of the Rules to revise Jodi paid by each individual, but only to apportion the Jodi paid by him on the several numbers held by him. In this case the lands being divided, the Jodi paid by the Appellant and Respondent respectively might be apportioned on the land held by each as given below. The Deputy Commissioner is requested to cause

the registers to be altered accordingly and to refund the excess Jodi collected from the Appellant, and collect the same from the Respondent :—

No. 21177—P. F. 137-93, dated 5th June 1894

Communicated to the Deputy Commissioner, Chitaldroog District.

Appeal No. 107 of 1893-94.

Appellant.	*Vs.*	*Respondent.*
Lakshmidevamma, minor by father and guardian Gopalavadhani of Bettadapur, Hunsur Taluk, represented by Mr. Subba Rao.		Venkatasubbaiya *alias* Shamanna.

Decision.—The late husband of Appellant was the Shanbhog of the Avarte and Byalakuppe Firkas, and on his death in 1891, the office was registered in the name of the Appellant, and her own nominee was appointed as her gumasta for Avarte, and the Respondent, the sister's husband of the deceased, as gumasta for Byalakuppe, on the condition of his paying half the Potgi allowance to Appellant. The Respondent appears to have done the duties of the office of both the Firkas even when the deceased was alive.

2. Appellant is opposed to the appointment of Respondent as her gumasta, as he once set up a claim to the office, and as he is inimically disposed towards her.

3. The question for consideration is merely whether it is right to force the Respondent upon the Appellant, and appoint him as her gumasta against her will.

4. In appointing the Respondent as Appellant's gumasta against her will, the Deputy Commissioner appears to have been influenced by the thought that although Respondent "could not be considered to have any claim for the Shanbhogi, yet his son would have a right to claim the appointment as *Douhitra* after the minor widow's death." In this view, the Deputy Commissioner is entirely wrong. Respondent's sons are not Douhitras of the last male holder, and cannot as such claim the office. They may come in as *Bandhus* in the absence of other collateral heirs, but that matter requires no consideration at present.

5. The Appellant is clearly the Hakdar, and, as by reason of her sex, she is incapable of doing the duties of her office herself, she has the right to appoint an officiator to do the same for her, should there be no one actually officiating; but the Government cannot allow her to exercise her right to the hak, by dismissing an actual officiator who is willing to pay half the Potgi to the Appellant and who for many years has been doing the duties of the office in a satisfactory manner, with the sole object of appointing another officiator in his stead.

6. The fact that the Respondent has been officiating, and will hereafter continue to officiate, cannot of course give him any manner of claim to the hak as against

the Appellant and her successors, nor should any conduct on his part be allowed to affect the Appellant's hak.

7. Under this view, the Government decline to disturb the existing arrangement, so long as there is no hakdar capable of personally performing the duties of the office.

8. With reference to the request of the Appellant that the office should be registered in the name of her adopted son, the Deputy Commissioner is requested to hold the necessary enquiry about the validity of the adoption, and dispose of the matter on its merits.

Letter No. 510, dated 16th April 1894, from the Deputy Commissioner, Kadur District, stating, with reference to Government Proceedings No. 10751—Pet. 1034, dated 23rd December 1893, that he permitted the repair of the Katte in Survey No. 13 at Sivaganga, Tarikere Taluk, without obtaining the sanction of Government, as, according to the accounts, there was no atchkat below it; and soliciting instructions whether the rules in Appendix F, Revenue Rules, should be applied to Gokattes, similarly situated, and not proved to be the private property of any.

No. 22524-31—PET. 2056, DATED, BANGALORE, 19TH JUNE 1894.

ORDER THEREON.—In view to prevent complaints of the kind brought to notice in connection with the Katte referred to above, the Government are desirous that all applications for permission to repair tanks or ponds should be fully investigated and reported for orders, whether or not there is any atchkat under them.

Appeal No. 31 of 1893-94.

Appellant.	*Vs.*	*Respondent.*
Subbamma of Kottur, Pavagada Taluk, Tumkur District.		Belligundu Hanmmanta Rao.

Decision.—Appellant's late husband and Respondent were cousins, each entitled to half share in the Shanbhogi right of two villages named Kottur and Timmanayakankote. In 1860, there was a partition between Appellant's husband and Respondent's father, in which they divided all their properties, and agreed to do duties of the Shanbhogi office of the two villages by rotation. But in 1867, the then Deputy Commissioner prohibited rotation, and directed that Appellant's husband Gundappa, who was then doing duties in Kottur, should continue to be the Barawarddar of that village, and Hanmmanta Rao the Respondent should be the Barawarddar of Timmanayakankote. They did duties accordingly, and Appellant's husband having died in 1890, the registry of Kottur was transferred in the name of Appellant.

The Potgi of Timmanayakankote is	.	Rs. 15	12 0
Ditto of Kottur is	. .	„ 40	8 0

Respondent brought a suit in 1892, claiming the registry of Kottur in his name, on the pleas that the hak was joint, and that therefore he was entitled to take the office in preference to the widow of the last holder. The Assistant Commissioner who heard the case, dismissed the suit as barred by the Law of Limitation, but the Deputy Commissioner on appeal regarded the Shanbhogi right as joint property, because it was so treated in the general division of property in 1860, and

held that, as one of the holders died without male issue, the other was entitled to it, and accordingly decreed in favor of the Respondent. The appeal is against this decision.

2. Government consider that the Deputy Commissioner was right in deciding that the suit was not barred by the Law of Limitation. Since the Respondent's claim was that he had a right to succeed Gundappa on his death, as surviving member of a joint family in preference to Gundappa's widow, the Appellant, the cause of action can only be said to commence on the death of Gundappa, which took place in 1890. But the Deputy Commissioner appears to have erred in supposing that the family was undivided. The partition of 1860 is admitted on both sides, and the office cannot be said to be joint, because the parties agreed to hold the office by turns. The agreement to hold the office by turns is only tantamount to an agreement to divide the emoluments of the office, and in all such cases, the family must be treated to be divided. This being so, and the Appellant's husband having held the office uninterruptedly for upwards of twenty years, the appointment of his widow in preference to Respondent was proper and cannot be set aside. The Respondent states that he and Gundappa were dividing the proceeds of the two villages in equal shares, and produced some evidence to that effect. But the Lower Courts have not recorded a finding on this point. Even supposing that the statement is true, it only goes to prove that the family was divided and not undivided. The decree of the Lower Court is therefore reversed, and the Appellant's appointment confirmed.

3. There is however one point which requires consideration. The emoluments of the two villages are very unequal, while admittedly the Appellant and Respondent are entitled to equal shares. How is this inequality to be adjusted?

4. At the hearing, the Appellant's advocate stated that his client was willing to divide the emoluments of the two villages equally between herself and Respondent. Though this might be done as a private arrangement, the Government are unable to decree for such a division, as the Potgi is indivisible under the rules. When a vacancy occurs hereafter, it will be considered, whether the Respondent can be appointed to Kottur, and the Appellant to Timmanayakankote, for such a term as would adjust the inequality in the emoluments.

PUBLIC WORKS.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Public Works),—dated 9th June 1894.

READ:—

The following note by the Chief Engineer, dated 4th April 1894, on the final issue of Budget Estimates of the Public Works Department for the year 1893-94:—

The above Budget Estimates are submitted to Government for approval and sanction. They amount to Rs. 30,51,065 as noted in the margin, or Rs. 85,910 more than the original grant, owing to increased provision of Rs. 50,000 under Provincial Fund, Rs. 25,910 under District Funds, and Rs. 10,000 under Palace Budget. Of the increase of Rs. 50,000 proposed under Provincial Fund, Rs. 28,000 are required to provide for certain new works since sanctioned and for twenty-four incomplete major works of the past official year omitted in the preliminary issue, and the balance, Rs. 22,000, to augment the grant-in-aid to Provincial Irrigation Fund. The increase under District Funds is the amount of supplemental grants already sanctioned by Government in the General Department for certain Districts; and that under Palace Budget is required to provide for additional new works since sanctioned.

	Preliminary Issue.	Final Issue.
Provincial Fund ...	24,00,000	24,50,000
District Funds ...	5,97,155	4,23,065
Provincial Irrigation Fund.	1,50,000	1,50,000
Palace Fund	18,000	28,000
Total.. ...	29,65,155	30,51,065

Difference more ... Rs. 85,910.

PROVINCIAL BUDGET.

2. The modified grant under this Budget is twenty-four and a half lakhs, of which Rs. 13,04,000 have been transferred to Provincial Irrigation Fund as grant-in-aid as usual, leaving a balance of Rs. 11,46,000 for Provincial Works proper. The re-distribution of the amount by service heads will be found in abstract pages 2 and 3.

3. The grants under "Military" as fixed in the Preliminary Budget were Rs. 40,000 for "Original Works" and Rs. 5,000 for "Repairs." It is now proposed to increase the former by Rs. 12,000, so as to provide for the construction of an additional block of Barr Lines at Mysore, for which a project of Rs. 22,440 has since been sanctioned by Government, and to enhance the allotment for the Barr Lines at Shimoga, which work is being rapidly pushed on. The construction of stalls in the new sick lines at Mysore, for which an allotment of Rs. 2,000 has been made, will be taken in hand as soon as the site therefor has been selected by the Military Secretary. The project for constructing Barr Lines at Chitaldroog (Rs. 56,262) having been sanctioned only in March 1894, the special grant of Rs. 15,000 authorized by Government for the speedy completion of the work, has not been taken into account, as the allotment of Rs. 5,000 made in Budget will probably suffice. No provision has been made in this Budget for the construction of Silahdar Lines, &c., for the Imperial Service Corps and Transport Service, which it has been finally decided to locate at Bangalore. A special grant for this work will be asked for when submitting the project, which is now under preparation.

4. Under "Original Civil Buildings," the grant has been increased from Rs. 2,89,000 to Rs. 3,00,000, the increase of Rs. 11,000 having been found necessary to provide for seventeen incomplete works of the past year omitted in the Preliminary Budgets, and for the following urgent new works sanctioned since the issue of that Budget:—(1) construction of Residence for the Dewan at Fern Hill, Ootacamund; (2) improving the Dewan's Residence at Bangalore and constructing new stables and coach house for same; (3) construction of Tiffin Rooms in the compound of H. H. the Maharaja's College at Mysore; and (4) providing Record Stands for the Dewan's Vernacular Record Office in the Public Offices, Bangalore.

5. The allotments for some of the works in progress have rather been increased or reduced, as desired by Divisional Officers, to meet the probable outlay on them.

Projects for the marginally * noted works not having yet been submitted by the Executive Engineers concerned, the large allotments provided for them have been reduced, while the grant of Rs. 10,000 for improving and adding to the old Treasury buildings at Mysore to afford accommodation for the marginally† noted Officers has been struck out, as the question of locating these Offices has not yet been finally settled.

*General Hospital, Bangalore.
Constructing out-houses to Public Offices at Mysore.
Constructing quarters for the Comptroller of Mysore.
Constructing quarters for the officials of Comptroller, Inspector General of Police and Education Secretary Offices.

†Three Assistant Commissioners.
Treasury Officer.
Deputy Commissioner.
Forest Officer.
Police Assistant Commissioner.

6. The grant of Rs. 50,000 for minor works having been exhausted and more money being required to meet demands to the end of the year, an increase of Rs. 3,000 has been provided for.

7. Under "Original Communications," the grant has been increased from Rs. 1,24,000 to Rs. 1,30,000 or by Rs 6,000. Four incomplete works of the past year have now been provided for, and the original allotments of the several works have been modified according to requirements. The allotment for the Yedatore bridge has been increased from Rs 20,000 to Rs. 30,000. More money will probably be required for this work, and the same will be given later on in the year, if possible by re-appropriation. For railing the north-east glacis along Viceroy's road, a project of Rs. 13,333 has been submitted to Government; and if this be sanctioned, funds for this work also will have to be provided by re-appropriation.

8. Under "Original Miscellaneous Public Improvements," the grant has been reduced from Rs. 73,000 to Rs. 60,000; the difference is chiefly due to provision made in the Preliminary Budget for acquiring houses to the south-west of Karikal-totti of the Palace in the Fort at Mysore having been struck out, as the accounts of the work were closed during 1892-93, and to the allotment of Rs. 15,000 provided for erecting statue of late Sir James Gordon in Mysore having been reduced to Rs. 60,000, that being the amount required to complete the work during the current official year. Three incomplete works of the past year have been provided for in this Budget by savings effected by reduction of grants for other items.

9. *Repairs.*—The grant under this head amounts to Rs. 3,87,000, or Rs. 10,000 more than that provided in Preliminary Budget, and this amount is required to meet the probable excess outlay under "Civil Buildings" and "Communications"

10. *District Fund Budgets.*—The modified grants sanctioned by Government in the General Department for works to be executed by the Public Works Department aggregate Rs. 4,23,065 against the total grant of Rs. 3,97,155 provided in the preliminary issue. The difference is chiefly due to supplemental grants since sanctioned for the Districts of Bangalore, Tumkur and Shimoga. The distribution of the grants by service heads is given in pages 8 and 9 of Budget. It is understood that the Executive Engineers of other Districts (Kolar excepted) have also submitted proposals through Deputy Commissioners, for modification of their District Fund grants, but no orders having been received about them up to date, the grants of these Districts have been allowed to stand intact.

11. *Provincial Irrigation Fund*—The total grant under this Budget including the grant-in-aid of Rs. 13,04,000 from Provincial Fund referred to in para 2, amounts to Rs. 14,54,000, or Rs 22,000 more than that sanctioned in the preliminary issue. Of this increase, Rs. 11,000 have been allotted under "Original Works," Rs. 10,000 under "Repairs," and Rs. 1,000 under Establishment. It will be seen from part 1 of this Budget that the allotments for most of the works have been modified. This was necessary to meet requirements as reported by Divisional Officers. Provision has now been made for twenty-six incomplete works of the past official year not provided for in the preliminary issue by an oversight on the part of Executive Engineers, and also for ten new works since sanctioned. The allotment for improving the Hessarghatta tank has been increased from Rs. 50,000 to one lakh

the additional amount being required for compensation to be paid for lands acquired for the enlargement of the tank, &c. Should works in connection with the Delivery Channel of this tank be sanctioned during the year, a supplemental grant will be applied for. The grant of Rs. 60,000 provided in the preliminary issue for the Alalkatte project (Mysore Division) has been reduced to Rs. 30,000, the latter amount being considered sufficient to cover the year's outlay. The project for this work now under preparation by a special establishment under the Executive Engineer, Mysore Division, will be submitted as soon as it is received. The delay in its submission is due to ill health of the Assistant Engineer deputed for the purpose.

12. The grant assigned for improving and extending the Hulhalli Channel has been increased from one lakh to one and a quarter lakh; also that for North Srirangadevar Channel from Rs. 10,000 to Rs. 20,000. The allotments provided in preliminary Budget for the restoration of some tanks, for which Executive Engineers have been unable to submit projects for want of establishment, have now been struck out; but they will be brought forward in the next year's Budget. The lump sum grant of Rs. 37,500 provided in preliminary issue for Original (Minor) Irrigation Works has been increased by Rs. 7,000 to cover sanctions already accorded by Executive Engineers to petty estimates under this head. The provision under "Repairs Irrigation" stands at Rs. 1,83,343, including Rs. 42,115 required for the annual repairs of the river channels in Mysore and Hassan Districts detailed in page 79 of Budget.

13. *Palace Budget.*—The grant under this Budget has been increased from Rs. 18,000 to Rs. 28,000, of which the major works detailed in page 55 of the Budget absorb as much as Rs. 17,500, leaving the balance of Rs. 10,500 for Original Minor Works and for the maintenance of existing buildings. All works sanctioned from this fund are undertaken only after they have received the approval of the Darbar Bakshi and the Dewan.

14. *Establishment.*—The total charges under this head aggregate Rs. 5,16,000 against Rs. 5,13,000 provided in the preliminary Budget. The excess occurs under "Direction," and is due to provision made for the increased salaries of the Chief Engineer and Assistant Chief Engineer, the former Officer having been promoted to Chief Engineer, 3rd Class (local 2nd Class), and the pay of the latter having been raised from Rs. 950 to Rs. 1,000, that being the sanctioned pay of Executive Engineer, 1st Grade, in the Imperial Service. The establishment charges work out to 16·9 per cent on the total grant of Rs. 30,51,065, or twenty per cent on the grant for works alone. The distribution of the amount to the several Budgets (Palace excepted) is as noted below.—

		Rs.
Provincial Fund ..	...17 per cent...	1,97,000
Provincial Irrigation Fund	... do	2,50,657
District Funds ...	.. 16 1 per cent	68,343

15. *General Remarks.*—A separate Hessarghatta Water-supply Division has been formed under Mr. Scaldwell, Executive Engineer, to carry out the improvements in connection with the above tank as an Irrigation and Water-supply Project.

READ:—

The following papers regarding the charges of misconduct and corruption against Mr. Govindacharlu, Executive Engineer:—

1. Report of Police enquiry, dated 8th March 1894, by Mr. Puttanna Chetti, Assistant to the Inspector General of Police.
2. Report dated 9th March 1894, by the Examiner, Public Works Accounts, specifying the charges against Mr. Govindacharlu.
3. Mr. Govindacharlu's explanation dated 19th March 1894.
4. Public Works Secretary's Memo dated 2nd April 1894, forwarding his remarks on the various charges against Mr. Govindacharlu.
5. Public Works Secretary's Memo dated 14th April 1894, regarding Mr. Govindacharlu's past official career as an Engineer.
6. Public Works Secretary's Memo dated 10th March 1894, regarding Overseer Narasimaiengar's misconduct.

No. 3011-24—575-88, DATED, BANGALORE, 19TH JUNE 1894.

ORDER THEREON.—Before proceeding to estimate the degree of blame which attaches to Mr. Govindacharlu in respect of the transactions out of which the various charges formulated against him arise, it must be remembered that Anantaramaiengar, the Executive Engineer's Office Clerk, who was so active an agent in the transactions in question, was the house-hold manager of Mr. Govindacharlu. He had followed his master in all his official transfers from District to District and lived with him under the same roof. All acts of misbehaviour on his part were intended for the distinct benefit of his master, and it is not possible to believe that the latter was unaware of them. Mr. Govindacharlu says that he had to give him many warnings "every now and then as to how he ought to conduct himself," but the fact remains that Mr. Govindacharlu in all his private affairs permitted him to assume the character of a trusted representative.

2. With these preliminary observations, the Government now proceed to a consideration of the more important charges against Mr. Govindacharlu, which for convenience may be grouped as hereunder:—

(1) The sale of his private property to Government at his own valuation.

(2) The private sale of Government property to others under suspicious circumstances.

(3) Getting his private work done, and articles for his private use supplied, by an official subordinate without paying for the same.

(4) Making false entries in his diary with a view to draw batta to which he was not entitled.

(5) Showing official favor to certain P. W. contractors and subordinates.

3. *1st Group.*—This relates to the sale of a second hand panka and cart belonging to Mr. Govindacharlu to his own office and the Chikmagalur Water Works respectively, at prices much above their value. The Chief Engineer regards Mr. Govindacharlu's statement that the cart really belonged to Anantaramaiengar as "evidently untrue," and he is of opinion that the sale of these articles to Government was against express Departmental Rule, and that even if Mr. Govindacharlu did not know the Departmental Rule, "common sense should "have told him that it would never do for officers to be allowed to sell their "private property to Government at their own valuation." The Government agree with the Chief Engineer's opinion as above.

4. *2nd Group,*—In this, the first charge relates to the sale of some 1,063 lbs of angle iron. This iron was among the articles, the sale of which by public auction had been sanctioned by the Chief Engineer; but two or three months before

such auction sale, Mr. Govindacharlu gave the iron to a local blacksmith who was making iron gates for his house at Mysore. The iron nevertheless was shown in the list of articles sold by public auction, when it was never so sold, the low price shown against it in the list being Mr. Govindacharlu's own valuation, paid by the blacksmith and afterwards re-imbursed to him by Mr. Govindacharlu's agent Anantaramaiengar. Mr. Govindacharlu while admitting the main facts as above, contends that the private sale of the iron to the local blacksmith was a *bonâ fide* act done in the interests of the Government, that at the time of such sale there was no idea of using the angle iron for the gates and that he adopted this idea at the blacksmith's subsequent suggestion. The Government agree with the Chief Engineer that Mr. Govindacharlu's explanation as above is opposed to the evidence and that really "the angle iron was sold to the blacksmith pur-"posely to be used on the gates." The exclusion of the iron from the auction sale sanctioned by the Chief Engineer was in itself highly irregular, but the attempted concealment of such exclusion was something far graver than mere technical breach of Departmental Rules, for it is evident that the iron was deliberately allowed to take a place in the auction list so as to lead to the false notion that it was sold by auction, when really long before the auction it had been given away to be used on the gates. The gain to Mr. Govindacharlu was paltry, but the transaction throws a most unfavorable light upon his character.

5. Another charge in this group relates to the private sale of a Chubb's box—also ordered to be sold by public auction-to Anantaramaiengar on the very low valuation of Rs. 1. Mr. Govindacharlu's conduct in this matter also appears to have been highly blameworthy.

6. *3rd Group.*—These charges relate to Mr. Govindacharlu's having got a shed built and gram supplied to the value of Rs. 60 by Sub-Overseer Raghavendra Rao without paying for the same. Neither the work nor the supply has been paid for. Mr. Govindacharlu's explanation is that Anantaramaiengar is to blame, if no payment has been made. But in view of Mr. Govindacharlu's other dealings with his subordinates which will be noticed further on, and the difficulty of separating his actions from those of Anantaramaiengar, Government cannot readily accept the explanation that the fault lay entirely with Anantaramaiengar.

7. *4th Group.*—Coming now to the charge of making false entries in his journal, it is clear from Dr. Fernandez' statement that on the 5th April Mr. Govindacharlu proposed to take an airing, that Dr. Fernandez advised him against it, but that when Mr. Govindacharlu persisted, Dr. Fernandez insisted as his medical attendant on going with him and that Dr. Fernandez drove with him in his own turn-out on the Santeveri road up to the 4th mile stone and thence returned home. Government see no reason to withhold credence from the circumstantial account given by Dr. Fernandez and they are satisfied that Mr. Govindacharlu's entry "5th—11 miles, water works and back" is untrue. On the 6th also, there was an evening drive with the Doctor, which is put down as "Inspection of the Bababudan Hill Road." The Doctor cannot speak from his own knowledge whether Mr. Govindacharlu had any drives after the 6th, but on the 8th he prohibited any more drives in his patient's then condition. Under such circumstances, the Government are of opinion that Mr. Govindacharlu's evening drives during convalescence have been made to do duty for roads, &c., inspections in Mr. Govindacharlu's Travelling Allowance bill for April.

8. *5th Group.*—In this, the first charge requires some detailed notice. One contractor Ranganna had a bill for works done by him. His petitions and personal requests for a speedy settlement of the same not having been heeded, he proceeded to Chikmagalur in June 1893. On his proceeding to the Executive Engineer's house, he was offered by Anantaramaiengar Mr. Govindacharlu's dog-cart and horse for Rs. 450 and also a harmonium. He however gave no definite reply and the next day he was sent for by Mr. Govindacharlu and his bill passed for Rs. 876—11—1 and the Cashier ordered to prepare a cheque for that amount. The day following this, Ranganna was sent for by Anantaramaiengar and again asked if he would take either the turn-out or the harmonium. Ranganna declined

pleading poverty. The cheque prepared by the Cashier for Rs. 876—11—1 was, when afterwards placed before the Executive Engineer for signature, reduced by him to Rs. 456—0—1. When the contractor complained of this reduction, Anantaramaiengar told him that the reduction was due to his perversity in declining to purchase either of the articles offered to him, and advised him to take a music box for Rs. 90 and bring a petition for the disallowed portion of the bill. Ranganna was then taken to Mr. Govindacharlu with the petition by Anantaramaiengar, a disallowed item of Rs. 101—6—0 was then allowed, and out of the proceeds of the cheque issued for this amount, contractor Ranganna paid Rs. 90 to Anantaramaiengar and took away the music box. Mr. Govindacharlu's explanation is that the first reduction and subsequent increase of the amount passed to the contractor were done on the merits of the claim and had no connection with his refusal or agreeing to buy the Executive Engineer's articles.

9. Other charges in this group are the purchase of a music box by contractor Kuppusami Pille for Rs. 165, of another music box by contractor Dastagiri Sab for Rs. 70 and a third music box by contractor Ramaswamaiengar for Rs. 25. All these contractors were at the time applicants for the Executive Engineer's favor in respect of disallowed items of work done by them. These items have afterwards been passed to them.

10. Again, a Sub-Overseer on Rs. 50 was persuaded to purchase a pair of iron bed-steads for Rs. 150, though he protested they were worth only Rs. 75. His disallowed batta for the four months, December 1892, January, February and April 1893, amounting to Rs. 141—4—4, was afterwards passed by the Executive Engineer.

11. And lastly, Narasimmaiengar, an Overseer on Rs. 60, was offered Mr. Govindacharlu's dog-cart and horse for Rs. 500 and when he protested that the turnout was much too costly for a man of his means, he was persuaded to purchase it by a promise to allow him to pay the purchase money by easy instalments. This was in June. Shortly before Mr. Govindacharlu's departure for Bangalore on the 19th July, he sent for the Overseer and received Rs. 200 in part payment of the purchase-money. On 17th July, Mr. Govindacharlu ordered the half-yearly Recommendation Roll to be prepared and recommended the Overseer for promotion as Apprentice Engineer. It is important to note here—

(1) that on the 10th November, the Executive Engineer disallowed the Overseer's batta and remarked that he was "hopelessly lazy" and that he intended to reduce him to a Sub-Overseer's place;

(2) that on an explanation furnished by the Overseer, he passed further unfavorable remarks on 11th January 1893; and

(3) that on a further representation by the Overseer, Mr. Govindacharlu, on 2nd June 1893, saw no reason to re-consider the matter. The purchase of the dog-cart between the last mentioned date and the 17th July, the change in Mr. Govindacharlu's mind between the same two dates as to the claims of the Overseer for promotion and his anticipating the usual time for the submission of the half-yearly Recommendation Roll are striking coincidences.

12. Regarding every one of the cases in this group, Mr. Govindacharlu's explanation is that his official act was in no way influenced by the fact of private purchase. If there was only a solitary instance, there would perhaps be no reason for refusing to accept such an explanation, but the cumulative effect of the evidence in so many and varied cases is such that Government are unable to accept in respect of these charges the hypothesis of accidental coincidences, and are compelled to come to the conclusion that Mr. Govindacharlu favored, at the expense of Government, contractors and subordinates who purchased at his own valuation certain articles of luxury, for which in most cases the purchasers had no use whatever.

13. The sale of the dog-cart and horse to Overseer Narasimmaiengar already referred to requires further notice, with reference to Mr. Govindacharlu's further monetary transactions with the Overseer, ending in the misappropriation of public

money by the latter. It will be seen from the facts stated in para 11 that on the 17th July 1893, the Overseer owed Mr. Govindacharlu a balance of Rs. 300 to be paid by easy instalments. On 23rd July, Mr. Govindacharlu wrote from Bangalore to the Overseer and asked him to pay Rs. 450 to the Office Cashier. He said in his letter—"as I have to refund my pay and draw it again on 1st August next, "please pay at once and write to me of your having done so." The Overseer raised a temporary loan and paid Rs. 450 to the Cashier, expecting naturally enough to be placed in a position to repay the loan when Mr. Govindacharlu drew his pay on 1st August. On 2nd August, however, Mr. Govindacharlu forwarded Rs. 125 to the Overseer and wrote—"your account is cleared. I send Rs. 125 "with Mr. T. Seshaiengar. You will be relieved soon. Go to Chitaldroog sharp."

* (Rs. 300+25 for harness.)

It may be observed that under the circumstances the setting off of the *balance of the dog-cart money which was to be paid by easy instalments against the loan was an act of questionable honesty, and the exhortation to the Overseer to proceed forthwith to Chitaldroog (a District to which Mr. Govindacharlu stood transferred and to which the unfortunate Overseer also had afterwards been transferred) was no doubt intended to prevent unpleasant questions from the Overseer on the subject. The Overseer when pressed by his creditor misused the Government imprest money entrusted to him by issuing a cheque for Rs. 252 in favor of his creditor. The Government cannot of course overlook the serious crime of misappropriation of public money by the Overseer, but they cannot at the same time forget that it was Mr. Govindacharlu's most unconscionable treatment of this helpless subordinate that drove him to commit the crime.

14. Government have finally to consider the past history of Mr. Govindacharlu's services before determining the nature of the punishment to be awarded to him. On 20th July 1884, Col. LeMessurier made a special report against him as follows:—

"I have no hesitation in saying that he has mistaken his profession and is "useless as an Engineer in any branch of the D. P. W."

On 20th April 1885, Mr. McLaughlin reported as follows:—

"During the whole time Mr. Govindacharlu worked under me, about two "years, his conduct was most troublesome and unsatisfactory. I was very glad "to get rid of him. He was much given to bluster and vapouring. He often "did the most stupid things and neglected most emergent work."

On 17th March 1885, Major Kensington reported that he was far from straightforward, that he did bad and careless work, had a perfect disregard for orders and that he should be given a bonus and be allowed to seek employment elsewhere. On this report, the Dewan (*vide* Dewan's Memo dated 24th March 1885), while deciding to give Mr. Govindacharlu another chance, remarked—

"He must however be made distinctly to understand that the reports "against him are such as will justify his immediate dismissal from the service, "that the Government will however now give him another chance of showing "that he has in him the making of a conscientious, hard-working and useful En-"gineer, and that if, after a further trial of six months or so, he be found still "wanting, it will then be necessary to remove him from the service."

In 1887, it was found that Mr. Govindacharlu allowed, for excavation on a certain section of the Rampur Channels, the high rates for rock-blasting where there were no rocks to be blasted, and this led to the loss of a large sum of money, and the order of Government on this case was communicated by Col. Bowen on 11th March 1888, as follows:—

"Under the circumstances and taking into account the record of previous "negligence on the part of Mr. Govindacharlu, the advisability of severing his "connection finally with the D. P. W. had to be considered, and it was only be-"cause, he has, apart from the direct question at issue, worked very satisfactorily "under your (Mr. McLaughlin's) orders on getting up the Rampar project, as "well as in the Kunigal Sub-Division prior to his transfer to the Channel Divi-

" sion, that Government has consented to give him a further chance of retrieving " his character as an Engineer."

In the Promotion Roll for 1887, Col. Bowen makes the following remarks opposite Mr. Govindacharlu's name :—

" This Officer, who has nine years' service, lost ground when employed in the " Railway. His conduct and efficiency as an Engineer were severely animadverted " on by Col. LeMessurier. Last year too, his carelessness was made the subject " of most severe censure and he was warned that his further retention in the " Department would depend on future efficiency. Since then, he has worked " very hard and very effectively. The late Mr. Bayley saw reason to reverse his " previous bad opinion of him and I have had excellent accounts of some of his " work from Mr. McLaughlin. He has been superseded by his juniors and nine " years is a very long period in the low grades, so I now advocate his advance- " ment to the first grade. This will encourage him to persevere in his efforts to " redeem the past. He is an able Assistant, but haste and want of thought made " him appear superficial and flighty."

The Dewan while agreeing to the promotion recommended, made the following remarks :—

" Approved also, but you may send him a D. O. saying that I have had some " difficulty in my mind before agreeing to it, so soon after the Rampur Channel " blunder, and that I hope that he would justify his promotion by good work cal- " culated to retrieve the past."

15. It may be admitted that since 1887, Mr. Govindacharlu did make an effort to prove himself a useful Engineer and succeeded in working his way up to the high position of an Executive Engineer. But in this independent position, the inherent defects in his character have come out more prominently than ever, and in the face of the very glaring misconduct, of which he has now been found guilty on the various charges above considered in detail, the Government have no alternative but to resolve to remove him from the service, and they accordingly direct that he be dismissed from the Mysore Public Works Department with effect from the date of his suspension.

16. As Anantaramaiengar, the Executive Engineer's Office Clerk, is equally culpable with Mr. Govindacharlu, as already explained, he must also be dismissed from the Public Service.

17. In regard to Overseer Narasimmaiengar's grave crime of misappropriating public moneys entrusted to him, the Government will abstain from directing his prosecution before a Criminal Court, in consideration of the circumstances which drove him to commit the crime, but they cannot retain in the Public Service a man of his proved bad character and he too must be dismissed with effect from the date of his suspension.

CIRCULAR MEMORANDUM.

In Government Proceedings No. 1769, dated 1st April 1892, it was ordered that all voluntary contributions offered by raiyats towards Irrigation works costing less than Rs. 25,000 each, should be paid down before commencement of work. This order was intended to apply to cases in which lump-sum contributions had been voluntarily promised. But *acreage* contributions voluntarily promised towards such works, will be recovered in the same way as acreage contributions levied on works above that limit (*vide* Government Proceedings No. 1382-90, dated 1st October 1888), *viz.*, after completion of work. A formal mutchalika from the raiyats agreeing to this arrangement should accompany estimates submitted to this office.

Secretary to the Government of Mysore, P. W. D.

To—All Deputy Commissioners.
The Executive Engineers.
The Examiner, P. W. Accounts.

8. *Part II.*—This portion of the Budget is submitted as received from the Sanitary Engineer, as the execution of the works therein entered rests with Revenue Department, and the cost met from Municipal Funds.

9. *Part III.*—There is only one work under this Part, *viz.*, Chikmagalur Water-supply, and it calls for no remark.

GENERAL REMARKS.

10. The modified Budget submitted by the Sanitary Engineer amounts to Rs. 3,54,762; but as it is manifestly impossible for him to work out this large amount during this year, projects for several of the works not being yet ready, it has been cut down to Rs. 2,56,000, as modified in this office. His original Budget is however forwarded for the information of Government.

No. 2835-60—500-25, DATED, BANGALORE, 9TH JUNE 1894.

ORDER THEREON.—The Final Budget Estimate for Sanitary Works as now revised is sanctioned.

2. The proposal to debit to the Sanitary Budget ten per cent of the cost of establishment on account of Direction and Accounts, is approved.
